The following resolution was presented:

Memorial Resolution

For

### JAMES E. WALKER

WHEREAS, before coming to Southern Illinois University, James E. Walker, a native of Alabama, earned his bachelor of science in Biology at Alabama State University in 1963, a master's in Special Education at Atlanta University in 1967, and an Ed.D. in Education of Exceptional Children at Pennsylvania State University in 1972;

WHEREAS, he began his educational career as a special education teacher at Parks Junior High School in Georgia, instructor of special education at Western Michigan University, assistant professor of special education at Southern Illinois University Edwardsville, and professor of special education at the University of Alabama;

WHEREAS, he continued his upward career path in education as chairman of the department of specialized educational development at Illinois State University, dean of the school of education at California State University at Hayward, and provost and vice president for academic affairs at the University of Northern Colorado;

WHEREAS, he accepted his first presidential appointment in 1991 as president of Middle Tennessee State University and served with distinction for almost a decade where he became the first African-American to serve as president of a predominately white institution in the southeast;

WHEREAS, as president of Middle Tennessee State University, the university's enrollment grew from 15,600 students to over 19,000 during his tenure, and became the second largest public university in Tennessee:

WHEREAS, he was admired by all who knew him and was known as a mover and a shaker within the university community and beyond by acquiring more than \$300 million in capital projects during his presidency;

WHEREAS, he was unanimously selected by the SIU Board of Trustees as president of the Southern Illinois University system in 2001 and served until his untimely death on February 5 of this year;

WHEREAS, upon his appointment as president of the Southern Illinois University system, he quickly brought civility and calm to the university at a crucial and unsettled time in its history;

WHEREAS, he brought stability to the university's leadership by conducting national searches to seek and appoint the most qualified persons to serve as chancellors of the university's two campuses;

WHEREAS, he worked tirelessly to seek appropriate funding for the university through his contacts with legislators in Springfield and in our nation's capital;

WHEREAS, he will be remembered by all who knew him for his wonderful sense of humor that served him well during times of crisis;

WHEREAS, he never forgot his humble roots growing up in a segregated Alabama where he was forbidden access to the all-white library;

WHEREAS, his entire working career was devoted to improving the quality and accessibility of higher education for all Americans;

WHEREAS, he is survived by his wife, two daughters, a son-inlaw, and one grandson who will always remember his commitment and devotion to family and who will hold dear fond memories of his passion for life:

WHEREAS, he fought with all his ability to overcome the devastating effects of cancer eventually losing his battle for survival;

NOW, THEREFORE, BE IT RESOLVED, by the Board of Trustees of Southern Illinois University in regular meeting assembled, That this Board celebrates the life of James E. Walker, and honors the enormous contributions made by him to the advancement of Southern Illinois University;

BE IT FURTHER RESOLVED, That the Board expresses to the family of James E. Walker its sincerest condolences and deepest sympathy for the loss which they have experienced and which the members of this Board and all who knew him shared.

Dr. Goldman moved approval of the resolution. The motion was seconded by Dr. Sanders. Student Trustee opinion in regard to the motion was indicated as follows: Aye, Mr. Matt Townsend; nay, none. The motion passed by the following recorded vote: Aye, Dr. Sam Goldman, Ms. Tequia Hicks, Dr. Keith Sanders, Mr. Roger Tedrick, Ms. Marquita Wiley; nay, none.

The Chair stated that the next item of business was the election of officers, Executive Committee, and Board representatives, and annual appointments by the Chair.

The Chair reported that, pursuant to notice, at approximately 3:30 p.m., March 8, 2006, at the Stone Center on the SIU Carbondale campus, members of the Board of Trustees held an executive session. Before a motion was made to close the meeting to the public, a discussion was held related to Board participation in University events, campus long-term planning, and the Governor's FY2007 budget proposal. Then a motion was made to close the meeting for the purpose of considering pending, probable or imminent court proceedings against or on behalf of the Board and information regarding appointment, employment,

compensation, discipline, performance or dismissal of employees or officers. No action was taken.

The Chair reported that, after the executive session, members of the SIU Board of Trustees had dinner at the Stone Center on the SIU Carbondale campus. The gathering was social in nature.

The Chair also reported that, pursuant to notice, at 7:30 a.m. at the Stone Center on the SIU Carbondale campus, members of the Board had breakfast with Ms. Fahran Robb, SIU Carbondale student, who is a member of *USA Today's* 2006 AII-USA College Academic Team. No action was taken.

Under Committee Reports, Mr. Tedrick gave the Executive Committee report. He stated that pursuant to III <u>Bylaws</u> 1, on January 5, 2006, members of the Executive Committee of the Board of Trustees, in response to a request from President Poshard, individually authorized the approval to acquire real estate at 401 North Walnut, SIU Springfield Medical Campus, for the sale price of \$450,000. He noted that because of the need to expedite the purchase, it was requested that members of the Executive Committee authorize the purchase. He stated that the Executive Committee was reporting the item to the Board of Trustees for information, and the item should be entered in full upon the Minutes of the meeting of the Board.

### EXECUTIVE COMMITTEE REPORT

The following matter is reported to the Board at this time pursuant to III <u>Bylaws</u> 1:

## APPROVAL TO ACQUIRE REAL ESTATE: 401 NORTH WALNUT STREET SIU SPRINGFIELD MEDICAL CAMPUS

### <u>Summary</u>

This matter seeks approval to acquire real property located at 401 North Walnut Street, Springfield, Illinois, for use as clinical business offices. Funding for this project will come from non-appropriated funds available to the School of Medicine derived from the practice of medicine.

### Rationale for Adoption

The School is seeking to purchase the property at 401 North Walnut Street for use as clinical business offices. The clinical operations of the School of Medicine and the need for additional space to house these programs continues to expand. One of the most pressing clinic space needs is for a new location to house the growing clinical billing staff that work with patients and third party payers to collect charges for clinical services. This group of about 55 staff is currently located in portions of the lower level of 751 N. Rutledge and 801 N. Rutledge. The Physicians & Surgeons Board feels that this function can be moved a short distance away from campus without a loss of effectiveness. This relocation will free up the current space used by the clinical billing staff to house new staff required for a centralized call center to manage patient appointments as well as technical staff engaged in the development and implementation of the Electronic Health Record system.

The University has obtained an appraisal of the property, and the owner has agreed to sell the property at the total appraised value of \$450,000. The property at 401 N. Walnut Street consists of a .587-acre site with an 11,700 gross square foot, recently updated masonry structure. This location is desirable due to its close proximity to the medical campus. The site is also immediately adjacent to but not within the Springfield Medical District. It is estimated that approximately \$500 dollars in additional funding will be required for costs associated with closing on the property. The purchase cost will be paid from non-appropriated funds derived from the practice of medicine.

The owner desires to close on the property by early March. The Option to Purchase requires that a letter of execution be sent no later than February 15, 2006.

The nature of this project and the source of funds cause it to be defined as a non-instructional, capital improvement. Consequently, approval of the Illinois Board to Higher Education will be required prior to the final commitment of funds.

### Considerations Against Adoption

University officers are aware of none.

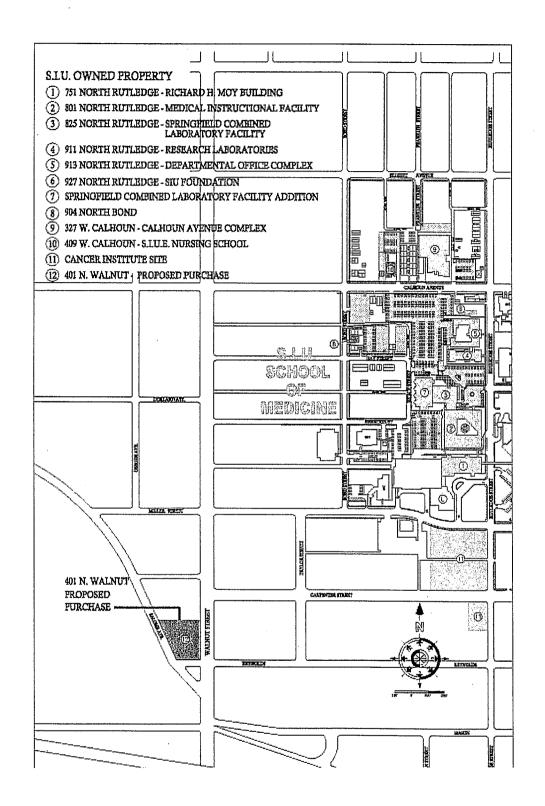

### Constituency Involvement

Not pertinent in this matter.

### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

- (1) The request to purchase the property at 401 North Walnut Street, (Parcel 1 #14-28-328-019, Parcel 2 #14-28-328-021), Springfield, Illinois, be and is hereby approved at a total cost of \$450,000.
- (2) Funding for this purchase shall be from non-appropriated sources derived from the practice of medicine.
- (3) The project be and is hereby recommended to the Illinois Board of Higher Education for approval as a non-instructional capital improvement project.
- (4) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

Under Executive Officer Reports, President Poshard made his report to the Board. He reported on goals given to him by the Board and the actions he and his staff had undertaken to fulfill the goals over his first 100 days.

For the goal of increasing the SIU presence and profile in Springfield and Washington, D.C., the President reviewed visits he had made to the Illinois legislature including bipartisan visits to 32 state senators, 40 state representatives, and to each of the four legislative leaders on various issues. President Poshard reviewed various visits to the Governor, Deputy Governor, three Deputy Chiefs of Staff, and nine agency directors and the status of the various issues including budget development.

President Poshard reported that with respect to the Governor's higher education budget, he, along with President Joe White of the University of Illinois and President Stuart Fagan of Governor's State University, led the effort on behalf of the college and university presidents and chancellors, to negotiate a budget for the higher education community that would include an operations increase (the first in the past four years), an increase in the Monetary Assistance Program (MAP), the tuition tax credit, the Illinois Student Assistance Commission (ISAC) loan portfolio partial sale, and a capital bill with \$100 million in as a University.

President Poshard reported that he testified before Senate and House committees on subjects such as the higher education budget to the general overall budget, mass transit, the Natural Fuels Research Bill, Trio and Minority Recruitment Grant Program, and the Demuzio Internship Program. The group was successful in getting into the budget above operations \$1.2 million in operations funds for the Combined Lab at the Medical School in Springfield.

President Poshard reported that he and staff were working on obtaining agriculture grants for the University in areas such as the following: Belleville experimental farms, aquaculture, and an increase in CFAR funding, and for public health grants for the University in areas such as the following: stem cell research, nurses training, and Academic Centers for Excellence. He mentioned that Vice President John Haller was overseeing the writing of a grant for the development of a regional healthcare delivery system from the Department of Transportation.

President Poshard reported that he had met on various issues in person or by telephone with Congressman Costello, Congressman Shimkus, Senator Durbin and Senator Obama. The President met to prioritize federal projects and to assign those projects to each of the University's congressmen and senators to get assistance. He noted that he would be traveling to Washington, D. C. in April to spend a week visiting the various congressional committees that those projects are under.

President Poshard reported on the Board's goal to expand diversity throughout the University system. He thanked General Counsel Jerry Blakemore for resolving an issue with the Department of Justice wherein the University responded with the Consent Decree, held six constituent group meetings on the Carbondale and Edwardsville campuses,

developed a procedure for coming into compliance with all of the agreements, met with all of the members of the Black and Hispanic Caucuses in state legislature, and met with the general counsels of other state universities. He reported that committees on each campus have been formed for the purpose of assessing the status of minority participation in all aspects of the University's operations and programs, developing goals and objectives for increasing participation of minorities in those areas which are below acceptable levels, and developing more aggressive recruitment areas in the Chicago and St. Louis areas in response to the changing demographics of the state and nation.

President Poshard reviewed the Board's goal to assume a major role in fundraising efforts. The President reported that he had met with Vice Chancellors McCurry and Williams to determine appropriate procedures for presidential assistance. He reported his work had yielded over \$1 million in new pledges during January and February. He had also attended an SIUC donor dinner in St. Louis on March 1, and would be attending an SIUE breakfast with Chancellor Vandegrift on April 12. The President reported that individual fundraising goals were being finalized for each Chancellor and annual fundraising goals for each campus were being established.

The President reported on the Board's goal to develop a master plan for future development of the SIU Carbondale campus by integrating the Land Use Plan, Saluki Way, and Master Housing Plan. He reported that goal had been accomplished.

The President reported on the Board's goal to build collaborative relationships with SIUC and SIUE and articulate an integrated system to the public. He reported that present discussions included outreach of Medical, Dental and Nursing Programs. He noted that the Nursing Program was moving into the Springfield area with some cooperative relationships with the Medical School. The President reported on the need to hire at least one public relations staff person to effectively communicate the benefits of the University system and other issues. He stated that he and senior administrators planned to increase visibility on individual campuses, and he thanked his staff. The President reported on a number of trips he and staff made to the SIUE campus, the SIUE Dental School, the SIUE Renewable Fuel Center, the Medical School and the SIUC campus.

President Poshard further reported on the Board's goal to build collaborative relationships with other state and privately supported universities. He mentioned that the SIUE National Research Center on Renewable Fuels will be expanding collaboration with the University of Illinois and USDA Renewable Research Lab in Peoria. The University is developing a collaborative list of projects with the University of Illinois. The President reported that there would be collaboration on research for the following projects: Dixon Springs Agricultural Research Station, Centralia Technical Services Center, Renewable Fuels Research, and Venture Capital Funding for Economic Development. The University is working collaboratively with the University of Illinois for a Law School

expansion in Springfield and is also working to ensure the future success of the multi-university facility in Lake County.

In addition, President Poshard reported on the Board's goal to create political support for the SIU System. He reviewed meetings he attended with individual metro-East, Springfield area, and Southern Illinois legislators explaining the benefits of the University's system and to try to increase presidential visibility throughout the system.

President Poshard also reported on the Board's goal to take a leadership role in the higher education community in the state of Illinois. The President reviewed his plan presented to the public university presidents to articulate higher education needs to the present administration and its resulting successful discussions.

Finally, President Poshard reported on the Board's goal to expand the Law School in the Springfield area. He reviewed meetings held with Springfield area legislators, Speaker Mike Madigan, and the mayor of Springfield to solicit their support. President Poshard mentioned that he and President Joe White had worked on a collaborative agreement between Southern Illinois University and the University of Illinois.

President Poshard reported on the Board's goal to develop a close working relationship with the Board and the Board Chair. He reported to have several meetings and phone calls with the Chairman to discuss pending issues, and he solicited counsel when necessary from members of the Board. In an effort to better inform the Board members,

beginning on March 24 he planned to begin sending to them a weekly electronic mail update of the activities of the President's Office.

President Poshard noted a number of long range goals to be the following: 1) Review the three strategic plans now in place – Vision 2020, Southern at 150, and the SIUE Long Range Plan – and determine whether they articulate the appropriate vision for the University; 2) Develop a strategy that will permit our two Universities and the system to achieve their strategic goals, while honoring SIU's historic commitment to serve middle and low income families; 3) Evaluate the organizational structure, roles, and responsibilities of the President's staff and reorganize if necessary to meet increased obligations of the office; 4) Develop a teamwork approach in creating an atmosphere of positive interaction with your own staff as well as the Chancellors and their staffs; 5) Improve the student enrollment numbers at SIUC; 6) Improve student retention at SIUC and SIUE; 7) Develop a greater sense of community on the individual campuses; and 8) Expand SIU services into the region which we serve.

Dr. Vaughn Vandegrift, Chancellor, SIUE, made his report to the Board. SIU Edwardsville received the largest cash donation in its history of a \$2 million lead gift toward the development of a premier wrestling/volleyball complex from Mark and Carol Mestemacher. The School of Pharmacy has joined forces with the Kimmel Leadership Center and the Area Agency on Aging of Southwestern Illinois to assist eligible

persons in making decisions about Medicare Part D. The Intercollegiate Athletics Vision Task Force is exploring three possible options for the future of SIU Edwardsville athletics and will report their findings later in the year for campus-wide discussions. The Minority Recruitment Initiative was formed in Fall 2004 to explore ways to improve diversity among entering SIUE students, and the campus is beginning to see evidence of increased applications and admissions based on the task force's efforts.

The Chicago Dental Society has given gifts of \$600,000 to support faculty salaries, recruitment, and retention at the SIU School of Dental Medicine. SIUE Police Chief Gina Hays has been named president of the Southern Illinois Police Chief's Association for 2006. Karen Patty-Graham, director of SIUE Instructional Services, received two national awards during the 30<sup>th</sup> Annual Conference of the National Association for Developmental Education. The office of University Housing at SIUE has been awarded the 2005 Educational Benchmarking Commitment to Excellence Award from Educational Benchmarking, Inc. The Alestle student newspaper and its staff received eight awards in the recent Illinois College Press Association's spring convention in Chicago.

The SIUE men's basketball team will be in the Division II NCAA Tournament on March 13 playing Grand Valley State. The men's and women's track and field teams won their respective Grand Lakes Valley Conference indoor championships and several will be competing in the NCAA indoor championships. The club hockey team won the championship of the Mid-America Collegiate Hockey Association playoffs. The women's

softball team won ten straight games and is now 13-3 on the season.

Dr. Walter Wendler, Chancellor, SIUC, made his report to the Board. Cheerleader Kristi Yamaoka who was injured in St. Louis at the Missouri Valley Conference Championship is making fine progress and has made a number of public appearances. The Chancellor noted that SIUC received a first-time gift of \$10,000 from an alumnus designated for Saluki Way. The Board viewed a video which included recent academic accomplishments of several students and of success of the men's basketball team.

The Chancellor's report was provided to be included on the Board's minutes. Highlights of the report are following. SIUC has had good participation in a number of groundbreakings and building openings. On February 3, openings were held for the first building of the Southern Illinois Research Park and the new Student Health Center. Dignitaries attending included Congressman Jerry Costello, State Senator David Luechtefeld, State Representatives Mike Bost and Brandon Phelps, State Senator Gary Forby, and Mayor Brad Cole.

Undergraduate student Fahran Robb was named one of *USA Today's* 60 Academic All-Americans. The Chancellor made a number of presentations on campus on Saluki Way and tuition and fees. The men's basketball team won the Missouri Valley Conference tournament and is guaranteed a spot in the NCAA playoffs. On March 1, the campus hosted a visit from Mr. August Busch, III, chairman of the board of Anheuser-Busch. Mr. Busch toured the campus fluidized bed boiler system because his

company is considering using the same technology in some of its plants.

On January 16, SIUC hosted a Martin Luther King breakfast. Chancellor Wendler delivered opening remarks for the celebration that included a salute to area leaders and recognition of local school children.

On January 26, an open house was held at the McLafferty Annex. On February 25, a reception was held at the Stone Center for the 2006 Hall of Fame Inductees prior to the men's basketball game against Northern lowa; a dinner was held the night before on the floor of the Arena. On February 24, approximately 200 high school students were welcomed on campus for the High School Accounting Challenge sponsored by the School of Accountancy in the College of Business. On February 23, the Chancellor attended the House Appropriations Committee meeting; the Senate Appropriations hearings were held February 15.

On February 22, leaders in business, industry and education gathered for the 4th Regional Economic Development meeting at John A. Logan College. On February 21, a delegation from Thailand was hosted on the campus. Thanu Kulachol, president of Bangkok University, arrived in Southern Illinois a few days earlier following the United Nations Secretary General's Global Colloquium of University Presidents, held February 14 and 15 at Princeton University. On February 14, the Chancellor read the proclamation to open the annual International Student Festival.

On February 20, an Open House for prospective students was held with several hundred prospective students and their families attending. On February 14, a Spring Leadership Meeting was held and

President Glenn Poshard spoke to the campus leadership team about the Land Use Plan and how it relates to Saluki Way.

WSIU and WJPF radio stations reserve for the University airtime each month to communicate with the region about developments, progress, new programs and a host of other topics. Recent topics discussed have included tuition and fee projections, Saluki Way, financial aid, regional economic development, and conversations about the value of a degree.

In February, approximately 50 local school administrators attended a dinner and presentation held about progress on campus with most of the group attending a home basketball game afterward. On January 21, the campus honored members of the year's football team with the Annual Football Awards Banquet and celebrated another season for the student athletes. The SIU Foundation recently received \$586,000 to establish the F. Lynn and Susan F. McPheeters Annuity Trust to provide for the F. Lynn and Susan F. McPheeters College of Business and Administration Leadership Chair Endowment.

In February, 66 grants and awards totaling \$2.4 million were processed. Projects funded include more than \$600,000 for coal research projects from the Illinois Clean Coal Institute, and Michael R. Hoane, Psychology, received \$214,500 from the U. S. Department of Health and Human Services to determine the effects of Vitamin B-3 on traumatic brain injury.

The Chair explained the procedures for the public comment and question portion of the Board's agenda. The Secretary called on Mr. Marinus Von Kuilenburg.

Mr. Kuilenburg provided his presentation to the Board. He spoke as president of the recently formed Evergreen Terrance Tenant Union. He expressed the need for reasonably priced family housing for its residents, many who are single parents raising children while attending college and are currently struggling to pay for housing and education costs. He expressed concern over proposed large increases in the housing fees which would provide an added hardship on such students.

The Secretary called on Dr. Rob Benford, president of the Faculty Senate, SIU Carbondale.

Dr. Benford provided his presentation to the Board. He wished to inform the Board that in general faculty members are not opposed to athletics and in fact, many are fans; but he indicated the faculty is opposed to not having an academic provision of the Saluki Way plan implemented in the first phase. He addressed the issue of fee increases as they would disproportionately affect minority populations. From the morning's Finance Committee presentation on affordability, he noted that it was not mentioned that the bottom two quintiles of students are disproportionately represented by people of color. Dr. Benford stated that he feared as tuition and fees are increased at SIUC, the campus will decrease its commitment to diversity rather than increase it. He stressed the need for the University to keep in mind its commitment to diversity,

and he hoped to hear how the University would balance the decline in affordability.

The Secretary called on Ms. Whitney Shulda.

Ms. Shulda made her presentation to the Board. She stated that she represented students, faculty and alumni who have serious concerns about the University's priorities related to projects such as Saluki Way. Ms. Shulda referred to the Southern at 150 Plan, noting that universities are judged on faculty achievements and teaching, and top students are attracted to universities with diverse reputations. She noted that many of the current academic facilities had structural problems and those should be fixed before new buildings are built. Ms. Shulda mentioned that she was not against athletic enhancement; however, in this case the costs are rising but the value and quality of education is not. She presented to the Board a petition signed by approximately 1,200 faculty, students and alumni. The petition read as follows:

We, the undersigned, having been made aware of the goals of Southern at 150 and Saluki Way and the proposed fee increases, demand the University focus on academic enhancement before any other program. We demand the administration halt phase one of Saluki Way so it can be revised to focus solely on academics. The changes we are requesting are: to fill all faculty lines with high quality professors, maintain proper and safe upkeep of current and new academic facilities, and build new academic facilities. We believe putting academics first will increase enrollment, retention, and school spirit, greatly improving the image of Southern Illinois University Carbondale.

The Secretary called on Mr. Jon Dyer.

Mr. Dyer made his presentation to the Board. He noted that the Board has the power to oppose any proposal set before it by the

Chancellor, and the Board has an opportunity to set a precedent. He made reference to the Southern at 150 Plan which lists as a core value being student responsiveness. He asked the Board to recognize that the students had expressed their concerns and hoped the Board would honor the core value presented in the Southern at 150 plan. Mr. Dyer mentioned a recent report in the Daily Egyptian which compared the freshmen at SIUC with freshmen at other colleges in the country. SIU's freshmen were below average in thinking that they could change the world. When one of the University's core values is student responsiveness and its students express concerns and it is not reflected by the Board, it adds to the culture that students do not have a voice, power, or leadership. He stated that if the institution is to produce citizen leaders, it is important to hold true to the core value of student responsiveness. He commented about the manner in which the tuition and fees were proposed to the students by administration and thought it could have been approached in a better way to gain student support. Mr. Dyer thanked Chancellor Wendler for mentioning his efforts in providing input for Leadership, Energy, and Environmental Design (LEAD) standards for Saluki Way during the morning's Architecture and Design Committee meeting.

The Secretary called on Mr. Nate Brown.

Mr. Brown made his presentation to the Board. He delivered a letter to the Board Executive Secretary for distribution to the Board members. Mr. Brown discussed the gravity of the decision to support increases for additional resources and the difficulty he faced in reaching

his decision to support the increases. Mr. Brown also indicated that the most important and unique quality that the University offers to students is the feeling of community which includes experiences not only in the classroom but in providing other events for students such as participation in student organizations, student activities, and athletic events which helps retain students. He recommended that the University should determine what level of quality and standard of excellence is expected by the students and work toward seeking avenues of funding to cover those expenses. He noted that with rising costs to the students, the University should recognize the need for additional financial aid resources and work toward providing additional financial assistance to students to offset the rising burden placed on them.

