APPROVAL OF THE OPEN ACCESS POLICY FOR  
FACULTY SCHOLARSHIP: RESEARCH ARTICLES

Summary

This matter seeks approval of the “Open Access Policy for Faculty Scholarship: Research Articles” which was prepared in compliance with Public Act 098-0295, otherwise known as the Open Access to Research Articles Act by which the Illinois General Assembly intends that “to maximize the social and economic benefits of research to the public, the published research articles produced by faculty at public universities should be made as widely available as possible. . . .” Upon approval the Act requires the policy of each of the state’s public universities to be submitted to the Illinois General Assembly by January 1, 2015.

Rationale for Adoption

In compliance with the aforementioned Act, an SIU Task Force on Open Access to Research Articles was established to prepare an “Open Access Policy for Faculty Scholarship.” The Task Force approached its charge by seeking to blend: (1) the overarching public good of free access to research articles generated by faculty at state universities; (2) with the academic freedom of faculty authors and their rights to publish where they wish; (3) and the rights of publishers of scholarly journals to receive fair remuneration for their enhancements to and publication and distribution research articles.

The SIU Task Force members agree to support the concept of open access to research articles produced by faculty members while employed by SIU, whenever possible. Task Force members encourage faculty to seek favorable licensing terms from their publisher and assert their right to place their research articles in the appropriate SIU institutional repository.

Considerations Against Adoption

Comments to the policy were made by representatives of the Association of American Publishers and Elsevier who participated in several of the Task Force meetings by phone and who offered suggested revisions to some sections. The Task Force gave consideration to those recommendations and acted on several. The policy was subsequently presented and explained to the Faculty Senates of both SIUC (including SOM) and SIUE.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in a regular meeting assembled, That:

(1) The Open Access Policy for Faculty Scholarship: Research Articles as attached be and is hereby approved for transmittal by the President to the Illinois General Assembly as required by the Act.

(2) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

## I. Policy

### Southern Illinois University Open Access Policy for Faculty Scholarship: Research Articles

The faculty<sup>1</sup> of Southern Illinois University (SIU) is committed to sharing the intellectual benefits of its research and scholarship as widely as possible, while diminishing barriers to its access. As a public university, SIU is dedicated to serving the citizens of the state of Illinois and supporting the public good. In recognition of that commitment and responsibility, the faculty are expected to comply with the following:

- Prior to any contractual arrangement with a publisher, each faculty member grants permission to SIU to make accepted, peer-reviewed journal manuscripts, of which he or she is the author or co-author, publicly available in the appropriate SIU institutional repository. In legal terms, the permission granted by each faculty member is a nonexclusive, irrevocable, royalty-free, worldwide license to exercise any and all rights under copyright relating to each of his or her scholarly articles, in any medium, and to authorize others to do the same, provided that the articles are not sold for a profit. In granting such permission, the SIU faculty author remains the copyright owner.
- The policy applies to all scholarly peer-reviewed articles authored or co-authored while the person is a member of the faculty, except for articles published before the adoption of this policy and any articles for which the faculty member enters into an incompatible licensing or assignment agreement.

Upon submission of a designated form by the faculty member, SIU will waive the license for a particular article or delay access to the article for a specified period of time. It is the responsibility of faculty who have not claimed a waiver to provide an electronic version of the author's post-peer-reviewed final article to the appropriate university institutional repository within 30 days of publication. The author is encouraged to provide a link to additional data and other materials related to the research but not included in the published article. SIU will not charge fees for depositing an article in the institutional repository.

## II. Implementation plan

### Distribution of Policy

The approved policy will be posted on each campus' website. An announcement about the policy will be made and distributed by the provost on each campus. Open

---

<sup>1</sup> Although Public Act 093-0295 identifies only faculty, all university staff and students are encouraged to contribute research articles to the institutional repository.

information sessions on the policy will be held at least annually to inform the faculty about the content, intent, and procedures of the policy.

### Acceptance of the Policy

A faculty member complies with the terms of the policy in one of two ways: accepting the language below via a click-through agreement at the time of submission of an article into the institutional repository, or signing a one-time authorization form with the same language. The language will read:

*As a faculty member of SIU, this confirms my grant to SIU of a non-exclusive license with respect to my scholarly articles as set forth in the open access policy adopted by the University, found at [link].*

Note that the one-time authorization will not preclude a faculty member from claiming a waiver for any or all of his/her articles.

### Waivers

An online form for waivers will be made available by each campus upon approval of the policy.

### Infrastructure and Management

The institutional repositories of the campuses will store, preserve, and make available the articles covered by this policy. SIUC's repository has been in operation since 2008 and is found at <http://opensiuc.lib.siu.edu/>; SIUE's repository has been in operation since 2014 and is found at <http://spark.siu.edu> . Thus, the necessary technological infrastructure has already been established on the two campuses. The SIU School of Medicine will share the SIUC repository.

Upon approval of the policy, each campus will require a repository coordinator(s). The SIU School of Medicine will designate a repository liaison.

