He reported that all members with whom he had met had expressed an interest and desire to continue to serve on the Committee.

Dr. Bardo reported that the PSAC had met on the prior day. He noted that Board Chair Tedrick and Board Vice-Chair Hightower provided the charge to the Committee at the beginning of the meeting. Under Committee Reports, in the absence of Dr. Jackson, Mr. Tedrick gave the Executive Committee report. He stated that pursuant to III Bylaws 1, on August 4, 2005, members of the Executive Committee of the Board of Trustees, in response to a request from President Walker, individually authorized the awarding of a construction contract in the amount of \$986,086 in connection with the capital project, Wayfinding Replacement and Enhancement Project, SIUE.

He stated that the project was approved by the Board at its May 12, 2005, meeting with a budget of \$1,250,000. He noted that because of the need to expedite the project, it was requested that the

Board authorize members of the Executive Committee to award the contract. He stated that the Executive Committee was reporting the item to the Board of Trustees for information, and the item should be entered in full upon the Minutes of the meeting of the Board.

EXECUTIVE COMMITTEE REPORT

By action at its meeting on July 14, 2005, the Board of Trustees granted authority to the Executive Committee to award contracts in connection with the project. The following matter is reported to the Board at this time pursuant to III Bylaws 1:

AWARD OF CONTRACT: WAYFINDING REPLACEMENT AND ENHANCEMENT PROJECT, SIUE

Summary

This matter will approve the award of a construction contract in the amount of \$986,086 in connection with the capital project, Wayfinding Replacement and Enhancement Project, SIUE. A summary of bids received is attached for your review.

At its May 12, 2005, meeting, the SIU Board of Trustees approved the project and budget for the capital project Wayfinding Replacement and Enhancement Project, SIUE. At its July 14, 2005, meeting, the SIU Board of Trustees authorized the members of the Executive Committee of the Board to award contracts in connection with the project. The project has an approved budget of \$1,250,000 and will be funded through Parking and Traffic Operating and RRR Funds and University Operating Funds. Bids were favorable and recommendation to award a contract is made at this time.

Rationale for Adoption

This project will install new vehicular, parking lot, and pedestrian directional signs on the Edwardsville and Alton campuses. This will more clearly direct people to and from their parking lots and move them more efficiently to their destinations. This project will also update the signage at the entries of the Edwardsville campus.

The estimated cost of the entire project is \$1,250,000 and will be funded through Parking and Traffic Operating and RRR Funds and

University Operating Funds. Parking and Traffic Operating and RRR Funds will be used for the material and related costs for the vehicle directional signs, parking lot information and regulations, and pedestrian directional signs. University Operating Funds will be used for the building and entry signs. The alternate bid for banners is not being recommended for approval at this time. Installation is expected to be complete by April 2006.

Considerations Against Adoption

University officers are aware of none.

Constituency Involvement

This matter is recommended for adoption by the Chancellor and the Vice Chancellor for Administration, SIUE.

Under Executive Officer Reports, Dr. Walter Wendler, Chancellor, SIUC, made his report to the Board. He noted hurricane relief efforts on the campus. He reported that the campus had accepted 15 students to date who were displaced by the events on the Gulf Coast. Some of the students are from southern Illinois who attended the universities such as Tulane, Xavier, or the University of New Orleans who were looking for a place close to home. Also, the campus accepted students from France who had arrived on Saturday in New Orleans to begin a foreign exchange program, and they had no where to go. The Chancellor expressed thanks to Terry Clark, associate dean in the College of Business and Administration, for his outstanding efforts who traveled to Pine Bluff, Arkansas, to pick up those students and bring them to the campus. The Chancellor stated that he had been very pleased with the response from Provost Dunn's office and Vice Chancellor Dietz's office in terms of accommodating the needs of the students. He noted that the campus had a committee of some 20 people helping coordinate the efforts to assist the students, and a special Hurricane Katrina edition of the *Southern Spotlight*, the campus' electronic newsletter, is being published on an as-needed basis to keep its readers updated.

Chancellor Wendler reported that he attended the summer commencement on August 6 and graduated approximately 2,500 students. He also reported that he had attended a number of superintendent meetings to continue working with the high schools of southern Illinois to demonstrate the campus' offerings to their students, faculty and staff at

schools who wish to continue their education through SIU Carbondale.

Chancellor Wendler reported he had attended a luncheon for new tenure and tenure-track faculty which was organized and well-done by Provost Dunn's office. He noted that in addition to the luncheon, the new tenure and tenure-track faculty attend workshops to assist in preparing them for their work at the campus.

Chancellor Wendler noted that the campus had hosted a number of dinners and receptions. He reported on one annual dinner of particular interest which was to honor retirees and recipients of service awards. Thirty-seven employees were honored representing over five millennia of experience at SIU Carbondale. The Chancellor noted one retiree in particular, Medical School Faculty Member Howard Kaplan who arrived on the campus in 1949, the year after Delyte Morris arrived on campus; and it was a heartwarming day for him.