The Secretary called on Mr. Bruce Hall.

Mr. Hall made his presentation to the Board. He noted that he was a third year doctoral student and wished to express concerns about the fee increases. He related that his tuition is covered by the tuition waiver as a research assistant on campus; however, fees are not covered. He mentioned he works a second job on the weekends to pay for fees and living expenses. He was surprised at how quickly fees have increased over a few years' time. He did not know if he was going to be able to stay and finish his degree program if the proposed fee increases were passed. He understood that the state is not providing adequate funding, and recognized that the Board had a tough job to decide how to fund needed projects. He asked the Board not to put the burden on the students who

were least able to afford the increases. He recommended that the Board revisit the Saluki Way plan and prioritize which projects in the plan are most needed to reduce the amount of fee increases needed.

The Chair explained the procedure for the Board's omnibus motion and he proposed that, after discussion, there would be taken up the following matters:

## REPORTS OF PURCHASE ORDERS AND CONTRACTS, NOVEMBER AND DECEMBER, 2005, AND JANUARY, 2006, SIUC AND SIUE

In accordance with III <u>Bylaws</u> 1 and 5 <u>Policies of the Board</u> C, summary reports of purchase orders and contracts awarded during the months of November and December, 2005, and January, 2006, were mailed to the members of the Board in advance of this meeting, copies were placed on file in the Office of the Board of Trustees, and these reports are hereby submitted for information and entry upon the minutes of the Board with respect to the actions of the Executive Committee.

#### CHANGES IN FACULTY-ADMINISTRATIVE PAYROLL - SIUC

The following changes in faculty-administrative payroll are submitted to the Board of Trustees for ratification in accordance with the Board Policy on Personnel Approval (2 <u>Policies of the Board</u> B). Additional detailed information is on file in the Office of the Chancellor. Where appropriate, salary is reported on a monthly basis and on either an academic year (AY) or fiscal year (FY) basis.

A. <u>Continuing Appointment</u> (If the person previously had a University appointment, it is so noted. Otherwise, the person is a new University employee.)

### 1. Achenbach, Sabbatical Microbiology 100% 01/01/2007-05/15/2007 Laurie A.

**Purpose:** Professor Achenbach proposes to pursue research on bio-remediation of heavy metals and radionuclides. Her project is focused upon the ability of reducing organisms to use these metals as alternative electron acceptors in the absence of oxygen, and thus precipitate them out of solution. The selective anaerobic bio-oxidation of added Fe(II) may offer an effective means of "capping off" and completing attenuation of these contaminants in a reducing environment, making the contaminants less accessible to abiotic and biotic reactions, and allowing a system to revert naturally to an oxic state. She proposes to investigate further the bio-oxidation of Fe(II) by identifying the genes involved in Fe(II) oxidation in the bacterium *Dechloromonas aromatica* strain RCB, which is capable of oxidizing Fe(II) and a range of other metabolic functions, including the anaerobic oxidation of benzene. Achenbach intends to spend part of her requested sabbatical leave at the University of California Berkeley to learn two research techniques, primed polymerase chain reaction (PCR) analysis and 2-D protein analysis, in order to identify the *D. aromatica* genes that are up-regulated in iron-oxidizing conditions. The remainder of her research will be conducted at SIUC.

2. Albuixech, Sabbatical Foreign 100% 01/01/2007-05/15/2007 Languages and Literatures

**Purpose:** Dr. Albuixech's scholarship focuses primarily upon 15<sup>th</sup>- and 16<sup>th</sup>-century Spanish sentimental romance literature. Her proposed sabbatical project is to start work on a book tentatively titled *Trouble in Arcadia: The Iberian Pastoral Romance*. She will reside in Spain during her sabbatical period. The focus and goal of the work is an explanation of why the element of deceit and its different manifestations is so prominent in pastoral fiction, and why it is more pervasive in Iberian pastoral romance than in its Italian and Classical models. Through a reading of the literary texts in historical context, Professor Albuixech hopes to reveal that anti-idealistic elements of the genre were prompted by the peculiar ideological configuration of Spain in transition from a tolerant medieval society to an intolerant modern state.

3. Alexander, Sabbatical Philosophy 100% 01/01/2007-05/15/2007 Thomas M.

<u>Purpose</u>: Professor Alexander proposes to complete a book project titled *The Human Eros and the Symbolic Ecology of Civilization: An Introduction to World Humanities*. In substance and goals, the work follows Dr. Alexander's two-semester course in World Humanities. It reviews the Ancient Near East, the Classical World, Ancient India, East Asia, Medieval Christianity and Islam, and Modernity. The aim of the work is to provide a broad understanding of the main ideas, meanings and values (the "human eros") that have sustained the great world civilizations (have provided "symbolic ecologies" for sustaining their existence), and how these ideas have manifested themselves in religion, literature, philosophy, art, and social institutions.

4. Amos, Mark A. Sabbatical English 50% 08/16/2006-08/15/2007

<u>Purpose</u>: Professor Amos' yearlong sabbatical project is to research and write three chapters of a scholarly monograph, *William Caxton and the Forging of London's Urban Self*, and to revise and submit two of them as journal articles. The book project identifies and investigates identity-producing institutions and texts in the Middle Ages and Early Modern periods. The research focuses upon the works selected, edited, translated, and printed by England's first publisher, William Caxton. Through readings of these works, Dr. Amos hopes to document and explain broad changes in English society and culture in the 15<sup>th</sup> century.

5. Asner-Self, Sabbatical Educational 100% 08/16/2006-12/31/2006
Kimberly K. Psychology and Special Education

<u>Purpose</u>: Dr. Self plans to write chapters for and edit a book tentatively titled *Teaching Multicultural Competency*, which will address the counseling profession's expressed goal of creating multiculturally competent Masters-level counselors. The primary audience for the work will be faculty and graduate students in counselor education programs, who are interested in curriculum development in multiculturalism.

### 6. Auxier, Randall Sabbatical Philosophy 100% 01/01/07-05/15/07

**Purpose:** Professor Auxier proposes three projects to be pursued during his sabbatical period, two of which are related. He will travel to New England to copy the papers of Josiah Royce (1855-1916) one of five most important American philosophers and the only one for whom no critical edition has been assembled. These and research on them will contribute to a projected book, *The Works of Josiah Royce*, to be undertaken by SIUC's Center for Dewey Studies. While pursuing the works of Royce, Dr. Auxier will spend time in the William Ernest Hocking Library in Madison, New Hampshire, continuing his research on William Ernest Hocking (1873-1966), a student of Royce's and one of the most significant American idealists. If time allows, Auxier will also work to complete his book *Politics as a Symbolic Form*, a study of the philosophy of Ernst Cassirer as applied to the development of politics and culture in the second half of the 20<sup>th</sup> century.

#### 7. Barta, Michael Sabbatical Music 100% 08/16/2006-12/31/2006

<u>Purpose</u>: During Professor Barta's sabbatical period, he will perform and teach master classes at the Central Catalonia Music Festival and Academy in Spain, at the Franz Liszt Academy in Budapest, Hungary, and in Seattle, Washington. While in Europe, he intends to explore possibilities for a faculty and student exchange program between SIUC and the Royal Music Academy in Brussels, Belgium. He will also use his leave to learn several new repertoires, including works by contemporary American composers, and perform them in Bloomington, Decatur, and Chicago.

## 8. Becker, Jerry P. Sabbatical Curriculum and 100% 01/01/2007-05/15/2007 Instruction

<u>Purpose</u>: Professor Becker recently edited the book *The Open-Ended Approach: A New Proposal for Teaching Mathematics* with colleague Shigeru Shimada, a scholar in mathematics education in Japan. During his sabbatical leave, Dr. Becker intends to finish the translation into English and editing of a second volume developed with Japanese collaborators Toshio Sawada and Yoshio Takeuchi, titled *From Problem to Problem, the Developmental Approach in Mathematics Teaching*.

## 9. Benford, Robert Sabbatical Sociology 100% 08/16/2006-12/31/2006

**Purpose:** There have been several cycles of sports reform in the United States, but the present cycle has spawned the most diverse array of challenges to sport as a social institution—movements against sports violence, steroid use and abuse, gambling, academic fraud, violence against women by athletes, recruiting abuses, as well as movements for athletes' rights, women's and girls' sports participation, ethics in sport, positive coaching, and youth sports. Professor Benford will devote his sabbatical semester to gathering data on the sports reform movement industry. His research will include conducting on-site, semi-structured ethnographic interviews with leaders of various sports reform movement organizations. The focus will be on how sports reformers define and articulate the problematic conditions they seek to ameliorate, the strategies and tactics they employ in mobilizing support for reforms they advocate, the forms of resistance the encounter, and how they seek to counter those oppositional forces. The outcome will be a book-length work.

## 10. Bravo, Rolando Sabbatical Civil and 100% 08/16/2006-12/31/2006 Environmental Engineering

**Purpose:** During his sabbatical leave, Dr. Bravo will write chapters for a new textbook in hydraulic engineering, tentatively titled *Applied Hydraulic Engineering*. The text fills a void in the field; there is currently no college-level text applicable to this field.

## 11. Breznikar, Sabbatical Music 100% 08/16/2006-12/31/2006 Joseph J.

<u>Purpose</u>: Professor Breznikar intends to compose new music for the solo classical guitar, an activity that requires uncompromised time and concentration. This new music will be in the form of sets of preludes, which will enhance the contemporary repertoire for the instrument. The tangible product of the work will be completed musical scores for the compositions, with several of the pieces being presented in a public recital on the campus. The preludes will enhance Professor Breznikar's credibility as a composer and guitarist, and recruit students to the program in classical guitar at SIUC.

## 12. Chwalisz Rigney, Sabbatical Psychology 100% 07/01/2006-12/31/2007 Kathleen

<u>Purpose</u>: Professor Chwalisz Rigney will use her sabbatical leave to write a book on psychotherapy effectiveness research methods for practitioners, *Demonstrating Psychotherapy Effectiveness: Issues and Strategies for Practitioners*, invited for publication by the American Psychological Association (APA). Psychotherapy effectiveness research, or the investigation of therapeutic procedures with real-world clients, has been identified as a need in the professional psychology literature for the past decade. With the goal of increasing the amount of effectiveness research conducted in psychology, Chwalisz Rigney intends to produce a resource to help educate and train practitioners, and to address current barriers to conducting effectiveness research.

## 13. Cornett, Marcia Sabbatical Finance 100% 08/16/2006-12/31/2006 M.

<u>Purpose</u>: Dr. Cornett will spend her sabbatical leave in Carbondale, writing chapters for the first edition of a new textbook on financial markets, titled *Foundations of Financial Markets and Corporate Strategy*. Following upon two previous books published by Professor Cornett, which dealt with financial markets and institutions, the new text will focus on decisions made by corporate financial managers, conditions influencing the genesis of their decisions, the implications of their decisions, and their outcomes.

## 14. Daneshdoost, Sabbatical Electrical and 100% 01/01/2007-05/15/2007 Morteza Computer Engineering

<u>Purpose</u>: Dr. Daneshdoost will be collaborating with faculty and students at the Illinois Institute of Technology (IIT) on an investigation of deregulated power system resource planning, and a security analysis of the Southern Illinois grid. This research will contribute to modification of two existing Electrical and Computer Engineering courses in the area of electric power systems, and creation of a new ECE course on energy resources exploitation and their environmental and economic effects.

### 15. DeRuntz, Bruce Sabbatical Technology 100% 08/16/2006-12/31/2006

<u>Purpose</u>: The Six Sigma business improvement methodology uses a problem-solving model characterized as Define-Measure-Analyze-Improve-Control (DMAIC). It is a successful improvement model, but there has been little analysis of trainee selection or training curriculum quality. Professor DeRuntz intends to build upon his previous quantitative research on criteria used to evaluate Six Sigma projects with a study of the use of psychometric testing for the selection of Six Sigma personnel. His goal is to achieve corporate adoption of a Six Sigma personnel instrument designed to ensure development of the skills needed to be a successful Six Sigma trainer and manager.

## 16. Dyer, Daniel J. Sabbatical Chemistry & 100% 08/16/2006-12/31/2006 Biochemistry

**Purpose:** Dr. Dyer proposes to use his sabbatical period to develop selective biological sensors that will detect small organic molecules within living cells, using photo-induced electron transfer (PET). Fluorescence offers one of the most attractive modes of detection owing to the unique sensitivity that, in principle, could be used to detect single molecules. The specific focus of the work is in vivo detection of the metabolites of glucose in real time, in an effort to understand the molecular basis of Diabetes. During his sabbatical Professor Dyer hopes to gain sufficient preliminary results to support a proposal to be submitted by him and his collaborators, professors Matthew McCarroll and Lichang Wang (Chemistry and Biochemistry, SIUC), to the National Institutes of Health for funding for a long-term investigation of glucose metabolites and Diabetes.

## 17. Ebbs, Stephen Sabbatical Plant Biology 100% 08/16/2006-12/31/2006 D.

<u>Purpose</u>: During part of his requested sabbatical leave, Professor Ebbs is proposing to travel to Cornell University, Ithaca NY, to pursue collaborative research on the molecular basis of metal hyperaccumulation and tolerance in plants with Dr. Leon Kochian at the US Plant, Soil, and Nutrition Laboratory, USDA-ARS. Ebbs will receive advanced training in several techniques in molecular biology and genomics (microarray analysis, RNAi technology, and knockout characterization), enabling him to develop data on the molecular basis of Zn and Cd homeostasis in the meal hyeraccumulating plant *Thlaspi carulescens* while at Cornell. Upon his return to SIUC Dr. Ebbs will apply these new skills to four current projects in his laboratory, which are currently supported by federal funds. In addition, he will integrate these techniques into his undergraduate and graduate courses, to enhance students' proficiency in molecular biology and increase their competitiveness in the academic and industrial sectors.

## 18. Feinsilver, Sabbatical Mathematics 100% 08/16/2006-12/31/2006 Philip J.

**Purpose:** Kravchuk (Krawtchouk) polynomials come up in probability theory as iterated stochastic integrals of a Bernoulli process (a probabilistic model in which the probability "p" that an event of interest occurs remains the same over repeated observations; "p" does not depend on the outcome of past observations). They have, however, a more fundamental origin—providing explicit bases for the irreducible representation of su(2) (a factor in the Standard Model of fundamental forces and particles that explains their behavior and interactions in terms of symmetries and the destruction of symmetries), the Lie algebra underlying the spin of elementary particles. Professor Feinsilver and his collaborator, J. Kocik, set up a web site in 1995, the Krawtchouk Encyclopedia, for work on these polynomials, but they were interrupted and the site has been dormant. The publisher Kluwer has expressed interest in the Encyclopedia in book form, but they must get their materials set down and the web site is a suitable base for doing so. Dr. Feinsilver proposes to spend part of his sabbatical leave getting the site back up and running, with updated content. He also intends to continue related research on combinatorial completely simple semigroups and polynomials, as well as in the areas of quantum probability and algebraic structures.

# 19. Foley, Regina M. Sabbatical Educational 100% 01/01/2007-05/15/2007 Psychology and Special Education

**Purpose:** Professor Foley proposes to conduct a comparative analysis of the reading skills of 6<sup>th</sup>- and 9<sup>th</sup>-grade youth, with and without disabilities, who did and who did not meet established reading standards on the Illinois Standards Assessment Test completed in the 5<sup>th</sup> and 8<sup>th</sup> grades. She also intends to begin a pilot study of the impact of individual components of reading instruction on the reading skills of 6<sup>th</sup>-grade students with disabilities, who did not meet adequate yearly progress (AYP) standards. These studies will provide data on the reading skills of underachieving readers, which will inform development of pre-service education and remediation programs.

#### 20. Gilbert, Scott D. Sabbatical Economics 100% 08/16/2006-12/31/2006

Purpose: Dr. Gilbert proposes to spend his sabbatical semester at CERGE-EI, an economics research center and graduate school that combines the Center for Economic Research and Graduate Education of Charles University and the Economics Institute of the Academy of Sciences of the Czech Republic. At the Center, Gilbert will conduct research to develop new multivariate statistical methodologies, and evaluate their estimation and specification under reduced-rank restrictions, to be applied to financial analyses. Economists often have difficulty applying reduced-rank methods because of the heteroskedasticity, serial correlation, non-normality and non-stationarity of their data. The new statistical approaches will resolve these difficulties and better enable users of multivariate models to examine how different groups react to different stimuli or factors that influence economic decisions.

## 21. Griffith, Cydney Sabbatical ASA-School of 100% 01/01/2007-05/15/2007 A. Allied Health

<u>Purpose</u>: Professor Griffith's sabbatical project is a study of a distance-learning program in funeral service education at St. Louis Community College at Forest Park. Currently there are 56 nationally accredited programs in funeral service and only two of the institutions offer distance learning courses. The study at St. Louis Community College is intended to inform the planning, implementation, and maintenance of a distance-learning curriculum for the Mortuary Science and Funeral Service Program at SIUC.

### 22. Gross, Leonard Sabbatical School of Law 100% 08/16/2006-12/31/2006

<u>Purpose</u>: Professor Gross plans to work on two projects. The first project is a law review article using empirical research which will examine whether the public's low opinion of lawyers has any real effects. He also intends to work on his novel which raises numerous legal ethics issues. His second project involves updating *Organizing Corporate and Other Business Enterprises*. This project involves legal research and writing.

## 23. Hahn, Randall L. Sabbatical School of 100% 08/16/2006-12/31/2006 Accountancy

<u>Purpose</u>: Dr. Hahn will develop an on-line course on *Federal Income Tax Research*, to be offered in the Masters of Accountancy Program of the College of Business and Administration. The course will be offered on-campus in spring of 2007 and, if successful, offered on-line thereafter.

## 24. Harackiewicz, Sabbatical Electrical and 100% 08/16/2006-12/31/2006 Frances J. Computer Engineering

<u>Purpose</u>: Dr. Karackiewicz's areas of expertise are miniaturization of antennas and increasing the number of operable bandwidths and overall widths of bands. During her sabbatical she intends to move her work in the direction of four interrelated areas: antenna integration into Complementary Metal Oxide Semiconductor (CMOS) systems; modeling and fabricating metamaterials to shrink antenna sizes; investigating the fundamental limits of new ultra-wide bands; and applying an "antenna system on a chip" technology to the biological research problem of remotely detecting glucose levels in the blood.

## 25. Jensen, Steven Sabbatical ASA-School of 100% 07/1/2006-12/31/2006 C. Allied Health

**Purpose:** Dr. Steven Jensen intends to complete academic and hospital clinical requirements for the National Board Examination in Quality Management (AM) administered by the American Registry of Radiologic Technologists (ARRT). Attainment of the Quality Management credential will allow Professor Jensen to offer Quality Management continuing education courses in both general radiography and mammography at SIUC. Preparation for and sitting for the Board Examination will inform his modification of the courses RAD 202-Radiation Physics and RAD 352-Advanced Imaging Modalities.

## 26. Jones, Rodney Sabbatical English 100% 08/16/2006-12/31/2006 G.

<u>Purpose</u>: Professor Jones will revise a set of essays on poetry and experience, which he as been working on for a number of years, in order to complete a book tentatively titled *The Uses of Poetry*. The collection of essays discusses theoretical and critical aspects of poetic language and culture. He will also work on a new essay that centers on contemporary poets' decisions to neglect or use images and language and pop culture that will be included in *The Uses of Poetry*.

#### 27. Lord, Suzanne Sabbatical Music 100% 08/16/2006-12/31/2006

<u>Purpose</u>: Professor Lord proposes to spend her sabbatical leave in Dubrovnik, Croatia. When she first visited this region as a performer of flute music and a historian of music, she was shocked to find she did not recognize a single name on a list of the area's composers from Baroque to modern times. The region's music has been well documented in the Croatian language, but not in English. Through library research and interviews with local musicians, music historians, and living composers, Lord intends to collect data for publications in English on the history of music and musicians of Dubrovnik. She also believes the research will contribute to new repertoires for her colleagues and students at SIUC.

## 28. Magnuson, Mike Sabbatical English 100% 08/16/2006-12/31/2006 J.

<u>Purpose</u>: Professor Magnuson intends to complete a novel titled *The Last Silent Night*. The work is set in Milwaukee, Wisconsin, at Christmas-time, and it tells a story of three extremely intelligent Wisconsin-penitentiary-system parolees—two African Americans and one white ex-Skinhead—who meet in a bookstudy group at Columbia Correctional, and have ended up working for minimum wage, under intellectually humiliating conditions, at a machine shop. They decide they are too smart to spend the rest of their lives working as slave labor for the upper class, and they act out on this injustice by raiding and robbing a white-supremacist militia group's compound on Christmas Eve, and attempting to escape to Florida with the dream of resettling themselves into an easier life. This novel falls into several categories—crime fiction, social satire, literary fiction, dark comedy—as have other of Professor Magnuson's books.

29. Maisier, Sabbatical Foreign 100% 01/01/2007-05/15/2007
Veronique C. Languages and
Literatures

<u>Purpose</u>: Dr. Maisier proposes to study the Creole language of the West Indies, to further her research on Caribbean literatures, cultures, and institutions, and to begin drafting a book tentatively titled *Stones and Blood: Violence in Caribbean Literatures*. In this work, Maisier will attempt to demonstrate that an act of violence—throwing a stone at someone else of a different racial or social background—projects the conflicts between indigenous populations and their colonial masters. Her topic also allows Professor Maisier also to compare the relationship between the French and British governments and their former colonies in the Caribbean region.

## 30. Mallette, Marla Sabbatical Curriculum and 100% 01/01/2007-05/15/2007 H. Instruction

<u>Purpose</u>: During her sabbatical leave, Dr. Mallette will pursue three related projects. First, she intends to analyze data from a longitudinal study of the effectiveness of an after-school tutoring program and write up the results. Second, with collaborator Dr. Nell Duke, Michigan State University, she will begin editing a book focused upon research methodology and design for studies of literacy. And, third, she will complete a qualitative study of the convergence of early literacy and use of information and communication technologies.

#### 31. Mandat, Eric P. Sabbatical Music 50% 08/16/2006-08/15/2007

<u>Purpose</u>: Professor Mandat will be the Visiting Artist in the composition division of the School of Music at the University of Illinois at Urbana-Champaign. His tenure there will be devoted to collaborating with students and faculty in their compositions and seminars; he will also present his own music and expertise in extended performance techniques. During this period, he intends to compose two solo clarinet works that have been commissioned, compose a new etude book for clarinet, and complete a CD of his solo, duo, and trio compositions.

#### 32. Marzolf, John E. Sabbatical Geology 50% 08/16/2006-08/15/2007

**Purpose:** A great San Adreas-like fault, the Mojave-Sonora megashear, has been proposed to have formed the southwestern boundary of the North American tectonic plate during the Jurassic era. The Caborca terrane is interpreted to have been displaced ca. 1,000 km. during the middle and late Jurassic from a location in the vicinity of Reno, Nevada to its present location in Sonora, México. Dr. Marzolf requests a sabbatical leave to test two hypotheses: that the trace of the Mojave-Sonora megashear lies west of the crest of the Sierra Nevada in central California; and the Caborca terrane lay within the Sequoia and Yosemite National parks prior to displacement. Professor Marzolf proposes to spend ca. 40% of his year-long sabbatical leave collecting geologic data on pre-displacement rocks exposed on opposite sides of the megashear in California and in Sonora, México. The remaining ca. 60% of his time will be spent in laboratory analyses, graphic data preparation, and manuscript preparation at SIUC.

## 33. McCubbin, Sabbatical School of Law 50% 08/16/2005-05/15/2007 Patricia

<u>Purpose</u>: Professor McCubbin plan on completing a law journal article to be published in a nationally-recognized environmental law review. The article will consider a reinvigoration of the moribund "nondelegation" doctrine under the U.S. Constitution as a means for courts to reign in these flawed statutory mandates. Professor McCubbin has also applied to serve as a Fulbright Scholar in China for Spring 07 to teach environmental and administrative law.

## 34. McEathron, Sabbatical English 50% 08/16/2006-08/15/2007 Scott J.

**Purpose:** Professor McEathron will spend his sabbatical leave in Carbondale, Illinois, writing a book tentatively titled *Labouring-Class Poetry of the Romantic Era: A Literary History*. Literary research on the Romantic period is rapidly increasing the profile of individual labouring-class writers formerly classed as "minor poets"—e.g. John Clare, Robert Bloomfield, James Hogg, Ebenezer Elliott. McEathron's volume is an anthology of and critical introduction to 20 minor poets, many of whom have not been in print since the early 19<sup>th</sup> century. His will be a literary history of Romantic-era, labouring-class poetry, organized through discussion of poets he sees as particularly illuminating and representative.