The repository coordinators will create the infrastructure necessary for inclusion of articles for each department, center, or other organizational unit. Coordinators oversee the operation of their repositories.

Submission of articles may be made by faculty authors or a department designate. The designate may be a faculty member, staff member, or student.

### Training Sessions

Open training sessions will be offered for faculty and designates on the submission process, as early as possible after the effective date of the policy. Personal training sessions for designates or faculty will be available by appointment.

### Other Guidance

Each campus will create a website with these elements:

- Full text of the policy
- Authorizing legislation
- FAQ
- Instructions on compliance
- Recommended author addendum form
- Written authorization form
- Waiver form
- Contact information

### Publisher Notification

A letter describing the policy will be distributed to publishers with which the Libraries have a journal contract.

### Implementation Oversight

Implementation and communication of this policy will be the responsibility of the provost in consultation with the library dean and repository coordinator.

The Office of the President will be responsible for interpreting the policy, resolving disputes concerning its interpretation and application, and incorporating into the policy any needed revisions. A system-wide committee/task force shall be convened as needed to review and recommend revisions to the policy.

## III. Other Considerations

### Costs

The Task Force investigated the cost of maintaining a repository. Options for commercial and locally operated open source products were analyzed. There is little difference between the total costs of these two options; commercial repository services carry a subscription fee, while open source products require more investment in personnel to support their operation. Due to staffing issues and the fact that both campuses already have in place repositories via a commercial provider, the Task Force recommends maintaining the repositories via the commercial provider.

The costs for start-up and maintaining this service include the following:

*Subscription:* Approximately \$30,000-\$40,000 per year per campus, increasing at 5% per year

*Staffing:* One full-time coordinator at approximately \$50,000 per campus

*Preservation/Curation, Quality LOCKSS System:* \$4,000 start-up costs; will incur ongoing costs

*Equipment:* Will incur ongoing costs

### Potential for Collaboration Among Illinois Public Universities

The Task Force investigated the potential for collaboration in the use and maintenance of repositories, determining that three possibilities exist: a single, shared repository; multiple repositories but with shared management and technical support; or multiple repositories with the content aggregated via a distinct interface.

A shared repository between multiple (or indeed all) Illinois higher education institutions faces the following issues: multiple platforms are in use for existing repositories; there is no existing infrastructure for such a service; it would require significant startup costs and time; there are variable levels of readiness among the institutions; institutions may be faced with potentially inferior service due to reduced control and responsiveness; and there would be less institutional branding. However, a shared repository offers these advantages: increased potential use of open source software; the elimination of duplicated technical support; and a single platform/interface for content across institutions.

A shared repository would require a platform change for SIUC and SIUE, because the current commercial provider does not support this type of multisite service. Such a change is undesirable because (1) permanence of location and document URLs have been an essential component of the repository and (2) the set-up of a shared repository would take time and require considerable effort to migrate existing content. Further, the cost and availability of local technical support required for an open source platform, which would be necessary for an SIU-wide (or statewide) repository, is problematic. In addition, a local repository maximizes essential traits for a successful service: responsiveness, branding, flexibility, and control of design and content. Therefore the Task Force does not recommend the pursuit of a shared repository, either at the state level or within the SIU system, at this time.

While we do not recommend a single statewide repository, at this time, we would be willing to consider the possibility of a statewide open access policy.

### Fiscal Feasibility, Benefits, and Drawbacks to Researchers of Institutional Support for Gold Open Access Fees (Where Publication Fees are Covered by the Author)

Gold open access carries with it the cost associated with compensating publishers for providing peer review, editing, and manuscript preparation and sometimes hosting the content. Fees are charged for this service and are generally born by the institution, the granting agency sponsoring the research, and/or the author. It is generally not

economically feasible for an institution to assume fiscal responsibility for all published research articles through Gold open access licensing. A variety of publishing and licensing conventions, such as those stated above and the use of Creative Commons, shareware, etc., are recommended to achieve the greatest good.

Benefits to researchers are numerous, where there is institutional support for Gold open access fees and publication fees are covered by the author. For example, research indicates that open access increases visibility, readership, citation, and impact of an author's work. It creates new paths for discovery, nurtures interdisciplinary research, and accelerates the pace of research.

#### Differences Between and Among Disciplinary Fields

The Task Force recognizes that differences exist among disciplines such that faculty in some disciplines may publish less in scholarly journals and conference proceedings and more in other outlets such as books and monographs. Faculty who might publish less in scholarly journals and conference proceedings are encouraged to publish in outlets subject to open access policies as appropriate to the faculty member and the discipline.

#### Determination of Which Researchers and Research Should Be Covered by an Open Access Policy

Although the law currently applies to faculty scholarly journal articles, the Task Force recommends that this policy be expanded over time to include scholarly research and creative activity in all forms produced by university personnel and students.

APPROVAL OF PURCHASE:  
ATHLETIC CHARTER BUS TRANSPORTATION,  
CARBONDALE CAMPUS, SIUC

Summary

This matter seeks approval to provide charter bus transportation for Intercollegiate athletic competitions away from the Southern Illinois University Carbondale campus. The contract for service is based on the maximum value of \$975,000 or the contract term ending June 30, 2017, whichever expires first.