Chancellor Wendler reported that he had attended the season's first football game on the prior Thursday night and had an opportunity to visit with President and Jeanine Dobbins at Southeast Missouri State University. The Chancellor announced that Congressman Jerry Costello who had continually been an excellent friend of the University was able to secure \$1 million in funds for new roads and infrastructure at the Research Park on the campus. He mentioned that Congressman Costello had been steadfast in helping the campus build its research agenda, and he had worked very closely with Vice Chancellor John Koropchak; and he had done a fine job in sensing the needs of the campus and responding to those

needs.

Chancellor Wendler noted that the visit by the Governor for the planning money for the Transportation Education Center had been announced. He reported that on the research front, the campus continues to show growth under the leadership of Vice Chancellor John Koropchak, and there were many research grants and contracts for the month totaling approximately \$9 million. The Chancellor reported that through Vice Chancellor Rickey McCurry's work, the campus continues to get good responses to gifts especially for scholarships, and the campus had obtained four \$25,000 scholarships over the past month.

Dr. Vaughn Vandegrift, Chancellor, SIUE, made his report to the Board. He reported that the campus joined the rest of the nation in support of Hurricane Katrina victims. To date, the campus admitted seven students who had been displaced, six undergraduates and one graduate. He noted that the campus was able to honor the request of the Governor that the campus admit the students tuition free. The campus had also dispatched a police officer to the affected area as part of a long-standing agreement with other Illinois Law Enforcement Agencies. It had also initiated a compassion fund with the proceeds to be sent directly to the Red Cross Hurricane Fund. In addition, faculty, staff, and students created a Hurricane Relief Committee chaired by Cheryl Heard of the Kimmel Leadership Center; and the campus Student Nurse Association will staff a center for the hurricane victims which will be located in the refurbished Mental Health Center in Alton.

Chancellor Vandegrift reported that Schnucks Market had contributed \$25,000 to the new School of Pharmacy which recently admitted its first class of 82 students. Their studies began on August 15, and the school is expected to be at capacity by 2008. The Chancellor reported that a green roof research project had been launched by the Biological Sciences Department. The project includes vegetation on top of the low roof of the Engineering Building, and it had been established with the Green Roof Blocks, a subsidiary company of St. Louis Metal Works.

Chancellor Vandegrift reported that the East St. Louis Center is now offering an after school theater arts program for students. He announced that phase one of the Simmons-Cooper Baseball Complex was complete which includes the renovation of the existing field, and phase two planning is underway. The Chancellor stated that the Transportation Equity Act includes \$400,000 for a new roadway in the campus' University Park and that the campus had strong support from Congressman Shimkus with respect to the project.

Chancellor Vandegrift reported that the campus is offering 15 paid internships to undergraduate students interested in professional careers in politics through the Demuzio Governmental Internship Program of which the Carbondale campus is also participating. The Chancellor mentioned that the commencement held on August 6 graduated 630 students. The commencement speaker was Shelby Steele who is internationally known for his studies in race relations, multiculturalism, affirmative action; and he was the recipient of the National Humanities

Medal by President Bush. The Chancellor noted that he is a 1971 graduate of the Edwardsville campus in Sociology, and the campus was very proud to have such a distinguished alumnus. Also, the Chancellor thanked Dr. Hightower for representing the Board of Trustees at the commencement.

Chancellor Vandegrift reported that the team with its Cougar Cruiser car competed mid-July in the North American Solar Challenge. Of 47 initial registrants, only 20 including SIUE were allowed to compete. The Chancellor reported that regrettably the team made it 125 miles but did not finish. He noted that there were plans to regather and go to the 2007 race. The Chancellor announced that the newly named gardens at the campus has a new director, Doug Conley, and the gardens was an extension of the Myer Arboretum. He noted that the name change occurred as a result of the designation of the Aboretum as a Shaw's Garden East with the campus' association with the Missouri Botanical Gardens.

The Chair explained the procedures for the public comment and question portion of the Board's agenda. The Secretary stated that were not any speakers for the portion of the Board's agenda.

AWARD OF CONTRACTS: LABORATORY DEVELOPMENT,
911 N. RUTLEDGE, SPRINGFIELD MEDICAL CAMPUS, SIUC

Summary

This matter awards the contracts for the development of two cancer research laboratories on the upper level of 911 North Rutledge Street on the Springfield campus. This project has an approved budget of \$700,000. The project budget will be funded through federal grant funds.

Rationale for Adoption

At its meeting on April 14, 2005, the SIU Board of Trustees approved the project and budget to develop two laboratories of 1,024 net square feet and 989 net square feet. The laboratories will be built on the second level of 911 North Rutledge, adjacent to eight cancer research labs that were constructed over the last several years. The facility at 911 Rutledge was originally designed to house laboratories and has adequate and appropriate utility and air systems for expansion.

Favorable bids in the total amount of \$628,011 have been received and the award of construction contracts is requested at this time.

The project will be financed through federal grant funds awarded to the School of Medicine. Completion of the project is planned for FY 2006.