## 35. McIntyre, D. Sabbatical Curriculum and 100% 01/01/2007-05/15/2007 John Instruction

<u>Purpose</u>: Professor McIntyre's sabbatical will be devoted to a study of Professional Development Schools (PDS) in the United States. The goal of the study is to ascertain the perceptions of all PDS partners—universities, school districts, businesses, community agencies—as to the effectiveness of PDSs to meet PDS standards established by the National Council for the Accreditation of Teacher Education. Particular interest will be in the degree to which PDSs address the standards of Diversity and Student Achievement. Collected data will inform assessment of PDSs in Southern Illinois.

# 36. Mohanty, Manoj Sabbatical Mining and 100% 08/16/2006-12/31/2006 K. Mineral Resources Engineering

**Purpose:** Dr. Mohanty intends to spend a portion of the sabbatical leave period in conducting research in the flotation-selectivity area. He proposed a new method (known as Advanced Flotation Washability) of determining the cleaning potential of fine coal as a part of his Ph.D. dissertation. This method requires more experimental and computer simulation work to increase its utility to the scientific and engineering community. Dr. Mohanty is also developing a new separation technology for fine coal cleaning, which may find potential application in oil-sands processing. The oil-sands industry is emerging as a big business in Canada, but it involves an intricate separation process to recover oil from oil sands, which may have an oil content of less than 5%. Dr. Mohanty has discussed the possibility of initiating collaborative research in this field with Professor Zhenghe Xu (from the University of Alberta), who has been involved in oil-sands research for last several years. During his sabbatical period, Mohanty intends to visit University of Alberta to learn about the intricacies of oil-sands processing with Xu and his colleagues. Finally, Professor Mohanty intends to complete adoption of the WebCt system for teaching three courses: Introduction to Mining Engineering (MNGE 270), Mineral and Coal Processing (MNGE 420), and Engineering Experimental Design (ENGR 540). He also intends to incorporate an "Active Response System" (ARC), an emerging tool nationwide to improve teaching effectiveness in classroom, in his Engineering Experimental Design course.

## 37. Mugdadi, Abdel- Sabbatical Mathematics 50% 08/16/2006-08/15/2007 Razzaq

**Purpose:** Professor Mugdadi requests a sabbatical leave to pursue research on a new method for estimating the distribution function F(x), called the kernel contrast. The distribution function "F" is a function associated with every random variable "x" and it has wide applications in science and engineering. Therefore, one of the goals of statisticians is to find the best estimate for F(x). The kernel approach is an important method in nonparametric density and distribution functions fitting. The goal of Dr. Mugdadi's project is to prove that the kernel contrast is a valid data-based method to estimate F(x), and that it is the best such method. He will investigate the properties of the new method using theoretical formulations and simulations.

## 38. Nickrent, Daniel Sabbatical Plant Biology 100% 01/01/2007-05/15/2007

**Purpose:** Professor Nickrent requests a sabbatical leave to work on a book tentatively titled **Parasitic Plants of the World.** Very few books available deal with parasitic plants, particularly ones whose scope is worldwide and for all taxonomic groups. Therefore, a major feature of the proposed work will be the organization of the various groups of parasitic plants according to the most recent information on their phylogenetic affinities. This text is a collaboration with Dr. Lytton Musselman, Professor and chairperson of the Biology Department at Old Dominion University, and Timber Press has expressed interest in publishing the book. For reasons of coordinating work on chapters and integrating the authors' respective perspectives and specialties, part of Nickrent's sabbatical will be spent at Old Dominion.

# 39. Nsofor, Sabbatical Mechanical 100% 08/16/2006-12/31/2006 Engineering and Energy Processes

<u>Purpose</u>: In collaboration with colleagues at Argonne National Laboratory, Illinois, Dr. Nsofor will be conducting research on thermal transport in nanoparticle-liquid mixtures (nanofluids). The focus of the study will be forced convection nanofluid flow and heat transfer inside circular tubes, which is essential for heat exchange applications in transportation, medical, and energy production systems.

## 40. Ramaprasad, Sabbatical Journalism 100% 08/16/2006-12/31/2006 Jyotika

<u>Purpose</u>: Professor Ramaprasad proposes to spend her sabbatical period in India and Sri Lanka conducting research on the synergistic use of public journalism and social capital in addressing social issues. Public journalism invests journalists with a responsible role in social change by having them connect audiences with one another, and with societal institutions to create civic engagement. Social capital, relations among people, is built by communities through multilateral exchanges of cooperative deeds, to achieve common objectives. The proposed project will focus upon the role of journalists and local groups in addressing the compelling concerns of HIV/AIDS (in India) and disaster preparedness (in Sri Lanka). By way of this research, Ramaprasad intends to explicate and enhance the idea of journalists and public journalism invoking and developing social capital to create indigenous and participatory definitions of social problems and their solutions.

# 41. Schafer, Joseph Sabbatical Center for the 100% 08/16/2006-12/31/2006 A. Study of Crime, Delinquency and Corrections

**Purpose:** Literature focused upon police executives and supervisors has tended to focus on the administration and management of police organizations. Less consideration has been given to effective leadership within police organizations. During his sabbatical leave, Dr. Schafer proposes an examination of the traits, characteristics, and habits of effective, future-oriented police leaders. Using focus groups, individual interviews, and surveys, Schafer will ask police officers and supervisors to reflect upon attributes of peers and supervisors whom they see as being effective. From these observations, he will distill a profile of policing effectiveness. Professor Schafer is applying for a position as a Visiting Scholar at the Federal Bureau of Investigations (FBI) Academy in Quantico, Virginia. Should he be awarded this position, it would enhance the proposed research. The viability of the project is not contingent upon being selected for the FBI program, however; only the geographic scope of collected data would be affected. The outcome of the research will be articles on police leadership. The data will also inform creation of personnel evaluation instruments and training criteria for enhancing police leadership effectiveness.

### 42. Turley, William Sabbatical Political Science 100% 08/16/2006-12/31/2006

**Purpose:** Professor Turley is an internationally-recognized scholar in the field of Southeast Asian studies and he proposes to utilize his sabbatical leave to accomplish three very specific objectives: (1) to build on his previous work on democratization in Vietnam through comparison with the Chinese case; (2) to update and extend his previous work on Vietnamese economic reform; and (3) to produce a new edition of his influential book on the Vietnam war, *The Second Indochina War*, taking into account new literature and expanding the work by way of comparison with the ongoing war in Iraq. Projects 1 and 2 are interrelated. Each is focused to a degree on the politics of Vietnam's economic liberalization, in particular the centerperiphery dynamic in Vietnam's economic reform policy. Questions to be answered include: Why Vietnam remains a one-party state in an age of democratization; and why Vietnam presents little evidence of political change of any kind. Project 3 would fulfill a request of publisher Rowman & Littlefield for a second edition of Dr. Turley's book on the Vietnam war.

#### 43. Vitt, Dale H. Sabbatical Plant Biology 100% 01/01/2007-06/30/2007

<u>Purpose</u>: Professor Vitt is a specialist in bryophytes (mosses, liverworts and hornworts—the second largest group of green land plants) and he requests a sabbatical leave in order to write a book on *The Ecological Role of Bryophytes in Northern Ecosystems*. Chapter topics will include: an overview of bryophytes; bryophyte diversity; phylogenetic patters of abundance of bryophytes; the significance of bryophytes in characterizing peatlands; community patterns, habitat preferences, and indicator species; Sphagnum as an ecological engineer; Brown mosses as long-term survivor species; and Feather mosses as keystone species of the Taiga. Dr. Vitt intends to spend several weeks at Duke University to learn phylogenetic overlay analysis, but the remainder of the period will be spent writing at SIUC.

## 44. Walters, Stuart Sabbatical Plant, Soil, and 50% 01/01/2007-05/15/2007 A. Agricultural Systems

<u>Purpose</u>: Dr. Walters will pursue research with on world vegetable production out of the Department of Crop Science, Agricultural University of Athens, Greece. His research objectives include: development of a publication on triploid watermelon pollination; analysis of cucurbit pollenizers; evaluation of radish production in southeastern Europe; development of a new class-Breeding Asexually Propagated Crops; and analysis of "season extension" vegetable production techniques in the Mediterranean region of Europe, which might be readily applicable to the lower Midwest US environment.

## 45. Welker, Robert Sabbatical School of 100% 01/01/2007-05/15/2007 B. Accountancy

**Purpose:** Dr. Welker will gather experimental data from internal auditors working for the State of Florida as part of an on-going study of detection of verbal misrepresentations of company managers to internal and external auditors. He will also be collaborating with colleagues at the University of Central Florida on new research into detection of accounting fraud.

## 46. Workman, Jane Sabbatical ASA-School of 100% 08/16/2006-12/31/2006 E. Architectural Design

<u>Purpose</u>: During her sabbatical leave, Professor Workman will write chapters for a textbook tentatively titled *Dress and Society*. There is currently no undergraduate-level text that specifically addresses sociological influences on the way people dress. The proposed book is intended to help students who plan to enter the fashion industry be more effective in their chosen careers, by making them aware of sociological perspectives and processes.

#### 47. Zimra, Clarisse Sabbatical English 100% 08/16/2006-12/31/2006

**Purpose:** Professor Zimra intends to complete her book manuscript **Architectural Cryptographies:** Assia **Djebar, Writing Women** during her sabbatical leave. The work focuses upon Algeria's leading woman writer, Assia Djebar, one of the few authors still active in the Middle East, whose prodigious output has spanned the difficult trajectory from colonization to decolonization and the painful entanglement of Islam and the West. Assia Djebar is a current member and former president of the European Parliament of Writers, a co-author of the petition to give persecuted writers and artists political asylum in the West, and a signer in favor of Salman Rushdie's right to put pen to paper. Djebar is currently the Distinguished Sterling Professor of Modern Literature at New York University. Dr. Zimra intends for **Architectural Cryptographies** to be a historical and substantive guide for scholars of gender theory, post-colonial history, Francophone studies,  $20^{th}$ -century studies, and comparative literature writ large.

#### RECOMMENDATION FOR HONORARY DEGREE, SIUC

#### Summary

The President, on the recommendation of the Honorary Degree and Distinguished Service Award Committee and the Chancellor of Southern Illinois University Carbondale, presents to the Board of Trustees a resolution recommending that Daisaku Ikeda be awarded the Honorary Degree of Doctor of Humane Letters at the May 2006 commencement of the College of Mass Communication and Media Arts, Southern Illinois University Carbondale.

#### Rationale for Adoption

Daisaku Ikeda was born in Tokyo, Japan on January 2, 1928, to a family of seaweed farmers. His experiences during the Second World War, as well as the anguish and turmoil he witnessed in the years following, set him on a lifelong quest to root out the fundamental causes of human conflict and suffering.

In 1960, Mr. Ikeda became the third president of a lay Buddhist organization known as the Soka Gakkai; and in 1975 he became the first president of the Soka Gakkai International (SGI). With more than 12 million members in 190 countries and territories worldwide, the SGI is an organization dedicated to the promotion of peace and individual

happiness through activities based on principles of Buddhist philosophy that place the highest emphasis on the dignity of life.

As a Buddhist leader, philosopher, educator and poet, Mr. Ikeda founded several institutions whose mission is to promote his underlying conviction that all individuals possess the ability to create limitless value in harmony with others. Notable among these are the Soka schools, which are based on the philosophy of value-creating education. As an educational system from kindergarten through post-graduate university level, these schools are a concrete expression of his belief that education is one of humanity's most important, long-term undertakings.

Soka University, now considered one of the top private universities in Japan, was founded in 1971. It has exchange agreements with more than 50 institutions of higher learning worldwide. The Soka University of America graduate school was established in Calabasas, California in September of 1994 and offers a Master of Arts degree in Second and Foreign Language Education. Soka University of America, a four-year, Liberal Arts College in Aliso Viejo, California graduated its first class of 100 students in the spring of 2005 with Bachelor of Arts degrees. Thirty-two of these students have already moved on to pursue graduate degrees in universities around the world.

As a means of nurturing mutual understanding in our diverse world, Mr. Ikeda has worked actively to promote intercultural exchange. Toward his end, he established the Min-On Concert Association in 1963, which regularly sponsors tours of musical and performing groups and artists throughout the world. Min-On has grown to become the largest organization of its kind in Japan. To date, it has created venues for cultural exchange with more than 75 countries.

In 1983, Mr. Ikeda founded the Tokyo Fuji Art Museum as a vehicle for enhancing international understanding through art. It houses a permanent collection of approximately five thousand works of art – including paintings, ceramics and sculpture of East and West, ancient and modern.

Recognizing the value of dialogue, Mr. Ikeda founded the Boston Research Center for the  $21^{\rm st}$  Century in 1993, and the Toda Institute for Global Peace and Policy Research in 1996, to serve as institutions that will engage in sustained efforts to foster intercultural dialogue, and to focus the world's intellectual resources on the complex issues of peace.

In 1981, Mr. Ikeda received the title of Poet Laureate, from the World Academy of Arts and Culture. Through his poetry, Mr. Ikeda has touched the hearts of millions of people worldwide.

In the course of his extensive travels, Mr. Ikeda has met with many of the world's leading thinkers, policymakers, and scholars, to discuss this principle, along with other urgent topics related to the environment, arms and war, health and welfare, and others. His many partners in dialogue include Arnold Toynbee, Zhou En-Lai, Nelson Mandela, Linus Pauling, Rosa Parks, Mikhail Gorbachev, Norman Cousins, Henry Kissinger, Rajiv Gandhi, Chinese author Ba Jin, and Brazilian journalist and human rights activist Austregesilo de Athayde. More than several of these encounters have resulted in collaborative books; most notably, his broadranging dialogue with Arnold Toynbee published as *Choose Life* and translated into twenty languages.

In addition to these dialogues, Mr. Ikeda is a published author in his own right, having written more than 200 books covering philosophy, collections of essays, addresses and poetry, as well as novels and children's literature. Mr. Ikeda's travels have also included the presentation of papers at more than 20 universities and institutes. Among these are Harvard University, Columbia University, Moscow State University, the Simon Wiesenthal Center, the Brazilian Academy of Letters, and the Rajiv Gandhi Institute for Contemporary Studies.

Mr. Ikeda is also an avid and critically acclaimed photographer. A collection of his photographs of natural fauna and geology has been assembled into a traveling exhibition entitled "Dialogue with Nature." Shown to appreciative audiences across the globe, the photographs in his exhibition reveal the pure-hearted perspective with which Mr. Ikeda observes nature in Japan and around the world.

Mr. Ikeda's highly evolved character, developed through his lifelong dedication to the people's happiness, has resulted in a sterling reputation that transcends national borders and cultural barriers. His actions in this regard stem from a profound faith in the ability of people to cast bridges of friendship and trust across the perceived chasms of our differences, and from a firm conviction that the accumulated weight of such endeavors will result in the tipping of even the global scales, toward peace.

In this vein, Mr. Ikeda has also demonstrated a forthright willingness to challenge any manifestation of authority that tries to undermine or destroy the value or dignity of life. As a result of his outspoken positions that place him clearly on the side of common people everywhere, Mr. Ikeda has often times found himself the object of criticism from various entrenched power structures. Nevertheless, the broad-based respect he engenders is demonstrated by the more than 180 academic affiliations and honorary degrees he has received from institutions of higher learning throughout the world; by the honorary citizenships he has received from countries, states, and cities around the globe; as well as by

the memberships and prestigious awards he has received from various nations, organizations and associations. These include the United Nations Peace Award, the International Tolerance Award from the Simon Wiesenthal Center, and the Rosa Parks Humanitarian Award.

Since 1983, Mr. Ikeda has submitted an annual peace proposal to the United Nations while working to support and strengthen the singular role it possesses as a clearinghouse for global dialogue. These proposals consistently include practical steps and programs that can be implemented to reduce massive nuclear stockpiles, to protect the environment, to de-institutionalize war, as well as to improve the functionality of the United Nations itself.

Having stated that education is the mission to which he will devote his remaining energies, the following quotes represent his conviction in this regard:

"Education at its best is a process of liberation from prejudice which frees the human heart from its violent passions. It is through education that young people can be delivered from powerlessness, from the burden of mistrust directed against themselves. And those who have learned to trust in themselves are then naturally able to believe in the latent capacities of others."

"What the world most requires now is the kind of education that fosters love from humankind, that develops character, that provides an intellectual basis for the realization of peace and empowers learners to contribute to and improve society. The heart of education lies in the process of teacher and pupil learning together, the teacher drawing for the pupil's potential and raising the pupil to surpass the teacher in ability."

#### RECOMMENDATION FOR HONORARY DEGREE, SIUC

#### Summary

The President, on the recommendation of the Honorary Degree and Distinguished Service Award Committee and the Chancellor of Southern Illinois University Carbondale, presents to the Board of Trustees a resolution recommending that Judge Abner Joseph Mikva be awarded the Honorary Degree of Doctor of Laws at the May 2006 commencement of the School of Law, Southern Illinois University Carbondale.

#### Rationale for Adoption

The Wisconsin native graduated with a Juris Doctorate degree from the University of Chicago law school in 1951, clerked for Supreme Court Justice Sherman Minton 1951-1952, then returned to Chicago to practice labor law with Supreme Court Justice Arthur Goldberg.

In 1956, he ran for the Illinois House as a Democrat against the Democrat machine, and was elected. In fact, he was named "best freshman legislator" by Springfield reporters. Along with Paul Simon, he fought for fair housing and against corruption in the state welfare system, winning the enmity of Chicago Mayor Richard J. Daley. Daley's political machine tried to freeze Judge Mikva and Simon out, but the two persevered, and eventually Judge Mikva wrote sweeping reforms of the state criminal code, as well as of its mental health facilities.

In 1979, President Jimmy Carter nominated Judge Mikva for the federal appeals court in the District of Columbia, a seat of judicial power second only to the Supreme Court. Judge Mikva served sixteen years on the appeals court, rising to chief judge. He authored more than three hundred opinions, including several defending free speech, as well as a strong defense of consumer rights, especially in a case involving more lax standards for air bags.

In 1949, President Clinton asked Judge Mikva to give up his lifetime appointment to the bench and replace Lloyd Cutler as White House

counsel. It was the time of Ruby Ridge, of Waco, of Whitewater, and of the investigations of several Cabinet members.

In 1998, Judge Mikva received the Paul Douglas Ethics in Government Award from the University of Illinois. The Ethics in Government Award, established by the University of Illinois in 1992 to honor a man often labeled "the conscience of the United States Senate," is presented annually to an individual who has promoted ethical behavior in others and whose career demonstrates high ethical standards.

Judge Mikva is the author of several books, including law school textbooks on the legislative process and a popular Political Science textbook entitled *The American Congress: The First Branch*. He has also written more than forty law review articles, including a 2004 article in the *South Carolina Law Review* entitled, "The Roles of Judges in Secret Judgments."

Judge Mikva has taught courses at Northwestern University, Georgetown University, the University of Pennsylvania, American University, the University of Chicago, the University of Illinois, and New York University. He is the recipient of numerous honorary degrees and was recently elected to the American Academy of Arts and Sciences.

#### RECOMMENDATION FOR HONORARY DEGREE, SIUE

#### Summary

The President, on the recommendation of the SIUE Chancellor, requests Board of Trustees approval to award an honorary Doctor of Humane Letters degree to Mr. Peter Pastreich at the May 2006 SIUE commencement.

#### Rationale for Adoption

Peter Pastreich played a pivotal role in the establishment, planning, and operation of the Mississippi River Festival (MRF) as executive director of the St. Louis Symphony Orchestra from 1969 through 1974. He worked in close collaboration with SIUE to give form and substance to the MRF vision, managing the orchestra's involvement in the festival and overseeing the artistic programming for the MRF. This partnership was one of the earliest tangible examples of regional cooperation in the bi-state area.

In 1978, Pastreich became executive director of the San Francisco Symphony, where he would remain for more than two decades and achieve an enviable record of artistic and financial achievement. Today, Pastreich is regarded as a senior statesman among American orchestra managers. He continues to serve as a consultant in the training of orchestra managers, strategic planning, and conflict resolution.

#### RECOMMENDATION FOR DISTINGUISHED SERVICE AWARD, SIUE

#### <u>Summary</u>

The President, on the recommendation of the SIUE Chancellor, requests Board of Trustees approval to give the Distinguished Service Award to Rita Hardy at the May 2006 Commencement.

#### Rationale for Adoption

Rita "Re" Hardy is a dedicated volunteer and fundraiser for several organizations in the greater metropolitan St. Louis region, including SIUE, the St. Louis area United Service Organizations (the James S. McDonnell USO), the American Heart Association, Faith Countryside Homes in Highland, Illinois, Shriner's Hospital, Daughters of the Nile, Daughters of the American Revolution, and the Highland Community Foundation. She is actively involved with the Meridian Society of the SIUE Foundation, a women's philanthropy organization.

Since 1994, Mrs. Hardy has been a member of the SIUE Foundation Board of Directors, serving as its Treasurer, Vice President, President and Chair of the Board. She also served as co-chair of the SIUE Arboretum Committee to raise funds and interest in providing physical improvements to the Donal G. Myer Arboretum, and continues her work with this project, a portion of which is now named The Gardens at SIUE. She established the Bob Hardy Memorial Scholarship in Broadcast Journalism at SIUE, in memory of her late husband, renowned KMOX broadcaster Bob Hardy.

Mrs. Hardy also established the American Heart Walk in Memory of Bob Hardy. She has been a long time advocate of education, awareness, and prevention of heart disease.

Award, SIUE, be presented to Rita Hardy at the May 6, 2006, commencement or some commencement thereafter of Southern Illinois University Edwardsville.

## PROJECT AND BUDGET APPROVAL: BOWLING ALLEY AND BILLIARDS AREA RENOVATION, STUDENT CENTER, CARBONDALE CAMPUS, SIUC

#### <u>Summary</u>

This matter seeks project and budget approval for renovating the bowling alley and billiards area in the Student Center, Carbondale, Illinois. The estimated cost of the renovation is \$600,000. This project will be funded from external and/or internal financing as determined by the Board Treasurer. The debt payment will be repaid with SIUC Student Center Operation Funds.

#### Rationale for Adoption

Approval is requested to renovate approximately 16,000 square feet located in the bowling and billiards area of the Student Center. The existing area was last renovated in the early 1960's and the bowling lanes are original to the building. The bowling and billiards area of the Student Center has over 67,000 visitors per year. The renovations will upgrade the electrical, lighting and flooring in both areas and the lanes, ball return and scoring system in the bowling area. The upgrades are necessary to meet current industry standards and comply with the Americans With Disabilities Act.

The nature of this project and its source of funds cause it to be defined as a non-instructional capital improvement project. Consequently, approval of the Illinois Board of Higher Education is required prior to the commitment of funds.

The Board of Trustees' consulting architect will be given the opportunity to review the drawings and specifications for this project.

#### Considerations Against Adoption

University officials are aware of none.

#### Constituency Involvement

The Student Center Advisory Board, which includes representation from Undergraduate Student Government, Graduate and Professional Student Council, Faculty Senate, Administrative/Professional

Staff Council and Student Programming Council, has been made aware of this project.

#### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

- (1) The project to renovate the bowling and billiards area of the Student Center, Carbondale, Illinois, be and is hereby approved at an approximate cost of \$600,000.
- (2) Funding for this project shall be from external and/or internal financing as determined by the Board Treasurer. The debt payment will be repaid with SIUC Student Center Operation funds.
- (3) The project be and is hereby recommended to the Illinois Board of Higher Education for approval as a non-instructional capital improvement project.
- (4) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

## PROJECT AND BUDGET APPROVAL: PARKING LOT CONSTRUCTION, CARBONDALE CAMPUS, SIUC

#### <u>Summary</u>

This matter seeks project and budget approval to construct a parking lot on University-owned land located at the northeast edge of the Carbondale campus along the intersection of State and Stoker Streets. The project will develop approximately 175 parking spaces at an estimated cost of \$400,000.

Funding for this work will come from the Traffic and Parking Revenue Fund and the Parking Facilities Replacement and Reserve Fund. Physical Plant Engineering Services will prepare drawings and specifications.

#### Rationale for Adoption

The parking lot will be developed on land the University owns located north of Stoker Street and east of State Street on the northeast edge of the Carbondale campus.

Parking in this lot will be restricted to the residents of the new Grand and Wall Housing complex adjacent to the new Health Service facility. The residents will be given the opportunity to pay a premium to utilize this parking lot.

Construction will be supported from the Traffic and Parking Revenue Fund and the Parking Facilities Replacement and Reserve Fund. Physical Plant Engineering Services will prepare drawings and specifications.

#### Considerations Against Adoption

University officers are aware of none.

#### Constituency Involvement

This project has the recommendation of the Campus Traffic and Parking Committee, which has constituency representation.

#### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

- (1) The project to construct a parking lot located north of Stoker Street and east of State Street on the northeast edge of the Carbondale campus be and is hereby approved with an estimated cost of \$400,000. The construction will be supported from non-appropriated funding.
- (2) Funding for this work will come from the Traffic and Parking Revenue Fund and the Parking Facilities Replacement and Reserve Fund.
- (3) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

# PROJECT AND BUDGET APPROVAL: ROOF REPLACEMENT, STUDENT CENTER, CARBONDALE CAMPUS, SIUC

#### Summary

This matter seeks project and budget approval for replacing the roof on the Student Center, Carbondale, Illinois. The estimated cost of the renovations is \$2,000,000. This project will be funded from external

and/or internal financing as determined by the Board Treasurer. The debt payment will be repaid with Student Center Operation Funds.

#### Rationale for Adoption

Approval is requested to replace approximately 126,000 square feet of roof on the Student Center. The existing roof on the Student Center is experiencing leaks which require periodic repairs. The current roof was installed in 1991 and 1992; its ten year warranty has expired.

The nature of this project and its source of funds cause it to be defined as a non-instructional capital improvement project. Consequently, approval of the Illinois Board of Higher Education is required prior to the commitment of funds.

The Board of Trustees' consulting architect will be given the opportunity to review the drawings and specifications for this project.

#### Considerations Against Adoption

University officials are aware of none.

#### Constituency Involvement

The Student Center Advisory Board, which includes representation from Undergraduate Student Government, Graduate and Profession Student Council, Faculty Senate, Administrative/Professional Staff Council and Student Programming Council, has been made aware of this project.

#### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

- (1) The project to replace the roof on the Student Center, Carbondale, Illinois, be and is hereby approved at an approximate cost of \$2,000,000.
- (2) Funding for this project shall be from external and/or internal financing as determined by the Board Treasurer. The debt payment will be repaid with Student Center Operation funds.
- (3) The project be and is hereby recommended to the Illinois Board of Higher Education for approval as a non-instructional capital improvement project.

(4) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

## AWARD OF CONTRACTS: AUTOMATIC SPRINKLER SYSTEM INSTALLATION HIGH-RISE DORMITORIES, MAE SMITH (PHASE TWO), SIUC

#### <u>Summary</u>

This matter awards the contracts to install an automatic sprinkler system in the Mae Smith Hall building on the Carbondale campus.

The recommended bids for the installation of an automatic sprinkler system in the Mae Smith Hall building total \$2,094,630. The total revised estimated cost for this three phase project is \$6,500,000. The increase in the project budget will be funded from external and/or internal financing as determined by the Board Treasurer. The debt payment will be repaid with SIUC Housing Operation Funds.

#### Rationale for Adoption

Effective January 1, 2002, the Illinois State Fire Marshal's Office adopted the 2000 Fire Protection Association's Life Safety Code (NFPA 101), replacing the 1985 edition of the NFPA 101 previously enforced by that office. Under the 1985 edition of NFPA 101, the University was not required to place sprinkler systems in existing high-rise dormitories. However, the recently adopted 2000 edition mandates that all existing high-rise dormitories consisting of four or more stories be protected throughout by an approved supervised, automatic sprinkler system. Effective January 1, 2005, the Illinois General Assembly enacted Public Act 093-0887 which states, "fire sprinkler systems are required in the dormitories of all post-secondary educational institutions by 2013. This includes current structures as well as newly constructed dormitories."

University Housing is now ready to proceed with phase two of the three-phase project to install the required automatic sprinkler systems in the three high-rise dormitories in the East Campus area. Each building consists of 17 floors and a basement. There are 16 floors of living space with 25 rooms per floor, or 400 rooms per building. Each building also contains offices, study areas, and laundry rooms on each floor. The total square footage for all three buildings is approximately 583,900 sq. ft.

Phase two calls for the installation of Mae Smith's system during the summer of 2006. Neely Hall is the final phase, with design and installation occurring in FY 2007 and FY 2008 respectively.

Project and budget approval was originally received from the Board of Trustees on April 8, 2004, with an estimated cost of \$3,500,000 for this three phase project. At their meeting on December 8, 2005, the Board of Trustees approved a revised budget of \$6,500,000 for this project. The increase in the project budget will be funded from external and/or internal financing as determined by the Board Treasurer. The debt payment will be repaid with SIUC Housing Operation Funds.

The nature of this project and its source of funds cause it to be defined as a non-instructional capital improvement project, thus requiring revised approval from the Illinois Board of Higher Education. The original project approval was received on June 8, 2004, from the IBHE. The revised project and budget approval was received from IBHE at their meeting on February 7, 2006.

#### Considerations Against Adoption

University officers are aware of none.

#### Constituency Involvement

This project has the approval of the Residence Hall Association.

#### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

- (1) The contract for general construction work to install the automatic sprinkler system at Mae Smith Hall (phase two), be and is hereby awarded to J & L Robinson Development & Construction Company, Inc, Carbondale, IL, in the amount of \$697,900.
- (2) The contract for sprinkler work to install the automatic sprinkler system at Mae Smith Hall (phase two), be and is hereby awarded to Premier Fire Protection, Inc, Paducah, KY, in the amount of \$959,500.
- (3) The contract for electrical work to install the automatic sprinkler system at Mae Smith Hall (phase two), be and is hereby awarded to Keith Martin, Inc, Johnston City, IL, in the amount of \$437,230.
- (4) Funding for this work shall be from external and/or internal financing as determined by the Board Treasurer. The debt payment will be repaid with SIUC Housing Operation Funds.

(5) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

# AWARD OF CONTRACT: ROOF REPLACEMENT, UNIVERSITY HALL, CARBONDALE CAMPUS, SIUC

#### Summary

This matter awards the contract for replacing the roof on University Hall, on the Carbondale campus.

The recommended bid for the replacement of the roof on University Hall total \$445,916. This project will be funded from external and/or internal financing as determined by the Board Treasurer. The debt payment will be repaid with SIUC Housing Operation Funds.

#### Rationale for Adoption

Project and budget approval to replace approximately 26,700 square feet of roof on University Hall was received from the SIU Board of Trustees at their meeting on December 8, 2005. The approved estimated budget for this project is \$475,000. During the University Hall facilities assessment, Plant and Service Operations detected roof leaks. In the past, University Housing has made short term repairs to the roof. In addition, the Jackson County Health Department recommended that the roof over the kitchen be replaced. The project is scheduled to be completed during the summer of 2006.

This project is part of the University Housing Safety/Security Enhancement Plan approved at the November 10, 2005, Board of Trustees' meeting.

Due to the nature and the source of funding of this project it is classified as a non-instructional capital improvement project. The Southern Illinois University Board of Trustees recommended this project to the Illinois Board of Higher Education for review and approval. Their approval was received on February 7, 2006.

The Board of Trustees' consulting architect will be given the opportunity to review the drawings and specifications for this project.

#### Considerations Against Adoption

University officials are aware of none.

#### Constituency Involvement

The Residence Hall Association is aware of this project.

#### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

- (1) The contract to replace the roof on University Hall, Carbondale, Illinois, be and is hereby awarded to Bartch Roofing Company, Inc., Bridgeton, Missouri, in the amount of \$445,916.
- (2) Funding for this project shall be from external and/or internal financing as determined by the Board Treasurer. The debt payment will be repaid with SIUC Housing Operation funds.
- (3) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

## AWARD OF CONTRACT: ENERGY CONSERVATION MEASURES SPRINGFIELD MEDICAL CAMPUS, SIUC

#### Summary

This matter seeks the award of contract for the energy conservation measures lighting modifications planned for the Springfield Medical Campus totaling \$278,611. Project funding has been financed through the issuance of Series 2004A Certificates of Participation. The debt service will be paid from the resulting energy and operational savings.

#### Rationale for Adoption

On March 2, 2004, the School of Medicine accepted Requests for Proposals from energy service companies (ESCOS) seeking a firm to identify, design and implement energy conservation measures on the Springfield medical campus. At their meeting on May 13, 2004, the Board of Trustees approved this project and an estimated budget of \$4,500,000. Project funding has been financed through the issuance of Series 2004A Certificates of Participation (COPS) and will be retired through the resulting energy and operational savings.

In July of 2005, the Board of Trustees approved a plan to terminate the services of the ESCO and to complete designs, bid and monitor construction using School of Medicine engineers and, where necessary, contractual A/E services. In December 2005, the Board of Trustees awarded contracts for the first phase of the energy conservation projects totaling \$198,534.

This phase of the project is for lighting improvements engineered by the School of Medicine engineering staff. The improvements include changing light tubes and ballasts to reduce energy consumption campus wide. Favorable bids have been received totaling \$278,611 and an award of contract is requested.

#### Considerations Against Adoption

University officials are aware of none.

#### Constituency Involvement

## ANNEXATION OF THE CARTERVILLE CAMPUS INTO THE CITY LIMITS OF CARTERVILLE, IL, SIUC

#### Summary

This matter seeks approval for the annexation of the Carterville campus into the city limits of Carterville, Illinois, when the Carterville campus is contiguous to the city limits.

The property is located in the Southwest Quarter of Section 13, Township 9 South, Range 1 East, Third Principal Meridian, Williamson County, Illinois.

At its meeting on July 14, 2005, the SIU Board of Trustees approved the installation of a new sanitary sewage system for the Carterville campus and a utility easement to the City of Carterville, Illinois.

#### Rationale for Adoption

Currently this property is within the City of Carterville's zoning jurisdiction. It is not contiguous to the city limits. Carterville desires to annex this property as soon as it becomes contiguous to the city. Annexation will allow the City to extend its geographic boundaries and allow for future growth and expansion of the City. This will create a more significant impact when the area markets its infrastructure to potential business and industry.

#### Considerations Against Adoption

University officers are aware of none.

#### Constituency Involvement

Not pertinent in this matter.

#### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The property, located in the Southwest Quarter of Section 13, Township 9 South, Range 1 East, Third Principal Meridian, Williamson County, Illinois, known as the Carterville campus, be and hereby permitted to be annexed when the Carterville campus is contiguous to the city limits of the City of Carterville, Illinois.

(2) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

#### WITNESSETH:

WHEREAS, and OWNER is the OWNER of record to certain real property, the legal description of which is attached hereto and made a part hereof as Exhibit A (which real estate is hereinafter referred to in its entirety as "Tact A"); and,

WHEREAS, Tract A is within the CITY'S zoning jurisdiction and is not contiguous to the city limits of the CITY OF CARTERVILLE, but it is anticipated it will become contiguous to the CITY in the future; and,

WHEREAS, the CITY Desires to annex Tract A to the CITY as soon as it becomes contiguous to the city limits; and,

WHEREAS, the CITY at some future date may extend its public water system and sewage collection and treatment facilities to Tract A; and,

WHEREAS, the CITY OF CARTERVILLE is a home rule unit as provided by Article VII of the 1970 Constitution for the State of Illinois; and,

WHEREAS, the CITY, after due and careful consideration, has concluded that the annexation of said real estate to the City on the terms and conditions hereinafter set forth would further the growth of the CITY, enable the CITY to control the development of the area, and subserve the best interests of the CITY; and,

WHEREAS, a proposed annexation agreement in substantially the same form as this Agreement was submitted to the City Council of the CITY OF CARTERVILLE and a public hearing was held on the \_\_\_\_\_ day of \_\_\_\_\_, 20\_\_\_\_, pursuant to notice, as provided by State Statute;

NOW THEREFORE, in consideration of the mutual promises and covenants herein contained, the parties hereby agree as follows:

Section 1. This Agreement is made pursuant to and in accordance with the provisions of Section 11-15.1-1 et. seq., of the Illinois Municipal Code, 65 ILCS 5/11-15.1-1 et. seq., and Article VII of the Constitution of the State of Illinois.

Section 2. The OWNER warrants that it is the sole owner of Tract A.

Section 3. The OWNER, its heirs, successors, or assigns, agree to annex Tract A to the CITY OF CARTERVILLE, upon said property becoming contiguous to the CITY through interim annexation or annexations of other territory to the CITY. Said OWNER shall, upon contiguity of the property to the CITY, submit a petition to annex bearing the signatures of the OWNER and all

eligible electors residing on the property. In order to facilitate securing the electors' signatures, the OWNER shall require in all leases or rental agreements a condition requiring the eligible electors to sign an annexation petition when needed to comply with this Agreement.

Section 4. The OWNER, its heirs or assigns agree to connect the buildings on Tract A to the public water and sewage facilities when they become available in accordance with the provisions of the CITY OF CARTERVILLE Ordinances now or as they may be hereafter amended.

Section 5. This Agreement shall not affect the OWNER'S liability for any special assessment, sewer connection fees or sewer charges applicable to Tract A.

Section 6. This Agreement shall be recorded by the City Clerk in the office of the County Recorder of Williamson County.

Section 7. This Agreement shall be construed as a covenant running with the land, and the CITY and the OWNER, jointly or severally, may either in law or in equity by suit, action, mandamus or other proceeding, enforce and compel performance of this Agreement.

Section 8. This Annexation Agreement shall be binding on and inure to the benefit of the parties hereto, their heirs and assigns, any lessee of the property, any successor owners of land subject to this Agreement, any successor municipal authorities of the CITY and any successor municipalities for a period of twenty (20) years from the date of execution of said Agreement; provided that the CITY may renew said Agreement for an additional twenty

(20) year period by giving at least sixty (60) days notice of said extension of the Agreement, in writing, prior to the expiration of the initial twenty (20) year term.

Section 9. Should any Section of this Annexation Agreement be held invalid under the laws of the State of Illinois of the United States, the parties agree that all remaining Sections not found to be invalid shall continue to be in full force and effect and shall be enforceable by either party.

IN WITNESS WHEREOF, the CITY, and the OWNER, have hereunto set their hands and seals and have caused this instrument to be executed by their duly authorized officials and the corporate seal affixed hereto, all on the day and year first above written.

## APPROVAL FOR EXECUTIVE COMMITTEE TO AWARD CONTRACTS: PROPOSAL TO NAME STUDENT RESIDENCE HALL IV, SIUE

#### Summary

This matter will grant authorization to the Executive Committee of the Board of Trustees to award contracts for the construction of the capital project, Student Residence Hall IV, SIUE. The project involves construction of a three-story approximately 500-bed student residence hall of approximately 190,000 square feet south of and in close proximity to an existing residence hall, Bluff Hall, with an adjoining approximately 550-space parking lot. The estimated cost of the project is \$39.2 million and will be funded through the sale of revenue bonds to be re-paid from housing revenues and parking and traffic revenues.

This matter would also name Student Residence Hall IV as Evergreen Hall.

#### Rationale for Adoption

At its October 13, 2005 meeting, the SIU Board of Trustees approved the project and budget for the capital project Student Residence Hall IV, SIUE. At its December 6, 2005 meeting, the Illinois Board of Higher Education approved the project and its funding sources as a non-instructional capital improvement.

This authority is requested in order to expedite future action on the project. Bids are anticipated in mid-April 2006 and the building needs to be complete in August 2007.

It is also recommended that Student Residence Hall IV, be formally named to establish its own identity. The proposed name was developed in recognition of the physical environment surrounding the site of the residence hall and to be in concert with the names of the existing halls – Prairie Hall, Woodland Hall, and Bluff Hall. It is important to name Student Residence Hall IV at this time so that the name can be incorporated into future publications.

#### Considerations Against Adoption

University officers are aware of none.

#### Constituency Involvement

A Housing Task Force that studied the campus housing needs was comprised of students, faculty, and staff members. The design meetings included housing staff members and student representatives

from Student Government and the Residence Hall Association. Student Government has reviewed the concept plans. The name of the hall has been recommended by the University Planning and Budget Council. This matter is recommended for adoption by the Chancellor, the Vice Chancellor for Administration, and the Vice Chancellor for Student Affairs, SIUE.

#### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

- (1) The members of the Executive Committee of this Board be and are hereby authorized to award contracts in connection with this project.
- (2) Student Residence Hall IV be and is hereby formally named Evergreen Hall.

The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

#### APPROVAL OF LEASE AGREEMENT: COMPUTER WORKSTATIONS, SIUE

#### <u>Summary</u>

This matter would grant approval for the continued lease of computer workstations on the SIUE campuses. If approved, this 36-month agreement would service approximately 1,500 workstations at a cost of approximately \$1,150 per workstation funded through departmental operating funds. The agreement provides for the lease program, related financing, and maintenance. The total package is a response to a Request for Proposals and represents the best price.

#### Rationale for Adoption

SIUE has had a successful computer-leasing program for the past six years. This program provides for the leasing of computer workstations for administrative and academic use as well as the maintenance and service support for each workstation. There are currently more than 1,500 workstations leased on SIUE campuses. Leasing provides high-quality computing service for a fixed, predictable monthly expenditure which includes shipping, installation, repair parts, financing, and service. Every 36 months, leased workstations are replaced with new ones. As a result, the University receives the benefits of equipment that incorporates

the advantages of the latest technology, and assists in the elimination of obsolescent, failure-prone computers that won't run the latest software.

The cost of the agreement is approximately \$1,150 per workstation and will be funded by the individual user's departmental operating funds. The actual cost per workstation and the total value of the 36-month agreement is dependent on the number of workstations and options requested by individual departments.

#### Considerations Against Adoption

University officers are aware of none.

#### Constituency Involvement

This matter is recommended for adoption by the Vice Chancellor for Administration, and the Chancellor, SIUE.

#### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The lease agreement for computer workstations at SIUE is hereby approved at a cost of approximately \$1,150 per workstation.

The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

## APPROVAL OF THE INTEGRATION OF SALUKI WAY INTO THE LAND USE PLAN, SIUC

#### <u>Summary</u>

This matter seeks approval for the integration of Saluki Way into the 2001 Land Use Plan. In addition, this matter requests that the revised plan be called the 2006 Campus Master Plan for the Carbondale campus. This action is consistent with the vision for Southern Illinois University Carbondale articulated in *Southern at 150: Building Excellence through Commitment* and unanimously endorsed by the Board of Trustees on February 13, 2003.

#### Rationale for Adoption

In the spring of 2000, Vice Chancellor for Administration, Dr. Glenn Poshard, was charged with developing a revised Land Use Plan that would provide direction for the growth and development of the Campus. Dr. Poshard established a Committee Concerning the Campus Environment to provide constituency input for the development of this plan. The University contracted with Civitas, Inc. from Denver, Colorado to assist the committee. Input regarding future needs was solicited from the University and City community. Civitas worked closely with the Committee Concerning the Campus Environment to develop a Land Use Plan that would provide direction for the physical environs of the University. The plan determined general locations for campus functions and a general circulation concept. The plan organized academics, housing, parking and support functions in a compact, pedestrian-oriented manner. The Land Use Plan was developed to be modified as more specific information became available and detailed studies were completed.

The Board of Trustees approved the Land Use Plan in April 2001. Since 2001, the Land Use Plan has laid the groundwork for the development of the 2004 University Housing Facility Master Plan, the Athletics Facility Master Plan, and the development of Saluki Way. With the development of these additional plans that are all based on the 2001 Land Use Plan, this matter requests that these plans be integrated into a proposed 2006 Campus Master Plan. This action is consistent with **Southern at 150: Building Excellence through Commitment**, especially but not limited to the aspiration to develop and maintain Campus Buildings, as described in the commitment to Enrich our Campus. At this time, approval is requested for the integration of these plans into a proposed 2006 Campus Master Plan (see attachment).

#### Considerations Against Adoption

University officers are aware of none.

#### Constituency Involvement

President Glenn Poshard has presented the integration of Saluki Way into the 2001 Land Use Plan at the Spring 2006 Leadership Meeting, a meeting whose participants include all of the Executive Committee, Deans, Department Chairs and Directors across campus. Chancellor Wendler has presented the proposed 2006 Campus Master Plan to various student groups, faculty and staff in the academic colleges, other departments across campus, all constituency groups, various community groups, the Deans, and the Chancellor's Executive Committee. The Chancellor and the Executive Director of Administration, SIUC, recommend that the integration of Saluki Way and the 2001 Land Use Plan

be approved and the proposed title of "2006 Campus Master Plan" be adopted for this integrated plan.

#### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

- (1) Saluki Way and other plans consistent with **Southern at 150: Building Excellence through Commitment**, and developed as a result of the 2001 Land Use Plan, be integrated into the 2001 Land Use Plan by way of a revised Land Use Plan and is hereby approved.
- (2) Hereafter, the revised Land Use Plan will be entitled "2006 Campus Master Plan" for the Carbondale campus.
- (3) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

## 2006 CAMPUS MASTER PLAN SOUTHERN ILLINOIS UNIVERSITY CARBONDALE

The Campus Master Plan is a living document that provides direction for the future growth and development of the Southern Illinois University Carbondale campus, and is consistent with the vision for Southern Illinois University Carbondale articulated in *Southern at 150: Building Excellence through Commitment*. Directed at focusing the campus to meet the needs of students, faculty, staff, alumni and friends of the university, the 2006 Campus Master Plan organizes academics, housing, parking, and support functions such that the vastness of the expansive campus is developed in a compact, pedestrian-oriented manner.

In 2001, the University surveyed the University and City community to seek input in the creation of a Land Use Plan for the SIUC campus. The Committee Concerning the Campus Environment, Chaired by then Vice Chancellor for Administration Glenn Poshard with University constituency representation, was formed to address the Land Use Plan for the Campus. Over the past five years, guided by the principles developed in *Southern at 150: Building Excellence through Commitment*, additional planning efforts have been carried out to strengthen and support this plan. The 2006 Campus Master Plan is an improved and updated integration of the 2001 Land Use Plan, approved by the Board of Trustees on April 12, 2001; the 2004 University Housing Facility Master Plan; the Athletic Facility Master Plan; and Saluki Way.

The following is a description of the Campus Master Plan with respect to several key features: roads; entryways; parking; student and fraternity/sorority housing; pedestrian circulation; building additions and renovations; general renovations; athletics and recreation; and Thompson Woods and Campus Lake. Each of these categories is an important component in the Campus Master Plan.

#### **ROADS**

The Campus Master Plan proposes the major reconstruction of the vehicular circulation system with the re-alignment of Lincoln Drive to the west of the Communications Building as well as moving the Lincoln Drive/U.S. 51 campus entrance to the north. This re-alignment creates the opportunity for additional building sites and expands natural areas within the academic core, while removing traffic from a primary pedestrian area. Road closures include Douglas Drive, Douglas Drive East, the spur of Lincoln Drive from the Poplar entry east to Normal Drive, and portions of Forest Avenue and West Grand Avenue. These closures will affect normal

vehicular traffic, but will remain open for service access. Additional roads will connect student housing and parking at the northwest corner of campus to Lincoln Drive and provide drop-off areas at Morris Library, the south and west sides of the new stadium and at key locations within the academic center of the campus.

#### **ENTRYWAYS**

#### Primary Visitors' Entrance (completed 2005)

The primary entrance to the campus is located at the Lincoln Drive connection off U.S. 51. This entryway acts as the primary campus gateway to key visitor destinations and parking.

#### Symbolic Campus Entrance

The symbolic entrance to the campus is located at Mill Street and the U.S. 51 entrance to campus. This defined entrance announces the importance of the area.

#### Secondary Entrances

Secondary campus entryways are located at the intersection of Oakland Avenue and Chautauqua Street, at Wall Street and Grand Avenue, and at McLafferty Road and Poultry Center Drive.

#### Parking Parking

With the added density in the campus interior, new parking will occur primarily in four new parking structures. Included is the replacement of the existing two-story parking structure at Lincoln Drive near U.S. 51. Other possible locations include a new structure north of Woody Hall, a new structure west of the Neckers Building and a new structure west of Rehn Hall. Each of these structures would serve the heavy parking needs in these specific areas of campus. These types of structures are more appropriate to minimize traffic disruption and to provide protection of the campus green space. Expanded surface parking, on the perimeters of Campus, could be provided north and west of the Lesar Law building, surrounding the new football stadium, northwest of Lincoln Drive (bounded by Elizabeth and Whitney Streets), and between residence halls along Lincoln Drive.

#### PEDESTRIAN CIRCULATION

The pedestrian circulation system focuses on the connection of a series of significant outdoor spaces. Gathering areas at the historic quadrangle, academic centers, residential developments, near the

engineering facility and primary campus pedestrian entries will be connected by significant walkways. Such a system helps give direction for pedestrians and provides identity for campus spaces and gathering places.

To compliment the pedestrian circulation system, a new way-finding system has been installed. Placement of these signs is located at key directional decision points. This system reflects the image of the Campus while remaining compliant with the Americans with Disabilities Act guidelines.

#### Housing

The 2004 University Housing Facility Master Plan provides direction for the future growth and development of student housing on the Southern Illinois University Carbondale campus over the next 15 years. In keeping with the objectives of **Southern at 150: Building Excellence Through Commitment**, the long range blueprint for reshaping the University by its 150<sup>th</sup> birthday in 2019, this plan outlines several future projects that will provide improved residential facilities to meet the changing needs and expectations of our students.