Charter bus transportation is an economic and safe method to transport large athletic squads to most competitions.

In accordance with the Illinois Procurement Code and the Southern Illinois University Board of Trustees policies, a Request for Proposal (RFP) was issued. Seven invitations were issued, and one submission was received. A committee consisting of 6 individuals representing the University reviewed and scored the proposals. The award recommendation was made based on the review of the specific criteria included in the RFP.

This matter seeks to award the contract to Custom Tours & Travel, Incorporated, Herrin, Illinois. This contract is based on the maximum value of \$975,000 or for the contract term ending June 30, 2017, whichever expires first.

This matter is recommended for adoption by the Chancellor, SIUC.

Considerations Against Adoption

University officials are aware of none.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The contract for athletic charter bus transportation is hereby awarded to Custom Tours & Travel, Incorporated, Herrin, Illinois, in the amount of \$975,000 or for the contact term ending June 30, 2017, whichever expires first.

(2) Funding for this service will come from the Athletic Fund account, an unrestricted, non-appropriated current funds account within the regular Intercollegiate Athletics Budget.

APPROVAL OF PURCHASE:  
ELECTRICAL SUPPLIES,  
CARBONDALE CAMPUS, SIUC

Summary

This matter seeks approval for the purchase of electrical supplies. The purchase order for the electrical supplies is based on the maximum value of \$8,000,000 or the contract term ending December 31, 2018, whichever expires first.

Rationale for Adoption

This purchase will provide a vendor for an inventory of electrical supplies to be used for the infrastructure improvements scheduled over the next three years. To complete these projects, a responsive, quality supplier will be required. This inventory will be consumed by in-house construction, maintenance, and repairs of electrical systems on the Carbondale Campus. The purchase will provide savings to the University due to a volume discount. The vendor selection was based on pricing submitted for a generic core list of electrical supplies used for typical campus projects. The contract amount of \$8,000,000 is requested to permit the University to procure the equipment and supplies necessary to complete the \$30,000,000 of infrastructure improvements approved by the Board and funded through the proceeds of the Certificates of Participation.

In accordance with the Illinois Procurement Code and the SIU Board of Trustees Policies, a request for quotation (RFQ) was issued. The award recommendation is based on the lowest bidder meeting specifications.

The purchase will be funded by the Physical Plant Service Account. Recovery of the cost will be billed to the requesting University departments when the items are issued from inventory.

This matter is recommended for adoption by the Chancellor and the Vice Chancellor for Administration and Finance, SIUC.

Considerations Against Adoption

University officers are aware of none.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The purchase order for electrical supplies, Carbondale Campus, SIUC, be and is hereby awarded to the Springfield Electric Supply Company, Carbondale, IL, in the amount of \$8,000,000 or the contract term ending December 31, 2018, whichever expires first.

(2) The Board of Trustees hereby authorizes the purchase of goods and services associated with this award.

(3) The purchase will be funded by the Physical Plant Service Account. Recovery of the cost will be billed to the requesting University departments when the items are issued from inventory.

(4) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

LAB RENOVATION, SIUE

Summary

This matter seeks project and budget approval to remodel the Student Lab in the Dental Clinic Building on the Alton campus. The estimated cost of the project is \$600,000 and will be funded from the Dental Clinic Operations Fund and the Dental Equipment Fee.

Rationale for Adoption

This project will renovate the existing student lab located in the main Dental Clinic. The renovation includes replacement of the existing dental casework including provisions for ADA compliance, replacement of the flooring, replacement of the ceiling pads, replacement of the general illumination lighting, and new electrical, natural gas and compressed air for each lab station. The estimated cost of the project is \$600,000 and will be funded from the Dental Clinic Operations Fund and the Dental Equipment Fee.

A Qualifications Based Selection (QBS) process was used to select Bric Partnership, Belleville, Illinois, as the engineering consultant for the design of the project. The Chancellor, the Provost and Vice Chancellor for Academic Affairs, and the Vice Chancellor for Administration, SIUE, have recommended this matter to the President.

Considerations Against Adoption

The work included in this project will cause a temporary inconvenience to students working in the Summer 2015 term. Students will be re-directed to the lab in the new Multi-Disciplinary Lab.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The capital improvement project, School of Dental Medicine Student Lab Renovation, SIUE, be and is hereby approved at an estimated cost of \$600,000.

PROJECT AND BUDGET APPROVAL:  
BOOKSTORE RENOVATIONS, STUDENT CENTER,  
CARBONDALE CAMPUS, SIUC

Summary

This matter seeks project and budget approval for the renovations of the University Bookstore at the Student Center. The total project budget is estimated at \$675,000.

Rationale for Adoption

In January 2013, the University issued a Request for Proposal (RFP) from qualified vendors to operate its University Bookstore located in the Student Center under a concession fee contractual agreement. This contract was awarded to Follett Higher Education Group, Inc. As part of this agreement, Follett has requested authorization to renovate the Bookstore area and shall bear the expense for such renovations minus the University's portion. This project is estimated to be \$675,000 with Follett's portion projected to be \$575,000 and the University's portion at \$100,000. The renovations address finish upgrades, ceiling replacement, lighting and display fixtures and egress issues. The University Administration shall approve the plans and specifications and provide project over-site during construction. In addition, the Administration shall approve any contract(s) issued by Follett that are necessary to accomplish the renovation.

Funding for the University's portion of this project will come from the Student Center Repair and Replacement Reserve. This matter is recommended for adoption by the Chancellor and the Vice Chancellor for Administration and Finance, SIUC.

Considerations Against Adoption

The renovation work will temporarily close sections of the Bookstore which may pose an inconvenience to patrons of the Student Center.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) Project and budget approval for the renovations of the University Bookstore at the Student Center, Carbondale Campus, SIUC, at an estimated cost of \$675,000, be and is hereby approved.

(2) The Board of Trustees hereby authorizes the University's commitment up to \$100,000 for the Bookstore renovation.

(3) The Board of Trustees hereby authorizes the purchase of goods and services associated with this award.

(4) Funding for this project will come from the Student Center Repair and Replacement Reserve.

(5) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

PROJECT AND BUDGET APPROVAL:  
SERVING SQUARE IMPROVEMENTS, LENTZ HALL,  
CARBONDALE CAMPUS, SIUC

Summary

This matter seeks project and budget approval for serving square improvements at Lentz Hall. Total project budget is estimated at \$1,600,000.

Rationale for Adoption

The Lentz Hall Resident Dining Services operates as the primary food service for the 1,256 students at Thompson Point. This project will renovate the serving square area of Lentz Hall where approximately 2,600 meals are served daily. New equipment, finishes, and furniture, along with a new layout, will better serve Thompson Point residents. The last major renovation to this dining area was completed over 20 years ago.

Design will be completed with in-house resources in consultation with the Student Housing Advisory Board and University Housing Administration. Construction is slated for the summer of 2015. Funding for this project will come from the University Housing Repair and Replacement Reserve.

This matter is recommended for adoption by the Chancellor and the Vice Chancellor for Administration and Finance, SIUC.

Considerations Against Adoption

Physical renovations to the dining area will begin May 18, 2015, and must be completed by August 1, 2015. The short time allotted for this project may create challenges in completing the project before the services are required.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) Project and budget approval for the serving square improvements, at an estimated cost of \$1,600,000, for Lentz Hall, Carbondale Campus, SIUC, be and is hereby approved.

(2) The Board of Trustees hereby authorizes the purchase of goods and services associated with this award.

(3) Funding for this project will come from the University Housing Repair and Replacement Reserve.

PROJECT AND BUDGET APPROVAL:  
CAMPUS EXTERIOR LIGHTING AND INFRASTRUCTURE UPGRADES,  
CARBONDALE CAMPUS, SIUC

Summary

This matter seeks project and budget approval for campus exterior lighting and infrastructure upgrades. The estimated cost for this project is \$2,000,000.

Rationale for Adoption

This project will replace low efficiency high sodium lighting with approximately 400 new LED fixtures along the walkways across the central campus. The installation of LED lighting continues the University's quest to be a leader in green environmental practices. Improving exterior lighting will help deter criminal activity and provide a safer campus.

The project would include the replacement of certain sections of the electrical infrastructure that supply electricity to the new fixtures. In some of these sections, the wiring is in excess of 40 years old and experiencing ground failures resulting in the increased potential for electrical shock incidents. The design and the construction will be completed through in-house resources.

The estimated cost of this project is \$2,000,000. The work will be funded by \$1,500,000 in State appropriations and by \$500,000 from the Facilities Maintenance Fee.

The Chancellor, SIUC, and the Vice Chancellor for Administration and Finance recommended this item to the President.

Considerations Against Adoption

This project will require phased work along the walkways across campus which may create a potential for pedestrian inconvenience.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) Project and budget approval for campus exterior lighting and infrastructure upgrades, Carbondale Campus, SIUC, at an estimated cost of \$2,000,000, be and is hereby approved.

(2) The Board of Trustees hereby authorizes the purchase of goods and services required to complete this project.

(3) Funding for this work will come from State appropriations and the Facilities Maintenance Fee.

PROJECT AND BUDGET APPROVAL:  
PARKING LOT RENOVATIONS,  
CARBONDALE CAMPUS, SIUC

Summary

This matter seeks project and budget approval for renovations to parking Lot 11 and Lot 13 located east of the Student Center. The estimated cost for this project is \$1,500,000.

Rationale for Adoption

With the completion of the Student Services Building, the demand for parking for students, faculty, staff and visitors in the central part of campus has been elevated. This project will enlarge Lot 11 and renovate Lot 13; both lots are located east of the Student Center. Lot 11 will increase capacity by an estimated 154 spaces and Lot 13 will be redesigned for safer pedestrian travel and traffic flow and resurfaced.