In order to bring students closer to the academic heart of the campus, additional housing has been discussed at a possible location along the northern perimeter of the academic zone (on Lincoln Drive between Rehn Hall and Normal Avenue) in the northwest corner of Campus. New residence halls would be arranged to create outdoor spaces to act as student activity areas along a proposed new pedestrian circulation system. The additional housing would bring the total number of rooms to approximately 6,500. With the location of housing inside the hub of campus, parking demands will decrease in the central campus area.

#### New Fraternity/Sorority Housing

The existing Greek Row will be demolished. New housing buildings will be created for a more pleasant spatial organization that takes advantage of Campus Lake and the interior campus community space.

#### Wall and Grand Apartment Complex (in progress)

As outlined in the 2004 University Housing Facility Master Plan, the Wall and Grand Apartment Complex project is designed to add a 147,000 gross square foot complex that will provide apartment-style living quarters for 400 on-campus student residents.

#### CAMPUS MASTER PLAN PROJECTS: BUILDING ADDITIONS/RENOVATIONS

(\*projects requested through IBHE Capital RAMP process)

#### Classroom Improvements

Over \$7 million in classroom upgrades and renovations have been completed. Auditoriums, lecture halls, laboratories and electrical upgrades have been the focus of the improvements. Classroom improvements are in progress and ongoing.

#### Altgeld Hall Renovation and Addition\* (completed 2004)

A 2,500 square foot addition and complete renovation project was finished in 2004.

#### Southern Illinois Research Park

A 19,920 square foot multi-tenant building was completed in 2005 at the Southern Illinois Research Park. This facility will house tenants from the Small Business Incubator program as well as new knowledge-based companies. The Southern Illinois Research Park Board plans for future building development consistent with the SIUC Research Park Plan approved by the Board of Trustees on April 13, 2000. Future building developments will comply with the Covenants, Conditions, and Restrictions of the Southern Illinois Research Park.

#### Morris Library Addition/Renovation\* (in progress)

The 50,000 square foot Morris Library addition/renovation project is currently in progress on the north side of the existing library. This orientation helps define outdoor space without disrupting the natural beauty of the area.

#### Troutt-Wittman Academic and Training Center (completed 2005)

A 10,000 square foot addition has been constructed on the north end of Lingle Hall. This facility contains study areas for student-athletes and an expanded weight room facility.

#### Communications Building Addition\*

The Communications Building addition project is planned for three possible locations: to the west of the existing building, to the north of the existing building, and to the northeast of the existing building. The west addition is centered on the Chautauqua Street entrance to create a significant architectural entry. Instead of simply providing buildings, the design should ensure that new structures are integrated both visually and functionally into the campus.

#### Agriculture Building Addition\*

The Agriculture Building addition project is planned to the west of the existing structure, expanding the northeast section of the facility.

#### General Classroom Buildings

Proposed new general classroom buildings are planned for the area south of Anthony Hall and across from the Student Center, creating an academic hub along the Saluki Way corridor.

#### Woody Hall Renovation

The Woody Hall renovation project would assist in the consolidation of the Business Practices functions, Human Resources and Rehabilitation Services on campus.

#### **Student Health Center** (completed 2005)

The new Student Health Center is located east of the Student Recreation Center.

#### Student Services Building

A new Student Services Building is planned to the east of the new parking structure. This facility will house Student Services functions such as Admissions, Records, Financial Aid, and Housing offices.

#### **Transportation Education Center\*** (design in progress)

The Transportation Education Center (TEC) facility, to be located at the Southern Illinois Airport, will consist of a main building serving the Automotive Technology, Aviation Flight, Aviation Management and Aviation Technologies programs, and the annexes. The total square footage of the TEC is estimated to be 271,800 gross square feet.

#### Lighting Upgrades

Fifty-seven (57) buildings have received indoor lighting upgrades reducing the University's overall energy costs. Lighting upgrades are in progress and ongoing.

#### **Building Demolitions**

Nine obsolete structures have been removed from the campus thus reducing the maintenance and utility costs associated with these structures.

Additional building structures included in the Campus Master Plan are reserved for future expansion needs.

#### GENERAL RENOVATION

The Campus Master Plan also emphasizes the renovation of current space to accommodate the changing needs of our students, faculty and

staff. Space such as classrooms, laboratories, libraries, housing and athletics, as well as central corridors and lobbies will reflect a living/learning environment that promotes excellence across the campus.

#### Sidewalk and Overpass Repairs

Approximately 28,000 linear feet of campus sidewalks have been repaired and the north pedestrian overpass has been refurbished. Campus sidewalk repairs are in progress and ongoing.

#### ATHLETICS AND RECREATION

The Athletics Facilities Master Plan includes recommendations to improve athletic facilities. Currently, there is a growing demand at major universities to develop high quality competition, training and academic facilities for student-athletes.

The plan includes a new football stadium to be constructed at a location south of the existing stadium and northeast of the Arena, renovation of the SIU Arena, renovation of the Abe Martin Field, a new track and field facility, and an indoor field house and training center.

A new women's softball complex has been completed at the old softball practice location. Expanded recreational fields are proposed to replace the existing parking north of the East Campus residential Towers. Additional recreational fields are also proposed at the northwest corner of the campus and would act as a buffer between off-campus residential and student housing in this area.

#### THOMPSON WOODS AND CAMPUS LAKE

As part of the Campus Master Plan, restoration to enhance the natural appeal of Thompson Woods and Campus Lake is in progress and will be ongoing.

#### <u>SUMMARY</u>

The Campus Master Plan will have a lasting and positive impact on Southern Illinois University Carbondale as it provides direction for the physical environment. The places where our students study and live, the offices, studios and laboratories where our faculty and staff work, and the classrooms where teaching and learning occur are the center of academic life. Meeting the current and developing needs and desires of the people our university serves is the goal of the 2006 Campus Master Plan and

represents consistency with the goals, vision, core values, mission, commitments, and aspirations of **Southern at 150: Building Excellence through Commitment**.

## AUTHORIZATION TO PURCHASE A STUDENT INFORMATION SYSTEM, SIUC Summary

This matter seeks the authorization to purchase the software licenses, hardware, consulting, training, and ten years of annual maintenance and upgrades for a new comprehensive student information system (SIS) for the Carbondale campus. It is estimated that the purchase and implementation of SIS will cost \$6,844,000, which includes the software licenses, hardware, consulting, training and staff costs. After implementation, the University will incur approximately \$750,000 in annual software and hardware maintenance / upgrades costs.

The expenditures for the software licenses, consulting and training services will be funded from external and/or internal financing as determined by the Board Treasurer. The debt payment, annual maintenance and upgrade services will be repaid with a proposed information technology fee.

#### Rationale for Adoption

The current SIS is a mainframe application written in COBOL and was implemented by the University in 1991. The software vendor has only five remaining universities using a mainframe application and will abandon support for the University's current SIS in 2009. Without vendor support, the University will be required to perform all software maintenance which would be difficult and costly. Frequent statutory and

regulatory changes necessitate software program modifications to accurately process student records, billings, and financial aid.

A new SIS will offer features not currently available in the existing application. The new SIS would include a portal that will serve as a gateway to new or enhanced student and faculty services, including course management, email, calendar, and library functions. Data extraction for ad hoc reporting will be simplified to allow functional areas to access information without extensive programming knowledge. The new SIS will enhance the University's ability to improve recruiting efforts with personalized mailing and email communication.

The University issued a Request for Proposal (RFP) to qualified, responsible and experienced system providers. Two vendors responded to the RFP. A committee of departmental users and technical staff evaluated the vendors' responses. In addition, the vendors demonstrated the functionality of the software to interested University personnel. Based on results of the evaluations, the University initiated discussions for additional vendor service and pricing concessions.

#### Considerations Against Adoption

University officials are aware of none.

#### <u>Constituency Involvement</u>

Not pertinent in this matter.

#### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

- (1) The purchase and implementation of a new comprehensive student information system for SIUC, be and is hereby approved at an approximate cost of \$6,844,000.
- (2) The purchase of annual software and hardware maintenance/upgrades related to the student information system for SIUC, be and is hereby approved at an approximate annual cost of \$750,000.
- (3) Funding for this project shall be from external and/or internal financing as determined by the Board Treasurer. The debt payment, annual maintenance and upgrade services will be repaid with a proposed information technology fee.

(4) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

Ms. Tequia Hicks moved that the matter titled "Authorization to Purchase a Student Information System, SIUC" be tabled. The motion was duly seconded by Trustee Goldman. The motion being duly made and seconded, after a voice vote the Chair declared that the item had been tabled.

The following item was presented:

# AUTHORIZATION FOR THE SALE OF BONDS: "SERIES 2006A HOUSING AND AUXILIARY FACILITIES SYSTEM REVENUE BONDS" CAPITAL IMPROVEMENT PROJECTS AND REFUNDING OF OUTSTANDING HOUSING AND AUXILIARY FACILITIES SYSTEM REVENUE BONDS

#### <u>Summary</u>

This matter requests Board authorization to issue System Revenue Bonds to fund new money projects and to refund outstanding revenue bonds if present value savings at time of sale warrants such refunding; authorize the distribution of the Preliminary and Final Official Statement; execute and deliver the Eleventh Supplemental Bond Resolution, Bond Purchase Agreement, Continuing Disclosure Agreement, and Escrow Agreement; select the following: Bond Counsel, Managing Underwriter, Financial Advisor, Bond Registrar, Paying Agent and Escrow Agent; and authorize the Board Treasurer and authorized officers to take actions necessary to complete the proposed bond sale.

#### Rationale for Adoption

The following projects have received approval from the Board and by the Illinois Board of Higher Education, as follows:

At its October 13, 2005, meeting, the Board approved the project, Student Residence Hall IV and related parking, SIUE, for a total estimated cost of \$39,200,000. Approval by the Illinois Board of Higher Education was received on December 6, 2005. Total project cost to be

funded by issuance of System Revenue Bonds and the debt service to be paid with SIUE Housing revenues.

At its November, 10, 2005, meeting, the Board approved the project, University Housing Safety/Security Enhancement Plan, SIUC, for a total estimated cost of \$12,600,000. Phase One of the Safety/Security Enhancement Plan is to be funded by this issuance of System Revenue Bonds and includes the following projects:

| <u>Project</u><br>Life Safety Improvements, Greek Row                  | BOT Approval<br>Mar 10, 2005 | <u>IBHE</u>     | <u>Budget</u><br>\$650,000 |

At this March 9, 2006, meeting, Board approval for the project, Student Center Roof Replacement, SIUC, was approved for a total estimated cost of \$2,000,000. Approval by the Illinois Board of Higher Education is scheduled for June 8, 2006. Total project cost to be funded by issuance of System Revenue Bonds and the debt service to be paid with SIUC Student Center operating revenues.

At this March 9, 2006, meeting, Board approval for the project, Student Center Bowling Alley and Billiards Area Renovation, SIUC, was approved for a total estimated cost of \$600,000. Approval by the Illinois Board of Higher Education is scheduled for June 8, 2006. Total project cost to be funded by issuance of System Revenue Bonds and the debt service will be paid with SIUC Student Center operating revenues.

Authorization to Purchase a Student Information System, SIUC, is pending Board approval. Of the total project cost, \$6,800,000 is estimated for the purchase and installation of the System. If the project is approved prior to the bond sale, it will be funded by the issuance of System Revenue Bonds and the debt service, annual maintenance, and upgrade services will be paid with tuition and fees.

A preliminary review, based upon current interest rates, indicates that it may be desirable to refund all or a portion of Series 1997A, Series 2000A, and Series 2001A Housing and Auxiliary Facilities System Revenue Bonds. Funding for the refunding will come from the sale of additional new Housing and Auxiliary Facilities System Revenue Bonds. Based on current market conditions, present value savings of approximately 3.7% or \$653,000 are anticipated from refunding \$17,595,000 of the Series 1997A, Series 2000A, and Series 2001A Bonds.

Funding for the projects and the refunding will come from the sale of Housing and Auxiliary Facilities System Revenue Bonds in the estimated sum not to exceed \$85,000,000 (net of original issue discount, if any); such sum to include allowable amounts for the cost of the sale and capitalized interest. Funds to repay the Revenue Bonds will come from revenues of the Housing and Auxiliary Facilities System on parity with existing Housing and Auxiliary Facilities System Revenue Bonds.

#### Considerations Against Adoption

University officers are aware of none.

#### Constituency Involvement

The Student Residence Hall IV was recommended for adoption by the Chancellor, the Vice Chancellor for Administration and the Vice Chancellor for Student Affairs, SIUE. The Housing Task force was comprised of students, faculty, and staff members. The schematic design meetings involved housing staff members and student representatives from Student Government and the Residence Hall Association. Student Government reviewed the plans.

The Residence Hall Advisory Board has been made aware of the University Housing Safety/Security Enhancement Plan.

The Student Center Advisory Board, which includes representation from Undergraduate Student Government, Graduate and Professional Student Council, Faculty Senate, Administrative/Professional Staff Council and Student Programming Council, has been made aware of the Student Center Roof Replacement and Bowling Alley and Billiards Area Renovation projects.

#### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

- It is hereby determined to be desirable that the Board of Trustees of Southern Illinois University (the "Board") authorize the issuance of its Southern Illinois University Housing and Auxiliary Facilities System Revenue Bonds, Series 2006A (the "Bonds") in order to provide funds to (a) construct a three-story, 515 bed student residence hall with adjoining 550 space parking lot on the Edwardsville campus, (b) replace, upgrade and install safety/security enhancements in the student residence halls on the Carbondale campus, (c) renovate the bowling alley and billiards area in the Student Center on the Carbondale campus, (d) replace the roof on the Student Center on the Carbondale campus, (e) purchase and install a student information system on the Carbondale campus upon receipt of approval by the Board, and (f) refund all or a portion of certain outstanding Housing and Auxiliary Facilities System Bonds. description of the Improvements may be supplemented or amended at any time by resolution of the Board upon receipt of an opinion of Bond Counsel to the effect that such supplement or amendment does not adversely affect the tax exempt status of interest on the Bonds.
- (2) Pursuant to the University's existing contract, the firm of Chapman and Cutler, LLP, Chicago, Illinois, be and is hereby retained as Bond Counsel to the Board for all legal matters incidental to the authorization and issuance of the Bonds.
- (3) Pursuant to the University's existing agreement, the firm of Lehman Brothers, Incorporated, New York, New York be and is hereby retained as Managing Underwriter for the issuance of the Bonds, with fees for such services contingent upon the actual sale of the Bonds. The Treasurer is hereby authorized to retain such other co-managing underwriters as he deems to be in the best interest of the Board.
- (4) Pursuant to the University's existing contract, the firm of John S. Vincent and Company LLC, Chicago, Illinois be and is hereby retained as financial advisor for the preparation of the Preliminary and Final Official Statement and other matters related to the sale.
- (5) LaSalle Bank National Association, Chicago, Illinois, be and is hereby authorized to serve as Bond Registrar and Paying Agent for the Bonds, and as Escrow Agent for any refunded bonds pursuant to an Escrow Agreement to be entered into between the Board and such bank.

- (6) The Treasurer of this Board is hereby authorized to enter into a Bond Purchase Agreement with Lehman Brothers Inc., as representative of the Underwriters, for the sale of the Bonds.
- (7) The Board approves the preparation and distribution of a Preliminary Official Statement, Official Statement, and Continuing Disclosure Agreement as prepared by the financial advisor and as shall be approved by the Underwriter, Bond Counsel and Board Treasurer<sup>1</sup>.
- (8) In order to provide for refunding a portion of the Board's outstanding Revenue Project Bonds, Series 1997A, Series 2000A, and Series 2001A, the payment of the costs of the project, capitalization of interest, and the payment of expenses, it is necessary that this Board authorize the issuance of its Southern Illinois University Housing and Auxiliary Facilities System Revenue Bonds, Series 2006A in an amount not to exceed \$85,000,000, or \$65,000,000 if no refunding bonds are issued, (in each case, net of original issue discount, if any) and to have a final maturity not later than April 1, 2036. The price at which the Bonds will be purchased by the Underwriters may not be less than 98% (exclusive of original issue discount) and the true interest cost (TIC) of borrowing for the Bonds will not exceed 6.00%. The Board hereby approves the Eleventh Supplemental Bond Resolution, the Bond Purchase Agreement, and the Escrow Agreement, with such necessary changes as shall be approved by the Board Treasurer<sup>1</sup>.
- (9) The Board approves the refunding of all or a portion of the Series 1997A, Series 2000A, and Series 2001A Housing and Auxiliary Facilities System Revenue Bonds. Such bonds shall only be refunded if the Board Treasurer determines such refunding to be in the best interests of the Board and if the savings attributable to such refunding are at least 2.5% of the principal amount of the callable bonds refunded.
- (10) In the event that the Managing Underwriter determines that the acquisition of bond insurance for the Series 2006A Bonds is economical, the Treasurer is hereby authorized to agree to such standard covenants with a bond insurer, which are deemed by the Treasurer to be in the best interest of the Board.

<sup>&</sup>lt;sup>1</sup> Copies are on file with the Executive Secretary of the Board of Trustees for recording and the appropriate officers of the Board are hereby authorized and directed to execute the same in the name and on behalf of the Board in substantially the form presented to this meeting, or with such changes as may be approved by the officer or officers of the Board executing the same, his/her or their execution thereof to constitute conclusive evidence of the Board's approval of all changes from the form thereof presented to this meeting; provided, however, that if any such changes constitute a substantial change in the form thereof presented to this meeting they shall first be approved by the Executive Committee of the Board to which authority for such approval is delegated by the Board within the parameters set forth in these Resolutions.

(11) The members, officers, agents and employees of this Board are hereby authorized and directed to do all such acts and to execute all such documents as may be necessary to carry out and comply with the provisions of these resolutions and with the acts and doings of the members, officers, agents, and employees of the Board which are in conformity with the intent and purposes of these Resolutions, whether heretofore or hereafter taken or done, shall be and are ratified, confirmed and approved.

Trustee Goldman asked Vice President Stucky his recommendation on the matter under consideration. Vice President Stucky recommended its approval.

Trustee Townsend moved approval of item. The motion was duly seconded by Trustee Wiley. Student Trustee opinion in regard to the motion was indicated as follows: Aye, Mr. Matt Townsend; nay, none. The motion passed by the following recorded vote: Aye, Dr. Sam Goldman, Ms. Tequia Hicks, Dr. Keith Sanders, Mr. Roger Tedrick, Ms. Marquita Wiley; nay, none.

The following matter was withdrawn from the agenda:

### PROPOSAL TO NAME PHYSICAL COMPONENTS: DELTA DENTAL OF ILLINOIS ADVANCED CARE WING, SIUE

#### Summary

This matter seeks approval to name the new addition to the SIU School of Dental Medicine, the Delta Dental of Illinois Advanced Care Wing.

#### Rationale for Adoption

In accordance with 6 Policies of the Board of Trustees of SIU B-2-a-1, the Board of Trustees is requested to approve the naming of the new addition to the SIU School of Dental Medicine, the Delta Dental of Illinois Advanced Care Wing, in order to recognize a \$250,000 gift from Delta Dental of Illinois. During the next five years the gift will be used to purchase equipment in the 24 operatories of the new addition. The expansion project was approved by the Board of Trustees on April 8, 2004.

The gift and the new wing will allow the University to enhance its mission of excellence in dental education and improve patient care.

#### Considerations Against Adoption

University officers are aware of none.

#### Constituency Involvement

This matter is recommended for adoption by the Vice Chancellor for Development & Public Affairs, the Vice Chancellor for Administration, and the Chancellor, SIUE.

#### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The new addition to the clinical operatories at the SIU School of Dental Medicine be and is hereby named the Delta Dental of Illinois Advanced Care Wing.

The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

#### NOTICE OF PROPOSED DESIGN GUIDELINES

#### <u>Summary</u>

This matter will approve Design Guidelines for the Carbondale, School of Medicine and the Edwardsville campuses. The guidelines were developed to assure that architectural consistency and quality are preserved, and that each new building adds to the sense of an architecturally-unified campus.

#### Rationale for Adoption

At its June 9, 2005 meeting, the SIU Board of Trustees requested the development of design guidelines for the Carbondale campus, School of Medicine campus, and the Edwardsville campus. The Board recognized the position of the Architecture and Design Committee that the physical settings of the campuses play a vital role in creating an

academic community and that it is important to establish guidelines so future development will maintain and enhance the sense of academic community.

Therefore, the SIU Board of Trustees approved the development of design guidelines that address the following six issues: landscape, circulation, signage, architecture, flexibility for expansion, and public art. The attached design guidelines address these six issues in a manner that will guide future architects in developing specific designs for each campus thereby implementing the highest quality of design consistent with campus standards. The desired result is a single integrated design for each campus in which the parts all relate to one another, regardless of when they are built.

#### Considerations Against Adoption

University officers are aware of none.

#### Constituency Involvement

Representatives from the Civil Service Council, Administrative and Professional Staff Council, Graduate and Professional Student Council, Faculty Senate, Undergraduate Student Government and the Graduate Council have reviewed the Carbondale campus design guidelines. The Chancellor and the Executive Director of Administration, SIUC, recommend this matter for adoption.

The School of Medicine design guidelines were approved by the Dean, Associate Deans, Associate Provosts and CEO of SIU Physicians & Surgeons, Inc. The Chancellor and the Executive Director of Administration, SIUC, recommend this matter for adoption.

The Edwardsville campus design guidelines were approved by the University Planning and Budget Council on December 9, 2005. This matter is recommended for adoption by the Chancellor and the Vice Chancellor for Administration, SIUE.

#### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The design guidelines for the Carbondale, School of Medicine, and Edwardsville campuses be and are hereby approved.

The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

## NOTICE OF THE PROPOSAL TO CREATE A STUDENT SERVICES BUILDING FEE, SIUC [AMENDMENTS TO 4 POLICIES OF THE BOARD APPENDIX A-2, A-6, AND ADDITION OF A-22]

#### <u>Summary</u>

This matter proposes to create a Student Services Building Fee, effective Fall Semester 2006, for a proposed total rate of \$20.00 per semester prorated over 12 credit hours for the Fall, Spring, and Summer academic sessions, respectively.

#### Rationale for Adoption

A proposed \$20.00 per semester Student Services Building Fee is being requested beginning Fall 2006 to cover the costs of the debt service on a planned Student Services Building. A student services facility was proposed in the original Land Use Plan and endorsed by the Board of Trustees in June of 2001. A new student services facility would also allow for Woody Hall to be vacated for the needed renovations as addressed in the original Land Use Plan. The proposed new fee is expected to generate \$700,000 in FY07.

The proposed Student Services Building will house the enrollment services functions of the University including the Offices of Undergraduate Admissions, Records and Registration, Financial Aid and Scholarships, and the Bursar's Office. In addition, several other student service functions such as Disability Support Services, Career Services, Judicial Affairs, Transitional Programs, Supplemental Instruction, International Programs and Services, the Honors Program, and some components of Housing are also to be included. Further, there may be specific aspects of the Graduate program and of the Center for Academic Support that would be moved to this location.

The new building would result in better service for students since it would be designed especially for this purpose. The facility would accommodate the offices necessary to provide the enrollment-related services and a new welcome center within the facility with cross-trained staff to serve students. The welcome center would have an open reception area and would have the latest technology to meet the "24/7" service expectations of our students. The building would be located in close proximity to the Student Center which accommodates most of the pre-

enrollment programs planned by the Admissions Office and New Student Programs.

The units mentioned above are now housed in Woody Hall which was designed as a residence hall. The physical lay-out of Woody Hall is confusing to students and has resulted in many experiencing the "Woody Hall Shuffle." The offices are on multiple levels with no open space for a welcome center with cross-trained staff providing comprehensive student services. Prospective students and their families are limited by available parking; the building is fraught with deferred maintenance problems; the facility does not make a positive impression on prospective students and their families; and, the quality of student services offered is limited by the physical aspects of the building.

Finally, a new student services building would exemplify the mission of the University which as stated in *Southern @ 150: Building Excellence Through Commitment* "is a contemporary, comprehensive student responsive research university committed to serving the society that supports it."

The Campus plans to increase this fee \$20.00 each Fall Semester over the next three years to provide the funds necessary for the debt service on the Student Services Building. All phases of the project for the new Student Services Building will be brought to the Board of Trustees for approval at the appropriate time.

#### Considerations Against Adoption

University officers are concerned that increasing student costs may affect access to the University.

#### Constituency Involvement

The proposed fee will be discussed with the Undergraduate Student Government and the Graduate and Professional Student Council. The proposed fee has been discussed with the Student Leadership Advisory Committee. The original Land Use Plan was developed with input from hundreds of individuals throughout Campus, and endorsed by the Board of Trustees in June of 2001.

#### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That effective with the collection of fees for Fall Semester 2006, 4 <u>Policies of the Board</u>, Appendix A-2 be amended as follows:

#### 2. SIUC School of Medicine

General Fees. Students enrolled in the School of Medicine shall pay the general student fees approved by the Board (4 <u>Policies</u> B-6) with the following exceptions. Students attending the Springfield Medical Facility, including those enrolled in programs, shall be exempt from paying:

#### i) Student Services Building Fee

BE IT FURTHER RESOLVED, That <u>4 Policies of the Board</u> Appendix A-6 be amended as follows:

6. General student fee schedule approved by the Board for Southern Illinois University at Carbondale in effect Fall Semester:

| Fees (Per Semester)            | 2005 | <u>2006</u> |
|--------------------------------|------|-------------|
| Student Services Building Fee* | 0.00 | \$20.00     |

<sup>\*</sup>Prorated over 12 hours/semester

BE IT FURTHER RESOLVED, That <u>4 Policies of the Board</u> Appendix A-22 be added as follows:

22. Student Services Building Fee: In order to provide a regularized source of funding for financing the Student Services Building, a fee is established for each student. This fee shall be reduced 1/12 for each semester hour less than 12.

BE IT FURTHER RESOLVED, That the President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

### NOTICE OF PROPOSED COURSE SPECIFIC FEE INCREASE FOR FOREST RESOURCES MANAGEMENT SUMMER CAMP. SIUC

#### Summary

This matter proposes an increase in a course specific fee which, if approved, will entail an increase from \$60 per credit hour (not to exceed \$300 per student) to \$80 per credit hour (not to exceed \$400 per

student) for the Forest Resources Management summer camp (FOR 310C-1, 314C-2, 351C-1, 360C-1), effective Summer 2007. Pursuant to 4 Policies of the Board of Trustees of SIU A.1.d, Board approval is required for this fee increase.

#### Rationale for Adoption

The requested increase is for the Forest Resources Management summer camp, taught by the Forestry Department during summer semester, to include FOR 310C·1, FOR 314C·2, FOR 351C·1, and FOR 360C·1. The fee would approximately cover travel expenses associated with the leasing and fueling of mini-vans leased from Travel Service (8 passenger mini-vans carrying 6 passengers with camping equipment). This course is required by our accrediting agency.

#### Considerations Against Adoption

University officials are aware of, and concerned about, the continuing increase in the cost of education and related activities and its effect on access and affordability.

#### Constituency Involvement

The proposed course specific fee increase was developed by program faculty and administration after a thorough review of the fiscal requirements of the program.

#### Resolution

BE IT RESOLVED, by the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

- (1) The course fee for the Forest Resources Management summer camp be increased from \$60 per credit hour (not to exceed \$300 per student) to \$80 per credit hour (not to exceed \$400 per student), effective Summer 2007.
- (2) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

## NOTICE OF PROPOSED COURSE SPECIFIC FEE INCREASE FOR OUTDOOR RECREATION RESOURCES MANAGEMENT SUMMER CAMP, SIUC

#### Summary

This matter proposes an increase in a course specific fee which, if approved, will entail an increase from \$450 (not to exceed \$450 per student) to \$500 (not to exceed \$500 per student) for the Outdoor Recreation Resources Management summer camp (FOR 422C-4) taught by the Forestry Department, effective Summer 2007. Pursuant to 4 Policies of the Board of Trustees of SIU A.1.d, Board approval is required for this fee increase.

#### Rationale for Adoption

The requested increase is for the Outdoor Recreation Resources Management summer camp (FOR 422C-4) taught by the Forestry Department during summer semester. The fee would approximately cover travel expenses associated with the leasing and fueling of mini-vans leased from Travel Service (8-passenger mini-vans carrying 6 passengers with camping equipment). This course is required by our accrediting agency.

#### Considerations Against Adoption

University officials are aware of, and concerned about, the continuing increase in the cost of education and related activities and its effect on access and affordability.

#### Constituency Involvement

The proposed course specific fee increase was developed by program faculty and administration after a thorough review of the fiscal requirements of the program.

#### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The course fee for the Outdoor Recreation Resources Management summer camp (FOR 422C-4) be increased from (not to exceed) \$450 per student to (not to exceed) \$500 per student, effective Summer 2007.

(2) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

## NOTICE OF PROPOSED INCREASE: INTERCOLLEGIATE ATHLETIC FEE, SIUC [AMENDMENT TO 4 POLICIES OF THE BOARD APPENDIX A-6]

#### <u>Summary</u>

This matter seeks a \$54.00 increase in the Intercollegiate Athletic Fee effective Fall Semester 2006 for a proposed rate of \$167.00 per semester, prorated over 12 credit hours for Fall, Spring and Summer academic sessions, respectively.

#### Rationale for Adoption

Fiscal year 2005 marks the fifth consecutive fiscal year of positive operating results, these results further reduced the carry-over deficit by \$138,578. Cost containment initiatives and budget reallocations resulted in cutting the carryover deficit by more than \$563,000 since FY2000, leaving the balance at (\$235,107).

Fiscal year 2005 brought continued success in competition as the Men's Basketball team earned their fourth consecutive conference championship and NCAA tournament at-large invitation. Women's Softball won the regular season conference championship for a second consecutive year, received their third consecutive at-large invitation to the NCAA playoffs and finished the year with a national ranking of 24th. Men's Cross Country and Women's Indoor Track and Field also won conference championships. During the Fall of 2005, Men's Football won their third consecutive Gateway Conference championship, received an at-large invitation to the NCAA playoffs, won their first playoff game since 1983, and finished the year ranked 7th nationally. In the Missouri Valley Conference All Sports Championship, the award recognizing success across all sports, SIUC finished 2nd, the highest finish since 1996. Our four conference championships were more than any other MVC school.

Success in competition is only one venue where excellence is sought. Our student-athletes were also performing well in the classroom with 52% posting 3.0 GPA or better in the Fall 2005 semester, and a department-wide cumulative GPA of 2.95 compared to 2.75 for the overall student body. During the 2005 school year, Saluki student-athletes received 68 academic post season awards.

While we continue to build on these successes in the classroom and competition, sport operating budgets are still below the levels

necessary to remain competitive in the Missouri Valley and Gateway Conferences. While efforts to increase revenues from external sources continue to be successful, costs are increasing as well. Coaches continue their efforts to augment their budgets with funds raised from outside sources. This practice is not unusual for an Athletics Department. However, these funds, which would normally be used for "extras," are still being used for operational expenses. Taking into account the additional fund raising and departmental internal reallocations, sport operating budgets are constantly in need of greater funding, particularly in the areas of team travel and related costs.

Progress has been made on improving and renovating Athletics Facilities. On October 3, 2005 the Troutt-Wittmann Academic and Training Center opened providing state-of-the-art academic and weight training to help continue the success of the student-athletes in the classroom and in competition. MacAndrew Stadium and the SIU Arena are in desperate need of replacement or significant renovation and there are additional needs for other facilities. The Saluki Way project has identified a number of necessary campus improvements, including a new football stadium and significant renovations to the SIU Arena. \$44.00 of the proposed fee increase for Fall 2006 is the first phase of planned increases to fund a substantial portion of the costs of these improvements. Additionally, the Athletics Department has been provided substantial fund raising goals, and increased revenue targets to assist in the funding of the initial projects and ongoing operations of these facilities.

The Athletics Department remains committed to full NCAA scholarship funding for all sports. This commitment has helped recruit and retain high-quality student-athletes but the resources required to continue this commitment comes at the expense of other areas within the program.

Grants from State Farm and the Missouri Valley Conference once again helped fund a variety of public service programs focusing on reading. Throughout the year, student-athletes visited local elementary schools to read to and interact with more than 750 students, along with making a host of other community-oriented appearances. Programs of this nature are vital to the continued personal growth of the student-athletes as well as building relationships for the University throughout the community.

The sports operating budgets, athletic facility budgets and scholarship budgets remain in critical need of additional resources. Cost containment initiatives and budget reallocations can only partially fund some of these priorities. Additional revenue will continue to be necessary. A continuing focused effort to market our teams and emphasis on giving to the Saluki Athletic Scholarship Fund represent two examples of revenue

growth opportunities being pursued in addition to the "operational" portion of this fee increase request. The Athletics Department believes an annual student fee increase is essential for the economic stability necessary to remain competitive in the world of Intercollegiate Athletics.

Southern at 150: Building Excellence Through Commitment states that Athletics can enhance the University image and is an essential component of campus life, providing a sense of school pride, spirit and traditions. Recent successes in Saluki Athletics have demonstrated this. The athletics program's mission statement and the expectations voiced by University administrators call for our athletics programs to facilitate the academic and personal growth of the student athletes, and be successful in competition, while achieving regional and national recognition. These are reasonable expectations if the intercollegiate athletics program is adequately funded. Athletics success can also impact enrollment, retention and giving for the entire University.

#### Considerations Against Adoption

Any move to increase the cost of attendance for students must be reviewed carefully, weighing the benefit of what increased financial support and new facilities can mean to the future of Saluki Athletics, the University as a whole, and the value a strong athletics program has for the University against the economic impact that such increases have on the student body.

#### Constituency Involvement

The current four-year plan has been reviewed and discussed with the Intercollegiate Athletic Advisory Committee (IAAC). This proposal has also been shared with the Undergraduate Student Government (USG) and the Graduate and Professional Student Council (GPSC). No votes have been taken to date.

#### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That effective with the collection of fees for Fall Semester, 2006, 4 <u>Policies of the Board</u> Appendix A-6 be amended as follows:

## NOTICE OF PROPOSED INCREASE: FLIGHT TRAINING CHARGES, SIUC [AMENDMENT TO 4 POLICIES OF THE BOARD APPENDIX A-4]

#### Summary

This matter proposes an increase in the fees for flight training courses offered by the Aviation Flight program for Fall 2006.

#### Rationale for Adoption

The operation, maintenance, refurbishment, and replacement of existing flight training aircraft and the acquisition of new flight training aircraft and simulators are supported by student-paid flight fees. In addition, annual flight fee increases are necessary to offset cost increases in such areas as salaries, student wages, insurance, fuel, aircraft and engine maintenance, engine purchases, facility rentals and staff/faculty travel. For example, aviation fuel prices have jumped 25% in the first five months of FY 06. The purchase of the seven new Cessna 172R aircraft received by the program in the Spring of 2003 is being paid, in part, over time by flight training course fees. The final annual payment for these aircraft will be made on September 1, 2008. Finally, replacement aircraft for the remaining 26 flight training aircraft which average close to 20 years of age is a very high priority for this program.

(See Summary Companion Document)

#### Considerations Against Adoption

University officials are aware of, and concerned about the continuing increases in the cost of education and related activities, particularly as they affect Aviation Flight students.

#### Constituency Involvement

The proposed flight fee increases were developed by program faculty and administration after a thorough review of program fiscal requirements and the fees charged by other comparable institutions with flight programs.

#### Resolution

BE IT RESOLVED, by the Board of Trustees of Southern Illinois University in regular meeting assembled, That 4 <u>Policies of the Board</u> Appendix A-4 be amended to set forth flight training fee charges as follows:

4. Charges for flight training, SIUC, effective Fall Semester, 2006: (FY07)

### Summary Companion Document FY 07 SIUC Aviation Flight Fee Increase Proposal

#### **Background**

From 1991 to the present, annual flight fee increases, including one for 5.8% for FY 06, have been approved to offset rising costs. systematically retire an operational deficit accumulated prior to 1991 and to provide for the eventual replacement/ refurbishment of some flight training aircraft. From 1991 to 1998, aircraft replacement/refurbishment was suspended so that maximum resources could be applied to the retirement of the accumulated deficit as directed by the Board of Trustees. With the deficit eliminated, five used flight training aircraft were purchased from 1999-2002 (FY 99 - FY 01), a multi-engine flight training device (simulator) was purchased in FY 02 and seven new Cessna 172R model aircraft were purchased in FY 03. Three of the seven new aircraft were purchased outright using the proceeds from past flight fee increases and four of the seven were scheduled to be purchased over the next six fiscal years (FY 03 through FY 09). This board-approved purchase of the seven aircraft over future fiscal years was dependent upon having enough surplus flight fee accumulation over the life of the money borrowed to pay for this purchase.

#### <u>Justification</u>

Unprecedented increases in aviation insurance costs have occurred since FY00. For example, annual SIUC aviation insurance premiums rose from \$167,352 in FY00 to \$252,505 in FY01 to \$284,164 in FY02, an increase of 69%. In FY 03, these costs were \$275,068 and were held at that level only because the university agreed to an overall liability limit of \$10 million rather than \$20 million, our former limit. In FY 04, the insurance costs actually dropped to \$271,000. In FY 06, the insurance costs were \$306,943. Therefore, since FY 00, the university's aviation insurance costs have increased by over 83%. Our aviation insurers have advised us to expect an increase of not more than 10% for FY 07.

Fuel costs have been of recent concern. In the first five months of FY 06, the aviation fuel costs paid by the SIUC Aviation Flight program have increased by 24.8%. This is far greater than the 10% increase that was anticipated. This is a substantial expense increase for the program and one that must be accounted for in future fiscal years.

Another area of increased cost has been the cost of salaries and student worker wages. In an effort to reduce overall faculty workload, several full time term faculty were added to the Aviation Flight Faculty over the past three years, along with significant numbers of part time faculty.

This has greatly improved student satisfaction within the program but has increased our salary and student worker wages costs.

Finally, it was noted in an internal analysis of our own flight fees that, over time, the across the board flight fee increases that had been requested had created the situation where certain course charges became increasingly out of line with the number of flight hours that were actually being offered. Therefore, we were not charging enough Page 2—Summary Companion Document for the Proposed FY 07 Aviation Flight Fee Increase fees to cover our costs in those courses. This was noted to be particularly true in AF 201 B and in AF 206. Therefore, the only increases requested for FY 06 were in those two courses. Since these corrections were made in FY 06, we are moving back to "across the board" increases for FY 07. The only exception is the AF 304 course fee which is being held at FY 06 cost levels due to concerns that an increase in this fee might affect enrollment in this course. This is a specialized course taken only by Aviation Flight Program graduates and has small enrollments.

Because of these and other rising costs of operation and maintenance, further aircraft replacement cannot be sustained under current flight fee rates. Table 1 projects income and expenditures for FY07 assuming continuation of the above higher insurance rates, a continued enrollment of 200 students in flight courses, and flight fees at current rates. In addition, while deficit elimination and a subsequent positive balance have allowed for the purchase of new and used aircraft and another flight training device, further flight fee increases are necessary to keep up with operating and maintenance cost increases as well as future aircraft purchase payments. Furthermore, only seven new aircraft have been purchased and there is an urgent need to replace the remaining 26 flight training aircraft used in the Aviation Flight program due to their age (average of 20 years+) and overall flight hours (8,000 to 10,000 of accumulated flight hours each with eight aircraft having over 10,000 flight hours accumulated). Any surplus flight fees will be used to address this need. However, as Table 1 indicates, if flight fees are left at current levels, there will be \$62,398 loss for FY 07.

\*Note: The projected surplus shown in FY 06 reflects an exceptional year so far in terms of new student enrollment in the program and the revenues generated by that exceptional enrollment. To remain conservative in budgeting for the program, this exceptional new student enrollment is not assumed to continue for FY 07. Also, plans are being made to expend this surplus on some of the most immediate aircraft and simulator needs of the Aviation Flight Program. Even with this expenditure, the

equipment needs of the Aviation Flight Program will exceed \$6.5 million over the next five to ten years.

Table 2 reflects the results of a 3.0% aviation flight fee increase for FY 07. Projected FY06 figures are provided for comparison purposes:

<sup>&</sup>lt;sup>2</sup> Reflects 4 Cessna 172R aircraft financed over seven years with trade-in. These aircraft will be paid off in September 2008.

<sup>&</sup>lt;sup>3</sup>Any surplus income will be used to purchase aircraft and simulators for the Aviation Flight program and respond to any unforeseen costs.

\*Note: The projected surplus shown in FY 06 reflects an exceptional year so far in terms of new student enrollment in the program and the revenues generated by that exceptional enrollment. To remain conservative in budgeting for the program, this exceptional new student enrollment is not assumed to continue for FY 07. Also, plans are being made to expend this surplus on some of the most immediate aircraft and simulator needs of the Aviation Flight Program. Even with this expenditure, the equipment needs of the Aviation Flight program exceed \$6.5 million over the next five to ten years.

- 1. Non-equipment Expenditures assume a 10% increase in insurance costs, a 25% increase in fuel costs, and a 5% increase in maintenance costs for FY 07.
- 2. Reflects 4 Cessna 172R aircraft financed over seven years with trade in. These aircraft will be paid off in September 2008.
- 3. Any surplus income will be used to purchase aircraft and simulators for the Aviation Flight Program and respond to any unforeseen costs.

When comparing Table 1 and Table 2, it can be seen that the 3.0% flight fee increase in FY 07 (AF flight program courses only) covers a range of projected operating cost increases as well as the money needed for the repayment of the loan to purchase the four Cessna 172R aircraft purchased in FY 03. These fee increases also result in the accumulation of a small sum of money at the end of FY 07 that will be used to continue to enhance the fleet of aircraft and simulators operated by the Aviation Flight Program, especially when combined with other sources of funds or with surpluses from other years of program operation.

#### Comparison of Fees Assessed by Other Programs

Table 3 (attached) compares current and proposed SIUC flight fees with fees currently assessed by four other state universities that operate comparable flight degree programs at our peer or aspirational institutions. As these comparisons indicate, the proposed SIUC flight fee increase for FY 07 will set flight fees at a level greater than these competing programs are currently charging. We do not have information for what these programs might charge for FY07. Note, however, that the FY 06 Auburn University and University of North Dakota flight fees are within \$1000 of SIUC flight fees during the current fiscal year. And, when the total cost of attending all of these institutions is considered, SIUC is very comparable as noted in Table 3.

#### Projected Impact on Enrollment in the Aviation Flight Program

Based upon the enrollment in the Aviation Flight program for Fall 2005, which had the largest incoming freshman class since the late 1990s in spite of a 5.8% increase in program fees, it is not expected that a 3.0% increase will have a large impact on Fall 2006 enrollment.

#### Flight Fee Proposal

In consideration of the need for additional revenue, especially to help the program meet existing costs and, possibly, acquire new flight training aircraft, it is proposed that the fees currently assessed for Aviation Flight courses with the exception of AF 304 be increased by an average of 3%. The total overall fee increase for the courses included in the Aviation Flight Degree Program that results from this increase is 3.0% for FY 07. For all Aviation Flight courses, the overall percentage of increase is 2.6% in FY 07. The proposed dollar amounts of these increases on a course-by-course basis are as follows:

### NOTICE OF PROPOSED INCREASE: MASS TRANSIT FEE, SIUC [AMENDMENTS TO 4 POLICIES OF THE BOARD APPENDIX A-6]

#### Summary

This matter seeks a \$6.00 increase in the Mass Transit Fee, effective Fall Semester 2006, for a proposed rate of \$41.00 per semester, prorated over 12 credit hours for Fall, Spring and Summer academic sessions, respectively.

#### Rationale for Adoption

The Mass Transit Fee supports the Saluki Express bus service on campus and in the surrounding community. The contract with Beck Bus Transportation Corp. allows for annual increases at the rate of the consumer price index for transportation. Additionally, during any year, the fuel consumption component of the contract moves up and down with the cost of diesel fuel. The proposed \$6.00 increase in the Mass Transit Fee will provide the funds necessary to offset the impact of the cost of fuel and for the increase in the Beck Bus contract related to the consumer price index.

The mass transit fee is largely controlled by enrollment and the contract cost. The City of Carbondale and John A. Logan Community College have entered into contracts with the University for extended service routes. These contracts are adjusted annually, based on the contract with Beck Bus Service. Other revenue is generated from advertising on the buses and by fares paid by non-student riders.

The usage of the Saluki Express continues to be strong and meets the needs of many students to travel to and from campus and the Carbondale shopping areas. Increase in contract cost to SIUC without corresponding fee increase may negatively impact the number of bus routes available. The current route structure has been deemed important for the University in providing the best possible service for students.

#### Considerations Against Adoption

University officers are concerned that increasing student costs may affect access to the University.

#### Constituency Involvement

The Student Mass Transit Advisory Board has voted in support of the proposed increase. This proposal has also been shared with the Undergraduate Student Government (USG) and the Graduate and Professional Student Council (GPSC). No votes have been taken to date.

#### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That effective with the collection of fees for Fall Semester 2006, 4 <u>Policies of the Board</u> Appendix A-6 be amended as follows:

## NOTICE OF PROPOSED INCREASE: RESIDENCE HALL RATES AND APARTMENT RENTALS, SIUC [AMENDMENT TO 4 POLICIES OF THE BOARD APPENDIX A-18]

#### Summary

This matter proposes increases in residence hall rates effective Summer Session 2006 and apartment rentals effective July 1, 2006. Increases typically include \$278 per semester (10.00%) for double occupancy room and board in the residence halls, and \$22 - \$45 per month (4.99% - 10.09%) in family housing.

#### Rationale for Adoption

The Carbondale Campus faces the challenge of maintaining and creating housing that will attract new and retain current students who have high housing expectations. This challenge has been addressed by refurbishing and renovating current residence halls and constructing a new apartment complex on the corner of Wall Street and Grand Avenue. The increases are somewhat higher than those requested in the recent past. The costs that University Housing now absorbs make the proposed increases necessary.

These increases are needed to cover the rising costs of utilities, university service expense, sprinkler mandates, Plant and Service Operations overhead, salaries, and other inflationary costs. Even with the proposed increases, the rates are expected to remain competitive with state and regional universities. Without these increases, University Housing would not be able to pay for required expenditures and would have a large deficit.

A chart of Illinois public university residence hall rates is shown above. Norms show an average increase for housing rates of 8.4% from FY 2005 to FY 2006 for Midwest public four-year universities. (Source: Annual Survey of Colleges, the College Board, New York, NY)

Upon Board approval, University Housing will take the Southern Hills apartment complex off line by 2012. It will be razed as soon as funds are available. The proposed rent increase is set at approximately 5% to cover basic operating costs. Apartments will be adequately maintained until the complex is taken off line. Although the condition of this facility is fair at best, its occupancy rate has been high since single graduate students and undergraduates 21 years of age and older were permitted to reside there.

Evergreen Terrace apartments are not part of the Funded Debt System. It is managed through the SIU Foundation Board and the Department of Housing and Urban Development (HUD). The proposed 10.0% average increase will be used to cover the same expenses as funded debt areas and recover lost revenue due to HUD rate request reductions over the past three years. (Evergreen Terrace rate increase proposals have to be approved by the Board of Trustees, SIU Foundation Board, and HUD). As a result of those reductions, the deferred maintenance backlog is rising rapidly.

Elizabeth Apartments is a small apartment complex that houses single graduate students. An increase equal to other housing facilities is proposed for Elizabeth Apartments which are in good fiscal condition and are well maintained.

Wall and Grand Apartments are currently under construction. The first building is scheduled to open August 2006, the second building in January 2007, and the third and final building will be opened August 2007. This rate request establishes the initial rates for the apartment complex.

The Campus Housing Activity Fee (CHAF) rates will remain the same except Summer Session will be increased by \$1.00 from \$4.00 to \$5.00.

The financial statements include the cost of bond issues approved by the Board in November, 2005 as part of the University Housing Safety/Security Enhancement Plan.

<sup>\*</sup>actual rates for all universities

<sup>\*\*</sup>assumes an increase of 4.5% except SIUC at 10.0%

<sup>\*\*\*</sup>based on maximum debit meal plan, equivalent to 19-meal plan elsewhere

#### Considerations Against Adoption

Approval of rate increases may affect affordability. The proposed increases will still keep University Housing competitive with other Illinois and regional universities.

#### <u>Constituency Involvement</u>

This proposal has been shared with the Residence Hall Advisory Board (RHAB)\* a non-voting body, the Residence Hall Association (RHA) General Assembly and has not taken a position on the proposed FY07 rate increase and requires additional time to review information. This proposal has also been shared with the Undergraduate Student Government (USG) and the Graduate and Professional Student Council (GPSC). No votes have been taken to date.

\*Representatives from the RHA, USG and University Housing senior administrators comprise RHAB.

#### <u>Resolution</u>

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That the rents and charges heretofore established for the following University Housing shall be and are hereby changed until otherwise amended to the rate shown in the following schedule, and that 4 <u>Policies of the Board</u> Appendix A-18 be and is hereby amended to read as follows:

# NOTICE OF PROPOSED INCREASE: STUDENT ACTIVITY FEE, SIUC [AMENDMENTS TO 4 POLICIES OF THE BOARD APPENDIX A-6 AND A-11]

#### Summary

This matter seeks a \$13.15 increase in the Student Activity Fee, effective Fall Semester 2006, for a proposed total rate of \$46.05 per semester prorated over 12 credits for the Fall, Spring, and Summer academic sessions, respectively. This request is for a \$10.00 increase for Student Organizations and Programming, a \$0.15 increase for Campus Safety, and a \$3.00 increase for the Rainbow's End Child Development Center.