The project would also include the redesign of the walkways, replacement of light fixtures, installation of security cameras, and the creation of a green space along Lincoln Drive. The design will be completed through in-house resources and the construction will be bid in accordance with the Illinois Procurement Code and the SIU Board of Trustees Policies.

The estimated cost of this project is \$1,500,000. The work will be funded by the Parking Division and Parking Facilities Replacement and Reserve Fund.

The Chancellor, SIUC, and the Vice Chancellor for Administration and Finance recommended this item to the President.

Constituency Involvement

SIUC Traffic and Parking Committee supports the proposed project. The committee, which has constituency representation, consists of members from the Administrative Professional Staff Council, Civil Service Employees Council, Faculty Senate, Graduate Council, Graduate/Professional Student Council, Undergraduate Student Government, Student Center Board, Provost and Vice Chancellor for Academic Affairs, Traffic and Parking Appeals Board and Department of Public Safety.

Considerations Against Adoption

This project will require phased work calling for temporary closures of the parking lots which may create a potential for inconvenience.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) Project and budget approval for renovations to parking Lot 11 and parking Lot 13, Carbondale Campus, SIUC, at an estimated cost of \$1,500,000, be and is hereby approved.

(2) The Board of Trustees hereby authorizes the purchase of goods and services required to complete this project.

(3) Funding for this work will come from the Parking Division and Parking Facilities Replacement and Reserve Fund.

Summary

This matter seeks to award the contract for the elevator replacement and renovations at Life Sciences II on the Carbondale campus. Bids for construction were received and the award of the contract for a total of \$546,548.00 is requested.

Rationale for Adoption

At the October 29, 2014, Board of Trustees meeting, project and budget approval was received for the replacement of the elevators and renovations at Life Sciences II at an estimated cost of \$600,000. The passenger elevators in Life Sciences II are original to the structure. This project will include the replacement of the existing equipment in two elevators to meet the requirements of the Illinois Elevator Code. The existing hoist ways, machine room and the associated electrical and ventilation work will be renovated. Construction is slated for the spring of 2015. Funding for this project will come from the Facilities Maintenance Fee.

This matter is recommended for adoption by the Chancellor and the Vice Chancellor for Administration and Finance, SIUC.

Considerations Against Adoption

This project may cause a transitory disruption to the teaching and research being conducted at Life Sciences II.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The contract for the replacement of the existing equipment in two elevators and the associated renovations at Life Sciences II, Carbondale Campus, SIUC, be and is hereby awarded to J & L Robinson Development and Construction Company, Inc., Carbondale, IL, in the amount of \$546,548.00.

## PLANNING APPROVAL: FOUNDERS HALL AND ALUMNI HALL RENOVATION, SIUE

### Summary

This matter seeks approval to develop plans and cost estimates to renovate Founders Hall and Alumni Hall as part of the 21<sup>st</sup> Century Buildings project. The cost of the work will be finalized once a comprehensive cost estimate is determined and will be funded from the Facilities Fee. Final project and budget approval and award of contracts will require further Board consideration.

### Rationale for Adoption

The core campus buildings on the Edwardsville campus were constructed in the 1960s and 1970s. While the buildings have been adequately maintained, the primary electrical, plumbing, window, and mechanical systems are original and the buildings were not designed to current life safety, energy, and seismic codes. Plans will look at designs and costs for a major renovation of the buildings' systems. The design and renovation will be funded from the Facilities Fee and is consistent with the Facilities Fee plan.

A Qualifications Based Selection (QBS) process will be conducted to select an architectural firm for this project. The architectural firm will help determine the extent of the work and the estimated cost of the work. Final project and budget approval and award of contracts will require further Board action. The Chancellor and the Vice Chancellor for Administration, SIUE, have recommended this matter to the President.

### Considerations Against Adoption

Offices and classrooms will be temporarily located in other facilities on campus during the renovation work and will cause a short-term inconvenience to employees and students.

### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) Development of plans and cost estimates for Founders Hall and Alumni Hall Renovation, SIUE, be and is hereby approved.

(2) The President of Southern Illinois University be and is hereby authorized to take all action required in the execution of this resolution in accordance with established policies and procedures.

AUTHORIZATION FOR THE SALE OF BONDS:  
“MEDICAL FACILITIES SYSTEM REVENUE BONDS SERIES 2015A”  
TO REFUND THE BOARD’S OUTSTANDING MEDICAL FACILITIES SYSTEM  
REVENUE BONDS, SERIES 2005

Summary

This matter requests Board authorization to issue refunding revenue bonds; authorize the distribution and execution of required documents as needed; name related parties who will participate in the sale; and authorize the Board Treasurer and authorized officers to take actions necessary to complete the proposed bond sale.