#### Rationale for Adoption

A portion of the Student Activity Fee supports student organizations and programming. Currently there are 402 registered student organizations eligible to receive allocation of this money to provide educational, social, cultural, and recreational activities for students. Programming is focused on two areas, campus-wide programming and registered student organization programming.

The proposed \$10.00 increase for FY 2007 will provide funds toward meeting the *Southern at 150: Building Excellence Through Commitment* target by: "creating and supporting traditions that foster a lifelong attachment to the University and building relationships among the University and its students and graduates, enhancing and supporting student involvement in activities that provide opportunities to build leadership and interpersonal skills, and, developing and maintaining a multicultural, campus-wide, broad-based focus that will enhance each student's understanding of the value of diversity." (page 47) The increase will be utilized to make quality improvements to student programming. The proposed increase would bring the portion of the fee that supports Student Organizations to \$28.60.

A portion of the Student Activity Fee supports the Campus Safety Program. The Campus Safety Program promotes and funds Women's Services by providing the educational component of the program as well as Women's Night Safety Transit. The transit portion of the program provides rides for women, both student and staff, during evening hours.

The proposed \$0.15 increase for FY 2007 will provide funding to offset the significant increase in fuel costs as well as assisting in covering projected salary increases. The proposed increase would bring the portion of the fee that supports the Campus Safety Program to \$1.45.

A portion of the Student Activity Fee supports the Rainbow's End Child Development Center. Rainbow's End is a comprehensive child development program designed to serve the children of SIUC students, faculty, and staff; and offers reduced user fees for student parents. The facility is licensed by the State of Illinois Department of Children and Family Services and accredited by the National Association for the Education of Young Children.

The \$3.00 increase for FY 2007 is proposed to provide funding for general improvements to the facility, now over 10 years old, including Phase 1 of playground renovation. Additionally, the proposed increase will assist in covering projected salary increases, rising food and insurance costs, and other general inflationary costs for goods and services. The proposed increase would bring the portion of the fee that supports Rainbow's End to \$10.50.

### Considerations Against Adoption

University officers are concerned that increasing student costs may affect access to the University.

#### Constituency Involvement

Student Programming Council (SPC) has voted to approve the increase to the student organizations portion of the Student Activity Fee. Student Affairs and Enrollment Management Student Advisory Council has indicated support of the fee.

The Campus Safety Program Advisory Board voted unanimously to approve the increase to the campus safety portion.

The Rainbow's End Board of Directors voted to approve the proposed increase to the child care portion.

This proposal has also been shared with the Undergraduate Student Government (USG) and the Graduate and Professional Student Council (GPSC). No votes have been taken to date.

#### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That effective with the collection of fees for Fall Semester 2006, 4 <u>Policies of the Board</u> Appendix A-6 be amended as follows:

6. General student fees schedule approved by the Board for Southern Illinois University at Carbondale in effect Fall Semester:

| Fees (Per Semester) | <del>2004</del>    | 2005    | <u>2006</u>    |
|---------------------|--------------------|---------|----------------|
| Student Activity *  | <del>\$31.15</del> | \$32.90 | <u>\$46.05</u> |

\* Prorated over 12 hours/semester

BE IT FURTHER RESOLVED, That 4 <u>Policies of the Board</u> Appendix A-11 be amended as follows:

- 11. Student Activity Fee: A Student Activity Fee shall be collected from each student to be used in support of student activities and welfare. This fee shall be reduced 1/12 for each semester hour less than 12.
- a. Funds generated from a \$18.60 \$28.60 portion of this fee shall be used for support of student organizations and programming.
- b. Funds generated from a \$1.30 \$1.45 portion of this fee shall be used to support a program of campus safety.
- c. Funds generated from a \$7.50 \$10.50 portion of this fee shall be used to construct or lease a child-care facility and in support of a program of day care for student dependents through Rainbow's End child development center.
- d. Funds generated from a \$5.50 portion of this fee shall be used for enhanced support of fine arts activities.
- e. That portion of the funds generated from the fee paid by the medical students at the Springfield facility, including those enrolled in programs of physiology and pharmacology, shall be assessed at the rate of the Carbondale student activity fee and shall be allocated to support student organizations and programming at that location.

# NOTICE OF PROPOSED INCREASE: STUDENT CENTER FEE, SIUC [AMENDMENTS TO 4 POLICIES OF THE BOARD APPENDIX A-6]

#### Summary

This matter seeks a \$13.00 increase in the Student Center Fee, effective Fall Semester 2006, for a proposed rate of \$98.00 per semester, prorated over 12 credit hours for Fall, Spring and Summer, academic sessions, respectively.

#### Rationale for Adoption

The Student Center serves as the front door and community center for the University. It is a primary venue for co-curricular student life, University events, national and regional conferences, and public and private functions for the larger community of southern Illinois. The programs, activities, services, appearance and ambience of the Student Center represent the University to a broad group of prospective, new, and continuing students and their families, in addition to faculty, staff, and the general public. Multicultural events focus attention on the stimulating and educational diversity of the campus population and programs.

The proposed \$13.00 increase for FY 2007 will provide funds meeting the Southern at 150: Building Excellence Through Commitment target by restoring an appropriate level of cash for repairs and improvements to both reduce deferred maintenance on an aging facility and further enhance the quality of the facility and services. The proposed fee increase will fund the repayment of debt for the renovation of the bowling and billiards area and the roof replacement. It is the intent of the Student Center to reduce the budget accordingly, once the proposed debt has been retired. Further, the proposed increase will offset inflationary cost increases including, but not limited to, escalating utility costs, increased assessment of University Service Expense, projected salary increases, and other general inflationary costs for goods and Planned FY 2007 capital and building projects include the services. following:

- Exterior Window Film Replacement: Benefits include energy conservation, occupant safety, protection of interior finishes and furnishings as well as enhanced curb appeal.
- Replace Kitchen Equipment: Select items are obsolete and often unreliable.
- Ceiling and Light Replacement (2<sup>nd</sup> Floor): Current ceiling structure is not readily accessible and replacement tiles are no longer available

- resulting in higher labor costs. Lighting is obsolete and inefficient, requiring increased labor and inflated energy costs.
- Replace Front Glass Doors: The door mechanisms have been repaired and rebuilt for 45 years. Repair parts are no longer available.
- Ballroom A, B, C and D rooftop A/C (Phase I): New addition to provide climate control to two ballrooms year round.

In addition to the Student Center Fee, a portion of the Revenue Bond Fee supports the Student Center. If one includes the Revenue Bond Fee and the proposed increase in the Student Center fee collectively, the combination would have risen at an average annual rate of 5.97% over the past ten years. When balanced against the services, activities, programming and other core support offered to students on a daily basis, that relatively small rate of increase illustrates the fundamental commitment the Student Center has to the University as a whole and to students in particular.

### Considerations Against Adoption

University officers are concerned that increasing costs to our students may affect access and negatively impact enrollment.

## Constituency Involvement

The Student Center Advisory Board (SCB) has voted to approve the proposed fee increase. This proposal has also been shared with the Undergraduate Student Government (USG) and the Graduate and Professional Student Council (GPSC). No votes have been taken to date.

#### ASSUMPTIONS

Assumes flat enrollment

<sup>&</sup>lt;sup>1</sup>50% University Service Expense assessed for FY05; 100% University Service Expense assessed beginning FY06

<sup>&</sup>lt;sup>2</sup>Beginning FY07, less FWS expected, so higher wages are anticipated

<sup>&</sup>lt;sup>3</sup>Assumed 3% average increase in salaries annually (includes craftsman)

<sup>&</sup>lt;sup>4</sup>Assumes fuel costs to double in price beginning FY07; assume fuel costs to increase an additional 5% per year FY08-FY10

<sup>&</sup>lt;sup>5</sup>Assumes 3% inflation per year for FY07-FY10 on Maintenance budget

<sup>&</sup>lt;sup>6</sup>Assumes 15% per year increase for FY07-FY10 on Utility costs

<sup>&</sup>lt;sup>7</sup>Long Range Plans are to use proceeds from a bond sale to fund Roof Replacement, Bowling/Billiard Area Renovation

<sup>&</sup>lt;sup>8</sup>Capital Improvements estimated at 2% of building valuation to be attained by FY10

# NOTICE OF PROPOSED INCREASE: STUDENT MEDICAL BENEFIT (SMB): EXTENDED CARE FEE, SIUC [AMENDMENTS TO 4 POLICIES OF THE BOARD APPENDIX A-6]

#### Summary

This matter seeks a \$50.80 increase in the Student Medical Benefit (SMB): Extended Care component of the SMB Fee for a proposed rate of \$225.00 per Fall and Spring Semesters respectively and a \$23.60 increase for a proposed rate of \$104.00 for Summer, effective with the collection of fees for Fall Semester 2006.

#### Rationale for Adoption

The Primary Care Fee and the Extended Care Fee are the two components of the SMB Fee. The former funds the on-campus program of health care while the latter funds a self-insured program of external medical and hospitalization coverage. The Extended Care Health Plan provides students with comprehensive health coverage at affordable low-cost rates. Students who have their own comparable health insurance coverage may apply for a refund of the Extended Care Fee.

National and regional data illustrate that medical costs continue to increase faster than other goods and services. Over the past 10 years, medical inflation consumer price index has risen more than 48%. The Extended Care Fee has not increased as a result of claim utilization since the Fall 1995 semester when the current self-insured program was implemented. Stable claims experience, administrative efficiencies, investment earnings, negotiated provider discounts and managed care procedures have allowed an unprecedented 10-year period without a fee increase. However, increased utilization and medical inflation have combined to diminish existing claim reserves making it necessary to increase the Extended Care Fee in order to continue providing the same level of benefits. The proposed percentage of increase is still well below the health industry consumer price index.

The majority of SIUC students rely on the Extended Health Care Plan as their sole source of health insurance coverage. Of the nearly 17,000 students covered, approximately 80% have no other insurance coverage. The Extended Care Health Plan offers vital insurance benefits to SIUC students. During the last fiscal year, 16,449 claims were paid, totaling \$5,421,905. The number of claims paid is up 17% over the last three years and year-to-date is already 7.5% higher than last year. Since FY02, the total claim dollars paid has increased 68%.

The Student Health Center administration recognizes shifting significant out-of-pocket medical costs to students will negatively impact their ability to achieve their educational goals. The proposed Extended Care Fees

will provide year-around health insurance benefits to SIUC students for an average of \$37.50 per month in FY 2007.

### Considerations Against Adoption

University officers are concerned that increased student costs may affect access to the University.

#### **Constituency Involvement**

The Student Health Advisory Board (SHAB) consists of students appointed by both undergraduate and graduate student governments. The Student Health Advisory Board (SHAB) has not taken a position on the proposed FY07 Extended Care Fee increase as the SHAB requires additional time to review claims data.

This proposal has also been shared with the Undergraduate Student Government (USG) and the Graduate and Professional Student Council (GPSC). No votes have been taken to date.

#### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That effective with the collections of fees for the Fall Semester 2006, 4 <u>Policies of the Board</u> Appendix A-6 be amended as follows:

6. General student fees schedule approved by the Board for Southern Illinois University at Carbondale in effect Fall Semester:

Fees (Per Semester) 2004 2005 2006

Student Medical Benefit  $\frac{\$174.20^5}{174.20^5}$  \$174.20<sup>5</sup>  $\frac{\$225.00^5}{174.20^5}$  = Extended Care<sup>3</sup>:

<sup>5</sup>Summer rates: <u>2005</u>, \$80.40<sup>3</sup>, 2006, \$80.40<sup>3</sup> <u>2007</u>. \$104.00<sup>3</sup>

<sup>&</sup>lt;sup>3</sup>Flat Fee

<sup>&</sup>lt;sup>5</sup>Effective Summer 2005, Summer rates only assessed to students not enrolled the preceding Spring Semester.

# NOTICE OF PROPOSED INCREASE: STUDENT MEDICAL BENEFIT (SMB): PRIMARY CARE FEE, SIUC [AMENDMENTS TO 4 POLICIES OF THE BOARD APPENDIX A-6]

#### Summary

This matter seeks a \$9.00 increase in the Student Medical Benefit (SMB): Primary Care component of the SMB Fee for a proposed rate of \$162.00 per Fall and Spring Semesters respectively and a \$5.40 increase for a proposed rate of \$97.20 for Summer, effective with the collection of fees for Fall Semester 2006.

#### Rationale for Adoption

The Primary Care Fee and the Extended Care Fee are the two components of the Student Medical Benefit (SMB) Fee. The Primary Care Fee funds the on-campus program of health care while the Extended Care Fee funds a self-insured program of external medical and hospitalization coverage.

The on-campus component of Student Health Programs represents a fully accredited out-patient primary care clinic including laboratory and radiology services, mental health clinic, full service pharmacy, sports medicine, emergency dental services, wellness, outreach and health education programs, women's services as well as after-hours nurse consultation through the "Dial-A-Nurse" program. SIUC students can access the full range of services and programs for a minimal user fee of \$6.00 per visit.

The current proposal represents the necessary funding to support the continuation of important on-campus health services and operate the previously approved new facility. The current proposed fee increase will fund inflationary operating expenditures of existing programs and services, increases in minimum wage, salaries, and repayment of debt for the construction of the Student Health Programs facility.

Without this fee increase the availability of important health care service to students, the majority of whom depend solely on Student Health Programs for affordable access to health services, would be negatively affected.

#### Considerations Against Adoption

University officers are concerned that increased student costs may affect access to the University.

#### Constituency Involvement

The Student Health Advisory Board (SHAB), made up of appointed by both undergraduate and graduate student governments, have considered and approved the proposed fee increase.

This proposal has also been shared with the Undergraduate Student Government (USG) and the Graduate and Professional Student Council (GPSC). No votes have been taken to date.

#### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That effective with the collection of fees for the Fall Semester 2006, 4 Policies of the Board Appendix A-6 be amended as follows:

# NOTICE OF PROPOSED INCREASE: STUDENT RECREATION FEE, SIUC [AMENDMENT TO 4 POLICIES OF THE BOARD APPENDIX A-6]

#### Summary

This matter seeks a \$5.00 increase in the Student Recreation Fee, effective Fall Semester 2006, for a proposed rate of \$100.00 per semester, prorated over 12 credits for the Fall, Spring, and Summer academic sessions, respectively.

#### Rationale for Adoption

The Student Recreation Center is the focal point for all Intramural-Recreational Sports programs and services on campus and impacts the entire southern Illinois region. Over 700,000 people annually enter the facility including current and prospective students, their families, community members, faculty and staff, as well as visitors from all over the world. In addition, the facility hosts intercollegiate athletic events, academic classes, special events, camps, public and private functions and processes over 20,000 facility reservations each year.

The \$5.00 increase for FY 2007 is proposed to offset continuing increases in student wages, insurance costs, salaries, inflationary costs currently skyrocketing in the areas of energy, materials and fuel, the need to maintain an appropriate level of cash reserves, and the desire to continue to increase the quality of the educational experience available for students.

Approval of the proposed \$5.00 increase would allow the Recreation Center to continue its record of no deferred maintenance while the facility and the Intramural-Recreational Sports programs continues to experience increasing usage and a high level of student satisfaction. Approval of the \$5.00 proposed increase would result in an average annual increase of 5.32% over a ten-year period, FY 1998 through FY 2007.

#### Considerations Against Adoption

University officers are concerned that increasing student costs may affect access to the University.

### Constituency Involvement

The Intramural-Recreational Sports Advisory Board voted to approve this proposed increase.

This proposal has also been shared with the Undergraduate Student Government (USG) and the Graduate and Professional Student Council (GPSC). No votes have been taken to date.

#### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That effective with the collection of fees for Fall Semester 2006, 4 <u>Policies of the Board</u> Appendix A-6 be amended as follows:

6. General student fees schedule approved by the Board for Southern Illinois University at Carbondale in effect Fall Semester:

# NOTICE OF THE PROPOSAL TO CREATE AN INFORMATION TECHNOLOGY FEE, SIUC [AMENDMENTS TO 4 POLICIES OF THE BOARD APPENDIX A-2, A-6, AND ADDITION OF A-23]

#### Summary

This matter proposes to create an Information Technology Fee, effective Fall Semester 2006, for a proposed total rate of \$72.00 per semester prorated over 12 credit hours for the Fall, Spring, and Summer academic sessions, respectively.

#### Rationale for Adoption

A proposed \$72.00 per semester Information Technology Fee is being requested beginning Fall 2006 to cover the costs of the maintenance and improvements to the Information Technology network infrastructure. In addition, the Fee will fund the implementation costs, debt payment, annual maintenance and upgrade services of a new student information system (SIS). The proposed new fee is expected to generate \$2,500,000 in FY07.

The costs of the campus network infrastructure have been historically funded with the net revenue from long distance telephone charges. During recent years, long distance revenue has severely declined while student demand for the computing network has significantly increased. Students rely on the data network and Internet access for classes, research and communication with other students. Courses use the network to distribute and collect homework assignments, use web sites for augmenting lectures, offer online "office hours" and post grades throughout the course. It is estimated that seventy percent of courses depend on some type of network/Internet access. This percent grows yearly. We also know that the network often has over 5,000 students using the network concurrently.

The campus has a significant need to replace the existing SIS, which is a mainframe application written in COBOL that was implemented by the University in 1991. A new SIS will offer features not currently available within the existing system. In today's digital world, students are increasingly demanding access to information faster and more seamlessly. The new SIS will foster such access by providing a unique and customized view of SIUC for the student. From recruitment; to admission; to enrollment; to graduation; the new SIS will be the tool that student's depend on to guide their academic experience. This experience will be enhanced using a highly secure, single sign-on process, called a Portal, to

connect to a variety of underlying systems including email, personal and group calendaring, message boards, online learning systems (i.e., WebCT), and seamless access to personal records. Additionally, students will be afforded the new capabilities of receiving online grading and the ability to more easily interact with the faculty.

#### Considerations Against Adoption

University officers are concerned that increasing student costs may affect access to the University.

### Constituency Involvement

The proposed fee will be discussed with the Undergraduate Student Government and the Graduate and Professional Student Council.

#### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That effective with the collection of fees for Fall Semester 2006, 4 <u>Policies of the Board</u>, Appendix A-2 be amended as follows:

#### 2. SIUC School of Medicine

General Fees. Students enrolled in the School of Medicine shall pay the general student fees approved by the Board (4 <u>Policies</u> B-6) with the following exceptions. Students attending the Springfield Medical Facility, including those enrolled in programs, shall be exempt from paying:

#### i) Information Technology Fee

BE IT FURTHER RESOLVED, That <u>4 Policies of the Board</u> Appendix A-6 be amended as follows:

6. General student fee schedule approved by the Board for Southern Illinois University at Carbondale in effect Fall Semester:

| Fees (Per Semester)         | 2005 | <u>2006</u> |  |  |
|-----------------------------|------|-------------|--|--|
| Information Technology Fee* | 0.00 | \$72.00     |  |  |

<sup>\*</sup>Prorated over 12 hours/semester

BE IT FURTHER RESOLVED, That <u>4 Policies of the Board</u> Appendix A-23 be added as follows:

23. Information Technology Fee: In order to provide a regularized source of funding for maintenance and improvements to the Information Technology network and fund the costs of a new student information system, a fee is established for each student. This fee shall be reduced 1/12 for each semester hour less than 12.

BE IT FURTHER RESOLVED, That the President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

# NOTICE OF PROPOSED INCREASE: ATHLETIC FEE, SIUE [AMENDMENT TO 4 POLICIES OF THE BOARD APPENDIX B-4]

#### <u>Summary</u>

This matter would approve a rate increase in the Athletic Fee of \$1.35 per semester, effective fall 2006. The semester rate would increase from \$60.85 to \$62.20 for FY-07. This is a 2.2% increase.

This matter would also change the effective date to fall 2006 versus summer 2006. This is due to the approval schedule for fees to allow sufficient time for appropriate approval before implementation.

Attached for information is historic, current and projected fiscal year income and expense information concerning the Intercollegiate Athletic Program.

#### Rationale for Adoption

The Athletic Fee is the principal source of revenue supporting the Intercollegiate Athletic Program at SIUE. The proposed increase of \$1.35 per semester would offset inflationary operating cost increases in salaries, athletic scholarships and general costs, and maintain an appropriate fund balance.

The FY-07 increase proposed herein is consistent with the prior four-year tuition and fee plan presented to the Board October 2004.

#### Considerations Against Adoption

University officers are concerned about increases in the cost of attendance and their possible negative affect on access to the University.

Such concerns are integral to SIUE's annual fee review process and reflect its historic efforts to maintain fees at the lowest practical level.

## Constituency Involvement

The proposal was developed by the Intercollegiate Athletic Advisory Committee, the review body for the Intercollegiate Athletic Program, which includes students, staff, and faculty. SIUE's Student Senate approved a \$1.35 per semester increase for FY07. This matter is recommended for adoption by the University Planning and Budget Council, Vice Chancellor for Student Affairs and the Chancellor, SIUE.

#### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That effective with the collection of charges for fall 2006, the Athletic Fee, SIUE, be assessed as follows:

#### Summer Session Fee Rates

| Semester Hours | FY06 Fee            | FY07 Fee       |  |  |

# NOTICE OF PROPOSED INCREASE: CAMPUS HOUSING ACTIVITY FEE, SIUE [AMENDMENTS TO 4 POLICIES OF THE BOARD APPENDIX B-4 and B-8]

#### Summary

This matter would approve differential increases in the Campus Housing Activity Fee (CHAF), SIUE, for single and family resident students. The current rate for single resident students would increase from \$14.50 per semester to \$15.00, and from \$9.50 to \$10.00 for the summer session. The rate for family resident students would increase from \$14.50 per semester to \$40.00 per term. These fees are assessed of residents in University Housing effective summer 2006.

Attached is historic, current and projected fiscal year information on revenues and expenditures for the CHAF account.

#### Rationale for Adoption

The Campus Housing Activity Fee supports programming, activities, and services for residents of University Housing at SIUE. Programs and activities include picnics, movies, and allowances for residents to plan and conduct activities for those living in an apartment building or in a wing of the residence halls.

The substantial increase to family residents of housing will support the Family Resource Center at Cougar Village. The Family Resource Center was being supported by a grant. The Family Resource Center will support after school programs for children, community programs, tutoring for children, resource seminars, newsletter and computer use for adult students. Since this was a substantial increase, a survey was conducted with family residents, 72% of all family residents voted with 90% supporting the increase to support the Family Resource Center.

Revenues from the increase would offset inflationary operating cost increases associated with programming for campus life, maintain an appropriate fund balance and fund the Family Resource Center.

#### Considerations Against Adoption

University officers are concerned that increasing student costs may affect access to the University. Such concerns are the basis for University efforts to maintain fees and charges at the lowest practical level.

## Constituency Involvement

The University Housing Advisory Committee, the review body for housing rental rates and charges, includes Housing residents and University staff. UHAC's recommendations were approved by the Student Senate. This matter is recommended for adoption by the University Planning and Budget Council, Vice Chancellor for Student Affairs and the Chancellor, SIUE.

#### <u>Resolution</u>

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That effective with the collection of charges for summer 2006, Campus Housing Activity Fee be assessed as follows:

9. The Campus Housing Activity Fee <u>as stipulated in C.5 above</u> for each academic term for which an on-going campus housing contract is in force shall be collected from and administered for the benefit of all students residing in university housing at the Edwardsville campus. This activity fee shall be deposited to the University General Operating Fund Account to be disbursed by authority of its fiscal officer in accordance with university policy and the approved budget of recognized organizations including all students who pay the fee.

BE IT FURTHER RESOLVED, That the President of Southern Illinois University be and is hereby authorized to take all action required in the execution of this resolution in accordance with established policies and procedures.

# NOTICE OF PROPOSED INCREASE: PHARMACY STUDENT TECHNOLOGY FEE, SIUE [AMENDMENT TO 4 POLICIES OF THE BOARD, APPENDIX B-4]

#### Summary

This matter would approve a rate increase in the Pharmacy Student Technology Fee of \$20.00 per semester, effective fall 2006. The semester rate would increase from \$188.00 to \$208.00 for FY-07. The Fee provides for student lap top computers, risk insurance, and replacement. Computer maintenance and support is funded by the University through the Office of Academic Computing.

Attached for information is current and projected fiscal year cash flow information concerning the proposed fee.

## Rationale for Adoption

Students in the School of Pharmacy use their computers for on-line access to course materials through the School's course management system. They also use their computers to access library resources, online assessments, and research. A survey of the students currently enrolled in Pharmacy indicated that students are very enthusiastic about the computer program and the computing support provided. While the program has been successful in its implementation, the current fees do not cover all of the associated costs due to increased costs in risk insurance and the interest rates through the IPHEC financing plan.

The Pharmacy Student Technology Fee will be collected from students enrolled in the School of Pharmacy and will be used to cover the cost of student computers as well as the risk insurance and replacement. The support costs associated with the maintenance of the computers is already provided. While students in this professional program are assessed the Pharmacy Student Technology Fee, they are not assessed the Textbook Rental Fee or the Student-to-Student Grant Program Fee. Also, this program allows the students to have access to a personal lap top computer, with the latest Office products and anti-virus software, during their three-year program without having to buy their own.

This increase is presented to the Board for consideration since this fee will now exceed the \$200 fee limit allowed in Board Policy.

#### Considerations Against Adoption

University officers are concerned about increases in the cost of attendance and their possible negative effect on access to the University. Such concerns are integral to SIUE's annual fee review process and reflect its historic efforts to maintain fees at the lowest practical level. Based on a review of program costs at peer institutions, the School of Pharmacy remains cost competitive.

#### Constituency Involvement

This proposal was developed by the School of Pharmacy and is recommended for adoption by the Provost and Vice Chancellor for Academic Affairs, and the Chancellor, SIUE.

#### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That effective with the collection of charges for fall 2006, the School of Pharmacy Student Technology Fee, SIUE, be increased to \$208.00 per semester.

BE IT FURTHER RESOLVED, That the President of Southern Illinois University be and is hereby authorized to take all action required in the execution of this resolution in accordance with established policies and procedures.

#### ASSUMPTIONS:

- The cost of the laptop is \$995 per bid received from Gateway.
   The annual payment for the AY 05-06 cohort is fixed.
- 2. Assumes the purchase of 5 extra laptops as "spares" in the event that any of the students' laptops need to be repaired or replaced. The additional cost of these laptops is recovered through the student fee over 3 years.
- 3. Assumes financing through Key Municipal Finance, an IPHEC lender, for 3 years, at 5.02%, with annual beginning-of-period payments of \$30,820, starting on 10/1/06, for a total payback of \$92,460.
- 4. Assumes 82 students enrolled per term, 81 will participate in laptop program (1 opt-out), but that we collect fee revenue from 78 students due to waivers, IVG.
- 5. Due to a lack of better information at this time, this forecast also assumes that we get the same pricing on laptops and the same financing terms for each consecutive year.
- 6. An additional Insurance Coverage charge of \$372 in FY06 will be paid through other sources.

Year 4 would require PDA or other similar device

# NOTICE OF PROPOSED INCREASE: STUDENT FITNESS CENTER FEE, SIUE [AMENDMENT TO 4 POLICIES OF THE BOARD APPENDIX B-4]

#### Summary

This matter would approve a rate increase in the Student Fitness Center Fee of \$6.50 per semester, effective fall 2006. The semester rate would increase from \$48.80 to \$55.30 for FY-07. This is a 13.3% increase.

This matter would also change the effective date to fall 2006 versus summer 2006. This is due to the approval schedule for fees to allow sufficient time for appropriate approval before implementation.

Attached for information is historic, current and projected fiscal year income and expense information concerning the Student Fitness Center.

#### Rationale for Adoption

The Student Fitness Center Fee is the principal source of revenue supporting the Student Fitness Center at SIUE. The proposed increase equating to \$6.50 per semester would offset inflationary operating cost increases in salaries, utilities and general costs, provide necessary levels of service, support student programming, maintain an appropriate fund balance, permit moderate equipment replacement and provide for administrative costs assessed auxiliaries. The increase will also enable the Student Fitness Center to adequately fund the Repair Replacement and Reserve account used for equipment replacement, renovations and facility enhancements. The increase will permit the Student Fitness Center to continue operating at the extended hours and service levels necessary to serve residential students.

The FY-07 increase proposed herein is higher than the prior four-year tuition and fee plan presented to the Board October 2004.

#### Considerations Against Adoption

University officers are concerned about increases in the cost of attendance and their possible negative affect on access to the University. Such concerns are integral to SIUE's annual fee review process and reflect its historic efforts to maintain fees at the lowest practical level.

## Constituency Involvement

The proposal was developed by the Campus Recreation Advisory Committee, the review body for the Student Fitness Center Fee, which includes students, staff, and faculty. SIUE's Student Senate approved a \$6.50 per semester increase for FY07. This matter is recommended for adoption by the University Planning and Budget Council, Vice Chancellor for Student Affairs and the Chancellor, SIUE.

#### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That effective with the collection of charges for fall 2006, the Student Fitness Center Fee, SIUE, be assessed as follows:

## NOTICE OF PROPOSED INCREASE: STUDENT TO STUDENT GRANT FEE, SIUE [AMENDMENT TO 4 POLICIES OF THE BOARD APPENDIX B-4]

#### Summary

This matter would approve a rate increase in the Student to Student Grant Fee of \$1.00 per semester, effective fall 2006. The semester rate would increase from \$3.00 to \$4.00 for FY-07. This is a 33.3% increase.

This matter would also change the effective date to fall 2006 versus summer 2006. This is due to the approval schedule for fees to allow sufficient time for appropriate approval before implementation.

Attached for information is historic, current and projected fiscal year income and expense information concerning the Student to Student Grant Program.

#### Rationale for Adoption

The Student to Student Grant Fee is established by the Illinois Student Assistance Commission (ISAC) Rules, Part 2770. These rules establish the program, define program, applicant eligibility, program procedures, and institutional procedures for participation in the program. The ISAC states the fee must be a voluntary fee, therefore it is a mandatory fee that students can opt for a refund should they so choose. The student contribution may not exceed \$12 a year. All funds collected are awarded to students with the most financial need until funds are exhausted. The funds collected from the fee are matched by the state.

The only way to increase funding for this program is to increase the fee, up to the maximum \$12 per year allowable. The proposed increase of \$1.00 per semester would increase the funding available for students with financial needs.

The FY-07 increase proposed herein is \$1.00 higher than the prior four-year tuition and fee plan presented to the Board October 2004.

#### Considerations Against Adoption

University officers are concerned about increases in the cost of attendance and their possible negative affect on access to the University. Such concerns are integral to SIUE's annual fee review process and reflect its historic efforts to maintain fees at the lowest practical level.

#### Constituency Involvement

The proposal was developed by the Office of Financial Aid. SIUE's Student Senate approved a \$1.00 per semester increase for FY07. This matter is recommended for adoption by the University Planning and Budget Council, Vice Chancellor for Student Affairs and the Chancellor, SIUE.

## NOTICE OF PROPOSED INCREASE: STUDENT WELFARE AND ACTIVITY FEE, SIUE [AMENDMENT TO 4 POLICIES OF THE BOARD APPENDIX B-4]

#### Summary

This matter would approve a rate increase, effective fall 2006, in the Student Welfare and Activity Fee. The full-time semester fee would increase from \$69.60 to a total of \$76.75. This is a 10.3% increase.

This matter would also change the effective date to fall 2006 versus summer 2006. This is due to the approval schedule for fees to allow sufficient time for appropriate approval before implementation.

Four of the eight subfees within SWAF, Student Activities and Organizations, Student Programming, Student Government, and Campus Recreation in total would be increased by \$7.15 per semester. The other four subfees will remain at the same rate as FY-06.

Attached for information is historic, current and projected fiscal year income and expense information for this subfee.

The FY-07 increase proposed herein is \$1.65 per semester higher than what was recommended in the prior four-year tuition and fee plan presented to the Board October 2004.

#### Rationale for Adoption

SIUE's Student Welfare and Activity Fee includes eight subfees which fund a variety of services, programs and activities which supports campus life. As authorized by the Board, some of the subfees are assessed on a flat-rate basis while others are prorated across hours of enrollment. The following section addresses the subfees proposed to increase.

#### Student Activities and Organizations

This subfee funds registered student organizations at SIUE for office maintenance, non-programmatic organizational, and organizational publications expenses; inter-organizational orientation workshops; a student travel account; and special requests. The \$2.50 proposed will offset cumulative inflationary cost increases, enhance and improve existing programs and fund new initiatives to support SIUE's increased enrollment. With the increase of \$2.50 per semester the subfee would be \$5.10 for a full-time student.

#### **Student Programming**

This subfee funds the programs and organizational expenses of the Campus Activities Board. Such programs include Welcome Week, Homecoming, Springfest, Black Heritage Month, films, speakers, bands, dances and cultural programs. The \$2.15 proposed will offset cumulative inflationary cost increases, enhance and improve existing programs and fund new initiatives to support SIUE's increased enrollment. With the increase of \$2.15 per semester the subfee would be \$11.45 for a full-time student.

#### Student Government

This subfee funds the organizational and service costs of the Student Senate, its officers and the Student Body President. The \$1.00 proposed will offset cumulative inflationary operating costs increases in salaries, wages and general costs. With the increase of \$1.00 per semester the subfee would be \$4.95 for a full-time student.

#### Campus Recreation

This subfee funds the operational and program expenditures of Campus Recreation. The \$1.50 proposed will offset cumulative inflationary cost increases and better support programming appropriate to SIUE's increased residential population. The fee increase will support plans for enhancing intramural and club sports and operating the outdoor recreational complex. With the increase of \$1.50 per semester the subfee would be \$17.40 for a full-time student.

#### Considerations Against Adoption

University officers are concerned about increases in the cost of attendance and their possible negative affect on access to the University. Such concerns are integral to SIUE's annual fee review process and reflect its historic efforts to maintain fees at the lowest practical level.

#### Constituency Involvement

The proposals were developed by the respective subfee advisory boards and approved by the Student Senate. This matter is recommended for adoption by the University Planning and Budget Council, Vice Chancellor for Student Affairs and the Chancellor, SIUE.

#### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That effective with the collection of charges for fall 2006, the Student Welfare and Activity Fee, SIUE, be assessed as follows:

## NOTICE OF PROPOSED INCREASE: TEXTBOOK RENTAL FEE, SIUE [AMENDMENT TO 4 POLICIES OF THE BOARD APPENDIX B-4]

#### Summary

This matter would approve a rate increase in the full-time Textbook Rental Fee \$23.25 per semester, effective fall 2006. The Textbook Rental Fee is assessed at the same rates during a semester and the summer session. The semester rate for 15 hours would increase from \$105.00 to \$128.25 for FY-07. This is a 22.1% increase.

This matter would also change the effective date to fall 2006 versus summer 2006. This is due to the approval schedule for fees to allow sufficient time for appropriate approval before implementation.

Attached for information is historic, current and projected fiscal year income and expense information concerning the textbook rental service.

#### Rationale for Adoption

The Textbook Rental Fee is the principal source of revenue supporting Textbook Service, which operates primarily on a cost recovery basis.

Textbook costs, the largest and most variable cost of the operation of Textbook Service, are anticipated to raise 12% annually. Revenue from the increase would offset other inflationary operating costs increases in salaries and general costs, provide necessary levels of service, maintain an appropriate fund balance and provide for administrative costs assessed auxiliaries. The increase proposed is part of the program, begun several years ago, of annual fee increases to offset rising costs.

The FY-07 increase proposed herein is greater than the prior four-year tuition and fee plan presented to the Board October 2004.

#### Considerations Against Adoption

University officers are concerned about increases in the cost of attendance and their possible negative affect on access to the University. Such concerns are integral to SIUE's annual fee review process and reflect its historic efforts to maintain fees at the lowest practical level. Textbook Service represents a substantial value for SIUE students compared with the costs that students incur under traditional textbook purchase programs.

#### Constituency Involvement

SIUE's Student Senate approved the proposed per semester increase. The proposal is recommended for adoption by the University Planning and Budget Council, Vice Chancellor for Student Affairs and the Chancellor, SIUE.

#### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That effective with the collection of charges for fall 2006, the Textbook Rental Fee, SIUE, be assessed as follows:

## NOTICE OF PROPOSED INCREASE: UNIVERSITY CENTER FEE, SIUE [AMENDMENT TO 4 POLICIES OF THE BOARD APPENDIX B-4]

#### Summary

This matter would approve a rate increase in the University Center Fee of \$1.40 per semester, effective fall 2006. The semester rate would increase from \$142.25 to \$143.65 for FY-07. This is a 1.0% increase.

This matter would also change the effective date to fall 2006 versus summer 2006. This is due to the approval schedule for fees to allow sufficient time for appropriate approval before implementation.

Attached for information is historic, current and projected fiscal year income and expense information concerning the University Center.

#### Rationale for Adoption

The University Center Fee is the principal source of revenue supporting the University Center at SIUE. The proposed increase equating to \$1.40 per semester would offset inflationary operating cost increases in salaries, utilities and general costs, support student programming, maintain an appropriate fund balance, permit moderate equipment replacement and provide for administrative costs assessed auxiliaries. The increase will also enable the University Center to adequately fund the Repair Replacement and Reserve account used for equipment replacement, renovations and facility enhancements. The increase will permit the University Center to continue operating at the extended hours and service levels necessary to serve residential students.

The FY-07 increase proposed herein is higher than the prior four-year tuition and fee plan presented to the Board October 2004.

#### Considerations Against Adoption

University officers are concerned about increases in the cost of attendance and their possible negative affect on access to the University. Such concerns are integral to SIUE's annual fee review process and reflect its historic efforts to maintain fees at the lowest practical level.

#### Constituency Involvement

The proposal was developed by the University Center Board, the review body for the University Center Fee, which includes students, staff, and faculty. SIUE's Student Senate approved a \$1.40 per semester increase for FY07. This matter is recommended for adoption by the University Planning and Budget Council, Vice Chancellor for Student Affairs and the Chancellor, SIUE.

#### <u>Resolution</u>

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That effective with the collection of charges for fall 2006, the University Center Fee, SIUE, be assessed as follows:

## NOTICE OF PROPOSED INCREASE: UNIVERSITY HOUSING RENTAL RATES, SIUE [AMENDMENT TO 4 POLICIES OF THE BOARD APPENDIX B-11]

#### Summary

This matter would approve rate increases, effective summer 2006, in University Housing of 3% for Cougar Village Apartments, 18.2% for Woodland, Prairie and Bluff Halls, and 3% for group housing at Cougar Village. This matter would also approve to increase the meal plan rate 3%.

This matter would also establish the rates for summer 2007. This is due to the approval schedule for fees to allow sufficient time for appropriate approval before implementation.

Attached is historic, current and projected fiscal year information on revenues and expenditures for University Housing.

#### Rationale for Adoption

Proposed FY-07 rental rates would offset inflationary cost increases projected at 3%, fund debt service, maintain adequate fund balances in the housing operation, and provide for administrative costs assessed auxiliaries. The rates proposed are in part derived from the financial planning related to constructing Bluff Hall. The bond issue for that project included funding for Bluff Hall, resulted in increasing debt service for University Housing.

The additional increase in rates for Woodland, Prairie and Bluff Halls will support additional debt incurred for the bond sale to complete the HVAC project.

The University Housing Advisory Committee recommended a 3% increase per semester in the FY-07 meal plan charges for students residing in Woodland, Prairie and Bluff Halls. The rates proposed herein were developed to offset inflationary cost increases in labor and food costs.

#### Considerations Against Adoption

University officers are concerned that increasing student costs may affect access to the University. Such concerns are the basis for University efforts to maintain fees and charges at the lowest practical level.

#### Constituency Involvement

The University Housing Advisory Committee (UHAC), the review body for housing rental rates and charges, includes Housing residents and University staff. UHAC's recommendations of 3% increase for Cougar Village Apartments, 18.2% increase for Woodland, Prairie, and Bluff Halls rental rates.

3% for group housing at Cougar Village and 3% increase in meal plan rates were approved by the Student Senate. This matter is recommended for adoption by the University Planning and Budget Council, Vice Chancellor for Student Affairs and the Chancellor, SIUE.

#### <u>Resolution</u>

# NOTICE OF THE PROPOSAL TO CREATE AN INFORMATION TECHNOLOGY FEE, SIUE [AMENDMENT TO 4 POLICIES OF THE BOARD APPENDIX B-4 AND ADDITION OF B-15]

#### <u>Summary</u>

This matter proposes to create an Information Technology Fee, effective fall semester 2006, for a proposed total rate of \$6.00 per credit hour.

#### Rationale for Adoption

A proposed \$6.00 per credit hour Information Technology Fee is being requested beginning fall semester 2006 to cover the ever increasing cost of maintaining and improving the Information Technology network infrastructure. The cost per credit hour is viewed as the most equitable approach since students' demand for services has some proportionality to the number of classes they take. It is also consistent with SIUE's uncapped tuition. The fee is expected to generate approximately \$2 million per year.

The costs of supporting computing and the campus network infrastructure have been historically funded through a combination of network connection "jack charges" and appropriated funds. The available funds have remained stagnant, while the demand for services has grown dramatically. Every year, more of the University's academic work and business are done through computing resources and require an ever greater infrastructure. The University needs to begin providing wireless connectivity throughout the campus and expand the high-speed fiber network into Cougar Village. Additionally, the University must increase its bandwidth to enhance productivity and to provide the capability to utilize Internet2 services and functions.

#### Considerations Against Adoption

University officers are always concerned about increases in the cost of attendance and their possible negative effect on access to the University. Such concerns are integral to SIUE's annual fee review process and reflect its historic efforts to maintain fees at the lowest practical level. Based on a review of program costs at peer institutions, SIUE remains cost competitive.

#### Constituency Involvement

The proposed fee has been discussed with Student Government and the University Planning and Budget Council. It is recommended by the Provost and Vice Chancellor for Academic Affairs, the Vice Chancellor for Administration, and the Chancellor, SIUE.

#### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That 4 <u>Policies of the Board</u> Appendix B-4 be amended and B-16 be added as follows:

- 1) Effective with the collection of fees for Fall Semester 2006, an Information Technology Fee, SIUE, of \$6.00 per credit hour be assessed.
- 2) The Information Technology fee, SIUE, shall be as stipulated in Appendix B-4 above and shall be assessed of all students registered at the university except for the following categories of students: students enrolled only in the clinical portion of the B.S. Degree in Biological Sciences, specialization in Medical Technology; and SIU employees other than those employed at SIUE. A student to whom a fee is not assessed is not eligible to receive services provided by that fee.
- BE IT FURTHER RESOLVED, That the President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

## NOTICE OF THE PROPOSAL TO CREATE A STUDENT ACADEMIC SUCCESS CENTER FEE, SIUE [AMENDMENT TO 4 POLICIES OF THE BOARD APPENDIX B-4 AND ADDITION OF B-16]

#### <u>Summary</u>

This matter proposes to create a Student Academic Success Center Fee, effective fall semester 2006, for a proposed total rate of \$30.00 per semester prorated over 12 credit hours for the fall, spring, and summer academic sessions, respectively.

#### Rationale for Adoption

A proposed \$30.00 per semester Student Academic Success Center Fee is being requested beginning Fall 2006 to cover the costs of the design services on a planned Student Academic Success Center addition to the Morris University Center.

In 1994, the first residence hall opened at SIUE. This significant event began the process of transforming the University into a residential campus. Since the first residence hall, two more have been built and a fourth will open in fall 2007. While space for the residential students has increased significantly, the space afforded an increasing student population has not, particularly in the area of academic/student support services. Administrators of these services have noted a significant increase in the demand on the services while the physical space has remained, in most cases, constant. Further, many academic support service functions are spread across campus.

The proposed Student Academic Success Center will address the academic and personal needs of students. It is envisioned that this Center, by bringing together a collection of interdependent support services for students, will provide students with one central location to have their academic support and personal needs addressed. Many critical support services that are located across campus will be relocated in one central location in the core of the campus convenient to many other complementary services.

It is proposed that this new Center of approximately 58,000 square feet would house the University's Instructional Services, Disability Services, Counseling Services, Health Services, Academic Advising, Career Development, International Student Center, and expanded space for the Kimmel Leadership Center. The new Center would be an addition to the existing Morris University Center.

The proposed new fee is expected to generate \$655,647 in FY07 to cover the design fees for the new building addition. The Campus plans to increase this fee in fall 2008 to provide the funds necessary for the debt service to construct the Center. Any fee increases after fall 2008 would be to cover operating costs. A presentation on the Student Academic Success Center is anticipated at the May 2006 Board meeting.

#### Considerations Against Adoption

University officers are always concerned about increases in the cost of attendance and their possible negative effect on access to the University. Such concerns are integral to SIUE's annual fee review process and reflect its historic efforts to maintain fees at the lowest practical level. Based on a review of program costs at peer institutions, SIUE remains cost competitive.

#### Constituency Involvement

The proposed fee has been endorsed by Student Government, Campus Activities Board, and the University Planning and Budget Council. It will be considered as a Student Leadership Referendum in early March, an effort that is being coordinated by the SIUE Student Ambassadors. It is recommended for approval by the Vice Chancellor for Student Affairs, the Vice Chancellor for Administration, and the Chancellor, SIUE.

#### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That 4 <u>Policies of the Board</u> Appendix B-4 be amended and B-15 be added as follows:

1) Effective with the collection of fees for fall semester 2006, the Student Academic Success Center Fee, SIUE, be assessed as follows:

General student fee schedule approved by the Board for Southern Illinois University Edwardsville in effect fall semester:

| Fees (Per Semester)              | <u> 2005</u> | <u> 2006</u> |
|----------------------------------|--------------|--------------|
| Student Academic Success Center* | 0.00         | \$30.00      |

#### \*Prorated over 12 hours/semester

2) The Student Academic Success Center fee, SIUE, shall be as stipulated in Appendix B-4 above and shall be assessed of all students registered at the University except for the following categories of students: students enrolled only in off-campus courses; students enrolled only in the clinical portion of the B.S. Degree in Biological Sciences, specialization in

Medical Technology; and SIU employees other than those employed at SIUE. A student to whom a fee is not assessed is not eligible to receive services provided by that fee.

BE IT FURTHER RESOLVED, That the President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

## NOTICE OF PROPOSED TUITION RATES FOR FY 2007 [AMENDMENTS TO 4 POLICIES OF THE BOARD APPENDICES A AND B]

#### Summary

This matter gives notice that the President, upon the recommendations of the Chancellors, will propose to the Board of Trustees of Southern Illinois University at its March 2006 meeting, changes to the previously approved tuition schedule.

Proposed tuition rates for undergraduates, nursing accelerated students, graduate students, and for students enrolled in the professional schools of Law, Medicine, Dental Medicine, and Pharmacy are shown in Table 1.

#### Rationale for Adoption

Historically, Southern Illinois University has been a leader in delivering a high quality educational experience to its students at an affordable price. It remains the intent of the Board and University administration to continue with that policy and to honor the tradition of providing an accessible education regardless of financial need or other barriers.

The proposed increases in tuition rates are needed to fund additional cost obligations of the University. Without this additional funding the quality of educational opportunities for students would be diminished.

Accordingly, the University hereby proposes changes for FY 2007 tuition as outlined in Table 1.

#### Considerations Against Adoption

Like other public universities, we continue to be concerned with the increased costs of education. With any increase in rates there is a fear that affordability and access will be harmed.

#### <u>Constituency Involvement</u>

To allow for full constituency discussion and involvement, the final proposal to the Board of Trustees for rate adjustments will be presented in May 2006.

#### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That the FY 2007 rates for tuition be amended, as presented in Table 1, and hereby approved.

BE IT FURTHER RESOLVED, That the President is authorized to take whatever actions are necessary to incorporate the rates into Board policy.

#### Notes

<sup>1)</sup> New entering non-resident tuition is 2 1/2 times the in-state rate for Undergraduate and Graduate students starting Fall 2004. Continuing non-resider rate remains at 2 times the in-state rate until FY 2008.

<sup>2)</sup> Non-resident tuition is three times the in-state rate for all SIU Professional Schools (e.g., Law, Dental, and Medicine) except for Pharmacy. The Pharmacy multiplier is 1.4 times the in-state rate.

<sup>3)</sup> The Accelerated Bachelor Studies in Nursing (ABSN) program is a post-baccalaureate sequence of study leading to a baccalaureate in nursing degree. Applicants who have already earned a baccalaureate degree from an accredited university and have completed all pre-nursing requirements will be eligible to enter this program. The first ABSN cohort began January 2006. The annual rate of \$15,750 reflects the entire 70 hours of the 15 month program.

The Chair announced that the next regularly scheduled

meeting of the Board of Trustees would be moved from May 11, 2006, to

May 2, 2006, at Southern Illinois University Edwardsville to allow input

from students while their classes are still in session. He explained that

there would be a news conference immediately following the meeting at the

Board table.

Dr. Sanders moved that the meeting be adjourned. The motion

was duly seconded by Ms. Hicks, and after a voice vote the Chair declared

the motion to have passed.

The meeting adjourned at 1:29 p.m.