Rationale for Adoption

A preliminary review indicates that it may be desirable to refund all or a portion of the Board’s \$14,455,000 outstanding Medical Facilities System Revenue Bonds, Series 2005, by authorizing the issuance of additional new Medical Facilities System Revenue Bonds. Based on market conditions as of November 24, 2014, present value savings of approximately \$1.4 million, or 10.5% of the anticipated refunded bond principal, are anticipated from refinancing the Medical Facilities System Revenue Bonds Series 2005. These savings are planned to be made available for debt service reduction. The Board Treasurer will assess market conditions at the time of sale and will adjust the refunding accordingly.

Funding for the refunding will come from local funds and the sale of Medical Facilities System Revenue Bonds, Series 2015A (the “Bonds”), in the estimated sum not to exceed \$15,000,000; such sum to include allowable amounts for the cost of the sale. Funds to repay the Bonds will come from clinic revenues. The Bonds will be additionally secured by a pledge of all University Tuition that is secondary to the tuition pledge to the revenue bonds of the Housing and Auxiliary Facilities System.

The Board Treasurer has recommended this matter to the President.

Considerations Against Adoption

University officers are aware of none.

(1) It is hereby determined to be desirable that the Board of Trustees of Southern Illinois University (the "Board") authorize the issuance of its Southern Illinois University Medical Facilities System Revenue Bonds, Series 2015A (the "Bonds"), in order to provide funds to refund all or a portion of the Board's outstanding Medical Facilities System Revenue Bonds, Series 2005, and pay the cost of issuance of the Bonds. Such bonds shall only be refunded if the present value savings attributable to such refunding is at least three percent of the principal amount of the callable bonds refunded.

(2) Pursuant to the University's existing contract, the firm of Chapman and Cutler LLP, Chicago, Illinois, be and is hereby retained to act as Bond Counsel and, if necessary, Disclosure Counsel, with respect to the authorization and issuance of the Bonds.

(3) Pursuant to the University's existing contract, the firm of John S. Vincent and Company LLC, Chicago, Illinois, be and is hereby retained as Financial Advisor for the preparation of necessary or desirable offering documents, notices of sale and bid forms and other matters related to the sale.

The Board Treasurer or his designee is hereby authorized to execute and deliver the Escrow Agreement<sup>1</sup>.

(5) Approval is given for the sale of the Board's Medical Facilities System Revenue Bonds, Series 2015A via either (i) a solicitation of competitive bids from institutional investors for the direct purchase of the Bonds or (ii) a competitive bidding process for the public sale of the Bonds, as determined by the Board Treasurer to be in the best financial interest of the Board. The Bonds shall be issued in an amount not to exceed \$15,000,000 with a final maturity not later than April 1, 2025. The price at which the Bonds will be sold will not be less than 99% of the par amount of the Bonds and the purchaser's discount will not exceed 1.8% of the par amount of the Bonds. The true interest cost (TIC) of borrowing for the Bonds will not exceed 4.75%. The Board hereby approves the execution and delivery of the Bond Resolution, with such necessary changes as shall be approved by the Board Treasurer<sup>1</sup>.

(6) If the Bonds are sold via a solicitation of competitive bids from institutional investors, the Board approves the preparation and distribution of informational materials relating to the Bonds, a Notice of Direct Sale and Official Bid Form and the execution and delivery of the Official Bid Form and a Purchase Agreement. If the Bonds are sold via a competitive bidding process for a public sale, the Board approves the preparation and distribution of a Preliminary Official Statement and the execution and delivery of the Final Official Statement and Official Bid Form<sup>1</sup>.

(7) In the event that the purchaser determines that the acquisition of bond insurance for the Series 2015A Bonds is economical, the Treasurer is hereby authorized to agree to such standard covenants with a bond insurer as are deemed by the Treasurer to be in the best interest of the Board.

(8) The members, officers, agents and employees of this Board are hereby authorized and directed to do all such acts and to execute all such documents as may be necessary to carry out and comply with the provisions of these Resolutions and with the acts and doings of the members, officers, agents, and employees of the Board which are in conformity with the intent and purposes of these Resolutions, whether heretofore or hereafter taken or done, shall be and are ratified, confirmed and approved.

## RECOMMENDATION FOR HONORARY DEGREE, SIUC

### Summary

The President, on the recommendation of the SIUC Chancellor, requests Board of Trustees approval to bestow the Honorary Degree, Doctor of Humane Arts, on Governor Jim Edgar, at the May 2015 SIUC commencement.

### Rationale for Adoption

Jim Edgar dedicated his professional career to the citizens of Illinois. The former student body president at Eastern Illinois University, Edgar's first job out college was an internship with state Senator Russell Arrington who told his protégé, "We're not here just to get re-elected. We're here to solve problems." That lesson stuck with the impressionable young man throughout his entire career.

After serving briefly as a State Representative for the Charleston area, Edgar became director of legislative affairs for Governor Jim Thompson. Thompson later appointed Edgar as Illinois Secretary of State upon Alan Dixon moving to the U.S. Senate in 1981. Edgar was subsequently twice elected Secretary of State by Illinois voters. As Secretary, he cracked down on drunk driving and served on President Reagan's Presidential Commission on the issue. He was instrumental in passing the first comprehensive laws against driving under the influence, which took effect in 1983.

In 1990, Edgar was elected governor. He was re-elected in 1994. During his first term, the state faced dire financial conditions due to overspending its resources. Edgar instilled fiscal discipline and was willing to say "no" to more spending and "yes" to many difficult decisions to cut spending. During his tenure as governor, the state saw its substantial deficit turned into a considerable surplus.

Edgar's commitment to higher education resulted in Illinois rising to the fourth highest state in the nation for financial support to public universities and community colleges. He overhauled the university governing system in Illinois, increased funding for state scholarship grants, and supported and signed into law the nation's first prepaid tuition program.

He was a national leader on welfare reform and was a champion of women in government and public service, which included appointing more women to cabinet-level positions than any other Illinois governor. He was a proponent of outdoor activities and the environment, which included protecting more acres of natural habitat than any of his predecessors.

Edgar retired from elected office in 1999 but has dedicated himself to working with young people, most notably with college students through his role as Distinguished Fellow at the University of Illinois, and through the creation of the Edgar Fellows program which seeks to foster leadership development and bipartisanship among the state's up and coming elected officials and community leaders.

## RECOMMENDATION FOR HONORARY DEGREE, SIUC

### Summary

The President, on the recommendation of the SIUC Chancellor, requests Board of Trustees approval to bestow the Honorary Degree, Doctor of Aviation Science, on Captain William R. "Bill" Norwood at the May 2015 SIUC commencement.

### Rationale for Adoption

William R. "Bill" Norwood, a 1959 SIU Carbondale graduate, is an inspiring trailblazer. Raised in a loving family and surrounded with positive influences and strong guidance from an important life mentor, Bill took advantage of the opportunities life presented him to move beyond the small, segregated southern Illinois town he called home to follow his dream of flying.

His natural athletic ability provided him a football scholarship at Southern Illinois University Carbondale where he became the first black quarterback in school history. As a student, Bill was among the first classes to participate in the University's flight training program as part of the ROTC. This training provided Bill with the opportunity to earn his pilot's license and led to his service as an officer in the U.S. Air Force from 1959-1965 where he piloted B-52s.

In 1965, thanks in part to the Civil Rights Act of 1964, Bill was hired by United Airlines, making him the first African-American pilot in the company's history. He later became the first African American to achieve the rank of Captain for the airline as well. His more than 30-year career with United resulted in the airline honoring him by painting his name on the side of a 727 airplane that is part of the "Take Flight" exhibit in the Chicago's Museum of Science and Industry. He is also part of the "Black Wings," a permanent exhibit at the Smithsonian Institution National Air and Space Museum.

Bill is a founding member of the Organization of Black Airline Pilots and served as president of the State Universities Retirement System Board. He served for more than 25 years as part of the SIU Board of Trustees and more than 15 years on the SIU Alumni Association Board. He has served on the University's Paul Simon Public Policy Institute Board of Counselors since 2003.

He has been inducted into the Illinois Aviation Hall of Fame, the SIU Athletics Hall of Fame and the SIU ROTC Hall of Fame and has received numerous honors from the SIU Alumni Association. In 2008, he was named a Lincoln Laureate, the state's highest civilian honor.

In retirement, Bill devoted his time to mentoring young people and giving back to his community and University. He also recently published his memoir, "Cleared for Takeoff: A Pilot's Story of Challenges and Triumphs."

## RECOMMENDATION FOR DISTINGUISHED SERVICE AWARD, SIUC

### Summary

The President, on the recommendation of the SIUC Chancellor, requests Board of Trustees approval to bestow the Distinguished Service Award on Mr. Michael J. "Mike" Lawrence at the May 2015 SIUC commencement.

### Rationale for Adoption

As a dedicated and talented journalist, Mike Lawrence covered the Illinois statehouse, politics and government for nearly two decades. He was managing editor and editorial page editor of the *Quad-City Times* and wrote a political column that was syndicated to more than 40 newspapers in Illinois. Mike capped his newspaper career as chief of the state capital bureaus for Lee Enterprises and the Chicago *Sun-Times*. Mike's in-depth investigative journalism won him substantial accolades – and a few enemies -- for exposing greed, corruption and mismanagement in Illinois government. As a reporter, he served the public good by holding our elected officials and our state's managers accountable.

He left the newspaper business to go to work for an up-and-coming politician, the then-Illinois Secretary of State, Jim Edgar. Mike worked for Edgar for nearly a decade, during which Edgar built a legacy as being one of the most respected and highly regarded governors in Illinois history. As press secretary and senior policy adviser to Edgar, first in the secretary of state's office and then in the governor's office, Mike was an instrumental figure in the Edgar legacy, which includes being credited for salvaging the state's economy, restoring its fiscal footing and positioning the state for future growth. Mike was well-regarded by politicians and staff on both sides of the aisle for his loyalty, his integrity, his passion for helping the disadvantaged and his commitment to making good long-term decisions even at the risk of negative short-term consequences on the political front.

His reputation as an outstanding journalist and ethical public servant generated interest in his next career move from U.S. Senator Paul Simon. Simon, who earlier announced he would not be a candidate for a third term, had established the Public Policy Institute in January 1997 at SIU Carbondale. He soon went to work recruiting Mike to serve as his associate director, which Mike did on July 1, 1998. Together, they made a significant difference not only to the campus and community but to our state. Mike taught classes in journalism and politics, mentored countless students, led efforts to craft the most sweeping campaign finance laws in our state in nearly a quarter of a century and helped Simon put his institute on the map. The entire University community and southern Illinois region benefitted tremendously from the impact created by the team of Simon and Lawrence at SIU. Countless state, national

and world leaders, notable alumni, national icons in journalism, theater, the arts, public policy and other fields were drawn to campus to be part of the Simon and Lawrence work.

Following Simon's untimely death in 2003, Mike was named director of Simon's institute, which he continued to guide until his retirement from SIU in 2009. The impact Mike made through his work with hundreds of students and on scores of substantial public policy initiatives continues to be felt by students and Illinois residents today. Notably, Mike remains connected to dozens of his former students and continues to mentor them through career, professional and personal decisions. He is fully invested in the future of young people and never passes up the opportunity to be engaged with those who need guidance or are seeking direction.

Mike's lifetime of achievements and commitment to service has already been acknowledged by many notable groups. He was honored by the Associated Press Editors Association in 2003 for exemplary service to other journalists and newspapers in Illinois, and he received the Paul Simon Award for Public Service from the Illinois Campaign for Political Reform in 2006. In 2008, Mike received the Illinoisan of The Year award from the Illinois News Broadcaster Association. Mike was awarded an honorary Doctor of Laws degree in 1998 from Knox College, his alma mater.

After leaving the governor's office, he was appointed to the Illinois Courts Commission, which decides cases in which disciplinary charges have been brought against judges. He and Paul Wolff, the former president of Governors' State University, were the first non-judges appointed to serve on that commission.

Mike is not one to rest easy, however. After retiring from the Institute, Lawrence wrote regular opinion pieces that appeared in newspapers throughout Illinois. He continues to comment occasionally on state government and politics. He also is working again with Governor Edgar in the ongoing development of the Edgar Fellows program at the University of Illinois' Institute of Government and Public Affairs to prepare young leaders of today for the challenges of tomorrow.

The President, on the recommendation of the SIUE Chancellor, requests Board of Trustees approval to award an Honorary Doctor of Humane Letters degree to Dr. David Werner at the May 2015 SIUE commencement.

### Rationale for Adoption

David Werner has been a significant contributor to the growth of Southern Illinois University Edwardsville, remaining a part of the community for over 36 years—from his initial hiring at the age of 26, in 1968, as an assistant professor, to his retirement as chancellor emerita in 2004. During his tenure, he held several positions within the University: Associate Professor of Management Science; Dean of the School of Business; Provost and Vice Chancellor for Academic Affairs; and finally, Chancellor.

It was while Werner was the Dean of the School of Business that the Accounting department obtained its first accreditation, becoming the only accredited school of Accounting in the St. Louis area prior to 1996. Up until his appointment as Provost, Werner spent the majority of his career at SIUE in the School of Business, and he was responsible for significant advances: achieving master's level accreditation; developing a new system for faculty evaluation and salary increase determination; and initiating a curriculum review process which led to a major reform of the School's undergraduate program.

Dr. Werner was appointed as the sixth Chancellor of SIUE in 1997. During Werner's tenure as Chancellor, he shifted the perception of the school as a commuter college to a residential one. For the first time in Fall 1998, the number of residential students outnumbered those who commuted. To accommodate the growing number of residential students, two residential halls were built while Werner was Chancellor: Prairie Hall in Fall 1998, and Bluff Hall in Fall 2001. Additional milestones marking Werner's tenure as Chancellor included the expansion of the health sciences curriculum with the construction of the School of Pharmacy, and improved the ACT scores of incoming freshmen, increasing to 21.9 in 2003, above the national ACT average of 20.

Dr. Werner retired as Chancellor in 2004. After leaving SIUE, Werner continued his efforts on behalf of higher education: serving as a visiting researcher in human resources and public policy development at Ryukoku University in Kyoto, Japan; serving as Interim President at Mansfield University of Pennsylvania; and becoming the Interim Provost—and later the Interim President—of Indiana University of Pennsylvania.

David Werner has over 40 years of experience and expertise in higher education; his achievements while at SIUE are pivotal to the University's history. It was during one of his annual addresses to the University that Werner best described his motivation. "My first students in an evening class were, to me, shockingly different and diverse," Werner said. "But beneath the diversity, they were united in their quest for education. And, in the words of our Alma Mater, they saw SIUE as their 'fount of opportunity.' I was drawn to the faculty and the staff who had left secure positions at other institutions to come to Alton or East St. Louis or Edwardsville—not just because of what was here, but because of their common vision of what this place would become, and because of their determination to be a part of making the vision a reality."

Dr. Werner has contributed a great deal toward making SIUE's reality one of increasing distinction.
